Dear Mr. Phelan

I had a recent conversation with Rev Father Jurgan he told me that his crude oil system of heating is most unsatisfactory in schools. He had tried it out last year. He strongly advised hard coal being cheaper and more convenient than wood.

The coal stoves would cost about twenty four dollars each and one for the living room would cost about twelve dollars. The kitchen stove we made to burn wood or coal. He estimated about how at most three tons of hard coal would be sufficient for the year. This would eliminate all the splitting sawing cutting etc that goes along with the wood question. I do hope this can be done as there is no end to the trouble I have had with the present

yesterday but I was away and I believe he is out of town now.
I would be obliged if you could send me some forms for the Monthly report, as been used and some forms for application for land, such.

The recruiting movement is certainly a success. The boys are intensely interested. They have their coat tied and pull off ball diamond and learn choose up. Today the Blood Reserve Band played Stand Quick came to Macleod and they just announced that the record was 17 to 18 in favour of the South, but the boys would told me our boys were good players. They were defeated, pull ball. Later they had a boxing match in Mrs Mauries class room, & fortunately for them we're in the finals but I see they have very strong class in point Coulee & I think we may be able to remove the coal.

Sincerely yours
J. Lobley Pepper

Mr. R.P.C. Laurence, Indian Agent,
Sault Ste. Marie, Ontario.

Since writing to you on the 6th instant, with reference to the possibility of using oil heating in the Gardan River R.C. School, it occurred to me that it might be preferable to use coal. Coal stoves would be cheaper and the cost of operation would probably be about the same as the oil. You might also obtain quotations on the coal stoves that would be needed and let me have an estimate of the number of tons of coal that would be required.

With reference to your letter file 13-3-5 dated 9th. May 1946, regarding the using of coal at the Garden River R.C. School, I am enclosing herewith quotations received from Greenwoods Hardware, Sault Ste. Marie, on coal steves.

The estimated number of tons of coal required would be 16 tons of Pocahontas.

It would also cost approximately $50.00 to replace the present wood sheds with a satisfactory coal bin.

To date I have been unable to receive quotations on crude oil stoves, but will forward same as soon as I receive them.

I prefer the chimney as shown in the sketch for the teacher's house

I have your letter of the 1st instant, with reference to the Garden River R.C. School.

You may purchase two of the Quebec heaters, No. 165, large, for the classrooms. You should also secure a smaller size coal stove for the teacher's living room.

As it will be necessary to purchase coal for the kitchen range, I suppose you will require coal of different sizes. Please let me know the number of tons of each size that you think will be needed.

Approval is granted for the expenditure of $50.00 to provide a satisfactory coal-bin.

December 3rd. 1946.

INDIAN AFFAIRS BRANCH DEPARTMENT OF MINES AND RESOURCES.

Miss Julia Goody, teacher of the Garden River R.C. Indian Day School, has requested that the floors of the two classrooms in her school be painted during the Christmas holidays.

To do this, it would take about 3 gallons of paint, and the cost of labour would be approximately $25.00.

I recommend that this be done, as it is very hard to keep the classroom floors in this school clean.

Kindly advise me regarding this matter at your convenience.

Ottawa, March 15, 1948.

Mr. H. Lariviere, Superintendent,
Indian Agency, Amos, P.Q.

We have your requisition of March 10th for hair clippers and barber's shears for use at the Mistassini and Waswanipi Indian Schools.

As we have informed you under separate cover, we have not been in the practice of supplying this equipment at day schools and we cannot see our way clear, at the present time, to authorize the purchase of the items for the two schools mentioned above.

Philip Phelan
Chief, Training Division.

For Gordon River R.C. Day School Sault Ste. Marie Agency

NOTE:—

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "Number Authorized".

Dear Mr. Neary:

We have your letter of February 25th in reference to delivery of the #18 Single Fronts for Garden River R. C. School at Sault Ste. Marie, Ontario.

The above order was shipped by Canadian Pacific Railway on February 16th, 1949, and we trust that the shipment has reached you by this time in good order.

We are sorry that we have been so long in filling the order, parts are still hard to procure and this is what held this order up for so long.

Mr. R. Laurence,
Superintendent, Indian Agency.
Sault Ste. Marie, Ontario

Dear Mr. Laurence:

Would you kindly present for the consideration of the Department of Indian Affairs the following improvements for Garden River Day School.

(1) Replacement of shingles on roof of classrooms and part of teacherage by aluminum sheeting or shingles.

(2) Painting of north side of building where paint has pealed, also painting of woodshed, toilets storm windows and storm doors.

(3) Building of new section to one toilet

(4) Repairs to leaky porch on newly built part

(5) Some form of central heating system

(6) More durable form of covering for classroom floors than paint - mastic or battleship suggested but if not practical, painting of floors for full term.

(7) Minor repairs such as
replacement of defective boards on steps, woodshed door.
replacement of sash cord in one window and
loosening of upper sections stuck by paint.
replacement of boards to which desks are fastened.
&c.

Yours very truly,
Sister Alice Marie

You will please find enclosed letter received from Sister Alice Marie, requesting certain improvements for the Garden River R.C. School.

1. The School needs re-shingling.
   The approximate cost of same would be $ 750.00 for cedar shingles or $ 675.00 for galvanized iron sheeting.
2. Painting.
   North side of building, woodshed, toilets, storm windows etc. approximate cost $ 100.00
3. Building of new section to two toilets.
   Approximate cost $ 150.00
4. Repairs to leaky porch - approximate cost $ 20.00
5. Some form of central heating system, cost unknown. Perhaps Mr. Hargreaves could give an estimate on this for next year.
6. Hardwood floors for school rooms and living quarters to replace soft wood floors. Approximate cost (1st. grade birch) $ 900.00. Sanding and varnishing same, approximate cost $ 100.00.
7. Minor repairs, such as -
   New boards on steps, repairing shed, corner boards on main building, seats etc. Approximate cost $ 150.00

I recommend that if possible all the improvements mentioned in this letter be carried out this year, with the exception of the central heating plant, which perhaps could be done next year.

We have your letter of the 8th instant regarding the improvements which you consider should be made at the Garden River R.C. School. I presume that you do not wish to begin the repairs until the summer holidays, but in any case we would like more complete information regarding the following:

Item 1: Re-shingling school - Please state the name and address of the person from whom you obtained the quotation, and if you can obtain more than one tender we would appreciate your doing so, and forwarding same for our consideration.

Item 6: Hardware floors for school rooms and living quarters - Similar information should be given regarding this item as requested above.

It will not be possible to consider Item 5 during the fiscal year 1949-50.

Dear Mr. Phelan:

Would you be able to inform us if there is any possibility of a furnace being installed here before long? The suggested improvements were approved, with the exception of some form of central heating.

We use five stoves - one in each classroom and three in the teacherage. Two bedrooms and the bathroom have no heat. Last fall we had a grate put in the hallway outside these rooms, to permit heat from the kitchen to reach them and although it was not too uncomfortable due to mild winter weather, it is not conducive to good health

The classrooms are not fully heated by the stoves which we light ourselves in the morning as no person is available for such work in the winter time.

I am aware of the difficulty of planning for a furnace since the building is on swampy ground. but perhaps someone can devise a more efficient and less laborious heating system.

I desire to refer to your letter of April 8th and my reply of April 14th regarding improvements at the Garden River R.C. Day School. On reconsidering the contents of your letter of April 8th, we would like to have an estimate of the cost of placing a furnace in this school. This matter was mentioned under item 5 of your letter.

Mr. Hargreaves is extremely busy at the present time and expects to make a trip to British Columbia in the very near future. Under these circumstances, his services will not be available for several weeks. Possibly, you could obtain one or more quotations for installing the furnace so that the matter can receive further consideration from Departmental officials.

The following improvements are required at the above school: (a) new hardwood floors (b) reroof building (c) addition to toilet and minor repairs.

Indian Superintendent Laurence has obtained two prices as follows:

McLarty Bros. & Brodie - $1,918.00
George V. Hannah - $1,950.00

While Mr. Hannah's quotation is slightly higher, Superintendent Laurence states that he has done considerable work for the Indian Affairs Branch in the past, and his work has always been satisfactory. Mr. Laurence, therefore, recommends that the work be awarded to Mr. Hannah, and I concur in this recommendation.

Province of Ontario,
Electoral District of Algoma W.R.

The following improvements are required at the above school: (a) new hardwood floors (b) reroof building (c) addition to toilet and minor repairs.

Indian Superintendent Laurence has obtained two prices as follows:

McLarty Bros. & Brodie - $1,918.00
George V. Hannah - $1,950.00

While Mr. Hannah's quotation is slightly higher, Superintendent Laurence states that he has done considerable work for the Indian Affairs Branch in the past, and his work has always been satisfactory. Mr. Laurence, therefore, recommends that the work be awarded to Mr. Hannah, and I concur in this recommendation.

This will acknowledge your letter of June 1st. 1949, your file 390-5 (E.1), regarding the installation of a furnace at the Garden River R.C. Indian Day School.

In my letter of April 8th. 1949, I suggested that the installation of the furnace be deferred until next year. If the Department decides to do this, then I would appreciate if consideration be given to provide a janitor for this school for next winter. There are five stoves in this building, and at least three of these have to be lit each morning. This is rather heavy work for the Sisters.

An Indian could be obtained for $ 1.00 per day, who would go to the school every morning and light these stoves, carry in the coal and take out the ashes.

I would appreciate hearing from you regarding this matter, at your convenience.

In view of the fact that we do not intend to install a new furnace at the present time, it is noted that you recommend an extra janitor for next winter. You should bring this matter to our attention again before the regular heating season commences.

INDIAN AFFAIRS BRANCH DEPARTMENT OF MINES AND RESOURCES

There will be eight children of school age, members of the Batchewana Band of Indians, whose parents have moved from the Garden River Reserve to the Rankin Location (New Batchewana Reserve), who will require schooling this fall.

Most of the above children have been attending the Garden River R.C. School in the past, and they can still do so, provided they are supplied with transportation.

I have taken the matter of transportation up with Mr. F.J. Redmond, manager of the Algoma Steel Corporation Bus Sytem, and am enclosing for your information correspondance regarding same.

You will note that Mr. Redmond states that they could extend the present bus service to Garden River, provided there will be at least ten passengers to be picked up. That would be a minimum charge of $ 2.00 per school day. Although there are only eight children at present, this number is sure to increase in the near future, as more members of the Batchewana Band move off the Garden River Reserve to the Rankin Location, and the present pre school children on the Location reach school age.

We have a two room school (R.C.) at the Garden River Reserve, and by transporting these children back to the school they previously attended, would keep the attendance of this Indian day school up. Kindly advise me regarding this matter at your earliest convenience.

Mr. F. J. Redmond,

Algoma Steel Corporation Bus System,
51 Dennis Street,
Sault Ste. Marie, Ontario.

Dear Sir:

A number of Indian children who live on the Rankin Location on the north side of Highway #17 will require transportation to the R.C. School at Garden River this fall.

I understand you have a school bus that runs as far as Bell's Point each school day transporting white children to the City schools and returning them in the evening. Could an arrangement be made to have this bus continue along Highway 17 to the R.C. School on the Garden River Reserve picking up Indian children on it's way east and taking them to this school? On it's return trip in the evening with the white children, it could again cont'nue as far as the Garden River School and bring the Indian children back to the Rankin Location.

There would be at this time about 10 children to pick up at the Rankin, but I expect this number will increase in the near future.

Would you kindly advise me, at your earliest convenience, how much you would charge for this service, as I wish to take this matter up with the Indian Affairs Branch at Ottawa and have some arrangement made before the opening of the coming school term.

Yours truly,

Dear Sir:

With reference to your letter of Aug. 1st, at the present time we have been operating a bus to Bell's Point, on school days. We could extend this service to Garden River, providing there were at least ten passengers to pick up.

The morning bus would leave the Terminal at 7.50 and leave Graden River at 8.15, the afternoon bus would leave the Terminal at 4.30. The fare from Bell's Point to Garden River would be 10¢ per child.

Kindly advise whether such a service would be satisfactory.

Your File 2-39-2 (13)

We have your letter of the 24th ultimo with reference to driving 8 to 10 children of the Batchewana Band to the Garden River School.

It is noted that you can obtain a bus for $2.00 a teaching day to transport these children, and you can make the necessary arrangements accordingly. The Principal of the School should be requested to make a note each day of the number of children who use the bus service. If the attendance is irregular, you should immediately interview the parents.

GARDEN RIVER R. C. INDIAN DAY SCHOOL. #8.

Mr. Agent McNabb informs us this morning during his visit to the Department that the teachers' residence is in a dilapidated condition. This building was originally given for this purpose by the Church, and Mr. McNabb urges the erection of a residence to accommodate the two lady teachers that we have employed at this point, as soon as possible.

Dear Sir,

I hope that this Summer and during vacation if possible, that the house for the use of the teachers here, will be removed farther away from the church, and repaired, as it needs it badly.

In the mean time allow me Sir, to ask you to see that a new fence near the school, be put up, some forty yards in length.

The pupils are constantly destroying the old fence, please to have the new one built strong.

I have no doubt that the Indian Department will agree with me in this matter.

Yours very truly, S. Dufresne

Sir,—

I beg to inclose letter received from the Rev S Dufre
in reference to the House occupied by the Teachers at the Garden
River R, C, School,

In this matter I would say that we need a new
House. It will cost more to move abd repair the old one. than it wo
would to build a new one, the walls are rotten and the Foundation
is gone the Roof is bad and would have to have new sheeting new
shingâle and very likely new Rafters, it is a total wreck.
About the fence I suppose the children did tear some of it down
it was only a per make shift in the first place.
Awaiting your further instructions in this matter.

I have the honor to be Sir,

Ottawa, July 20th, 1923.

Sir,

I have to acknowledge receipt of your letter of the 16th instant, enclosing a communication from Rev. S. Dufresne with reference to the house occupied as a teachers' residence in connection with the Garden River R.C. Indian Day School. In reply I beg to say it is noted that you would not recommend any repairs to this building, as its present condition is such that it would not warrant the cost of having it repaired.

Regarding the erection of a new residence for the teachers' use, I beg to say that the funds at our disposal are limited, and it will hardly be possible to provide the amount required from the present year's appropriation. Mr. Ferrier, Superintendent of Indian Education, will be at Sault Ste. Marie on the 14th of August, next, and the following day will visit Garden River, and enquire into the question of putting up a new building. It is hoped that it may be possible, if a few minor repairs are made, to place the old building in a satisfactory condition for the teachers' use for next year. Mr. Ferrier will enquire as to this when he is at Garden River.

With reference to the fencing, you should state, as soon as possible, the quantity of material required to build a new fence, and the probable cost of the same, also the cost of the labour. As soon as we have this information we will be in a position to decide as to whether we can approve of a new fence being erected or not.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

MEMORANDUM FOR FILE.

The teacher's residence at the Garden River R. C. Indian Day School is wholly inadequate and beyond repair. I suggested to Mr. Agent McNabb that he secure resolutions from the Batchewana and Garden River Bands for $1,000 each for the purpose of erecting a $2,000 - 4 roomed cottage for the use of the teacher.

Sir,

I have to acknowledge receipt of your letter of the 27th ultimo, relative to the use of band funds for a new teacher's residence at the Garden River R. C. Indian Day School. I wish to confirm official telegram of the 29th ultimo, which was directed to you in reply, as follows: -

> "Reference your letter 27th relative erection teacher's residence Garden River Roman Catholic School. Please secure resolutions from Batchewana and Garden River Bands for $1500 and $500 respectively and submit to Department without delay. An Order in Council will be requested and you will be authorized to build as soon as possible."

It is necessary that an Order in Council be passed before we can use a band's capital funds for the purpose of erecting a school or teacher's residence. As soon as the resolutions referred to in official telegram are at hand, we will endeavour to secure the authority of His Excellency in Council, and you will be advised forthwith.

I beg to send you resolution passed by the Council of the Garden River Band , authorising that $500, 00 be taken out of the Capital Funds of their Band towards erecting a House for t the Teachers at the R, C, School on the Reserve.
I have endeavored to get a like resolution from the Batchewana Band but so far on account of petty jealousy I have not been able to get it. The Chief and one Councilor on the reserve is agreeab the other 2 concilmen are living at Goulais Bay , they both sent me word that they are willing, but there is one Councilman here Wm A, Boyer who will not sign, he has no children of School age and there is a click of Sayers who side in with him, Tom Sayers run for Chief and was defeated and ever since he has been opposed to everything that we tried to do, he has a certain following tha will do as he says,

If there is any legal way that the $1500,00 could be taken out of their Interest money and let them go for a couple of pays without Interest I think it would be a great lesson to them, they want something that will hurt their pockets to bring them to time. DO THIS IF YOU POSSIBLY CAN.
I met the Seperate School Inspector down there on Monday last and he is of the same opinion as Mr Ferrier & myself that a new house is badly needed and needed right away.
I am satisfied that the majority of the Batchewana Band is in favor of granting the $1500,00 .
I told them that if they did not get any Interest money for a year or so the y might blame the Concilman Boyer and his Click.
Hoping you will see your way clear to build this Fall.

Memorandum:

Mr. Moffat.

A small teacher's residence is urgently needed at the Garden River R. C. Indian Day School. I instructed Mr. Agent McNabb to secure resolutions from the Batchawana and Garden River Bands, authorising us to expend $1500 and $500, respectively, from their capital funds, for the purpose of providing the moneys to erect a four-roomed cottage for the use of the teachers. The resolution from the Garden River Band is hereunder, but there is a small clique at the Batchawana Band, who obstruct the expenditure of $1500 from their capital funds in this connection. (Please examine the agent's letter). The Batchawana Band has to its credit $87,117.31 and Section 89 (2) of the Indian Act gives the Governor in Council authority to utilize capital funds for the construction and repair of school buildings.

Please arrange for an Order in Council, authorising us to take $500 from the Garden River Band Funds (capital $97.822.88) for which we have a resolution, and $1500 from the funds of the Batchawana Band.

His Excellency

The Governor General in Council.

The undersigned begs to state that the residence in use by the teachers of the Indian Day School used by the Roman Catholic portion of the Garden River and Batchewana Indians and situated on the Garden River Indian reserve, in the district of Algoma in the province of Ontario, is inadequate and so dilapidated as to be beyond repair, and it is necessary to replace the same at a cost estimated at $2000.00 for a suitable four-roomed cottage to accommodate the two teachers employed.

The capital at the credit of the Garden River and Batchawana bands amounts respectively to $97,822.88 and $87,117.51, and it is proposed to meet the cost of the new building from their funds in proportion to the number of children attending the school from the two bands, namely, $1500.00 from the Garden River band and $500.00 from the Batchawana band.

The undersigned would accordingly recommend that,under Section 89 of the Indian Act,the authority of Your Excellency in Council be given for the above mentioned expenditures of $1500.00 and $500.00 being made from the Garden River and Batchawana capital accounts,respectively, on the construction of the teachers' residence referred to.

INDIAN AFFAIRS -

The Board had under consideration a memorandum from the Honourable the Superintendent General of Indian Affairs reporting that the residence in use by the teachers of the Indian Day School used by the Roman Catholic portion of the Garden River and Batchawana Indians and situated on the Garden River Indian reserve, in the district of Algoma in the province of Ontario, is inadequate and so dilapidated as to be beyond repair, and it is necessary to replace the same at a cost estimated at $2,000.00 for a suitable four-roomed cottage to accommodate the two teachers employed; that the capital at the credit of the Garden River and Batchawana bands amounts respectively to $97,522.88 and $87.117.51, and it is proposed to meet the cost of the new building from their funds in proportion to the number of children attending the school from the two bands, namely, $1,500.00 from the Garden River band and $500.00 from the Batchawana band.

The Superintendent General recommends that under Section 89 of the Indian Act, authority be given for the above mentioned expenditures of $1,500.00 and $500.00 being made from the Garden River and Batchawana capital accounts, respectively, on the construction of the teachers' residence referred to.

The Board concur in the above recommendation and submit the same for favourable consideration.

Sir:

With further reference to official communication of the first ultimo and your letter of the 20th ultimo, relative to the erection of a teacher's residence for the Garden River R. C. Indian Day School, I have to inform you that the Department has now received the authority of His Excellency in Council to take $1500 and $500 from the Garden River and Batchawana Capital Accounts, respectively. Mr. Separate School Inspector Bennett has strongly advised that the new building be a combined school and residence and on a new site, a mile north of the present school. Mr. Bennett states that a new location, near the C. P. R. station on the main road, would result in materially increasing the attendance.

Will you please recommend, first, whether or not the Department should take action along the lines suggested by Mr. Bennett, and, second, if an effort should be made to erect the building immediately. Your immediate attention and a recommendation by telegram is requested.

Sir:

I have your letter of the 20th ultimo, with reference to the urgent need of a teacher's residence for the Garden River Indian Day School.

The Superintendent of Indian Education visited the Garden River Reserve this summer, and he has intimated that provision for the teachers must be made at the earliest possible date. The effort to have the two Indian Bands interested vote, from their capital funds, some $2000 for this purpose was only partially successful; and the Department asked His Excellency in Council for authority to take the necessary moneys. The Order in Council has now been passed, and Mr. Indian Agent McNabb is being asked to recommend whether or not building activity should commence at once.

Your recommendation that the new building include classrooms and be placed on a more central site is also being referred to our representative for his recommendation.

In answer to that portion of your letter referring to the report forms, it is the Department's wish that a separate statement be prepared for each classroom and teacher. Additional remuneration will, of course, be allowed.

Sir,—

I beg to acknowledge the receipt of your letter of the 27th Instant No13-3-5 in reference to the R, C, School.
I fully agree with Mr Bennett that the School would be much more central if it was moved to the Trunk Road near Eddy's Store.
There are over 60 pupils of School age and some of them have to walk about 2½ mileste the present school on the other hand some o the pupils living near the present school would not have to walk more than a mile to the proposed site.
We must make some arrangement for the Teachers this winter as the cannot stay in their present quarters, If we could use the Lumber in the present building or if we could get the present building moved to the new sight location it would be cheaper than building a new one.
There is a man named COUSINS who moves buildings with the people living in them and I think he could move this building without bothering the School work.
There is not a house in the vicinity of the present school that we can get for the Teachers, and it is impossible to fix up their present quarters to make them habitable.
I will try and get you fi a price from Mr Cousins for moving the building to a location near Eddy's Store and wire you this evening if possible.
The Foundation of the present Building may require strngthening it will only take a few 6x6 Or6x8 pieces to do that,
Am wiring this morning, ~~taxes following~~ Am writing fully in re- R, C, School,

I had Mr J, W, Cousins the only practical man in the City down to figure on the moving and that is his Figure, he says that some of the leanto's will have to be taken off and the chimneys also. those have to be put back again by him.
He claims that there will only be 3 or 4 days lost in Teaching.
If you decide to move the School I will have to make arrangements with the Bell Estate for a piece of Land for a School site and Pl ground.

If you decide to build the Teachers Quarters adjoining the School at the new site, I could get started building as soon as yo you send me a plan.

Sir,

I have to acknowledge your telegrams of the 29th and 30th instant and your letter of the 29th instant, relative to the Garden River R. C. Indian Day School. I have to confirm official night lettergram of today's date, as follows: -

> "Department is considering another plan for Garden River Roman Catholic School children, viz.: two schools, each having one classroom and teacher's residence - the one on present site and the other two miles north of the railroad. Please make recommendation."

The Department has given this matter serious consideration, and, before taking any action, it was decided to have your recommendation, relative to the advisability of establishing two schools. The present school building could be used for one classroom and teacher's residence for one teacher, and a new building could be erected, two miles north of the railroad, on a suitable site, and would provide classroom accommodation and residence facilities for one teacher. This would obviate the long walks on the part of the children, which are a serious handicap to the attendance in the winter.

If your recommendation has not been directed to the Department, upon receipt of this letter, please telegraph and intimate whether or not you can secure a contractor, who would erect the new building this fall on a day labour basis if we send you plans for his guidance.

Miss Burke, teacher of the Garden River R.C. School has requested that a partition be put in her bedroom to make an extra room for the new teacher.

The cost of material and labour for same would be approximately $50.00

Kindly advise if it will be in order to proceed with this work.

A wash stand and wash bowl is also required, cost approximately $10.00.

Dear Mr. Hoey,

In discussing plans with the Indian Agent to make the sleeping apartments more convenient and comfortable for Miss Morris we calculated that an expense of fifty dollars would be necessary and probably a request for this grant has reached your office.

In the advice however of Mr. Laurence I got in touch with the Thayer Lumber Company this morning and according to their estimates the material could be purchased for twenty three Dollars and sixty eight cents. The cost of labour would be about ten dollars. This would include a partition of gyproc, a

a window and a door. The bedding room furniture, and smaller details I would be willing to supply... approximately - $15.00.

(Then years the teacher boarded out or the housekeeper was from the reserve) and went home to sleep. This year both teacher and housekeeper are sleeping on the teacherage. Hence the extra expense. I told Mr. Laurence I would have to get the window put in at once as it will be too cold later to have open space for any length of time and Indian architects are more to energetic! I promised him I would pay for it if the grant could not be obtained. viz.- 33.68 - gyprock, $ 36.68 Tinting

To save you correspondence and avoid delay. I am sending a copy of this letter to Mr. Laurence.

Dear Sir:

His Excellency Bishop Dignan has asked me to communicate with you in regard to the additions to be made to the Indian School here at Garden River. He asked me to suggest the names of several reputable construction men and send them on to you. I have talked with Sister St Andrew of the Sisters of St. Joseph and have the following names to submit to you.

Mr. Carl Fitzpatrick ....780 Wellington E. Sault Ste. Marie

Mr. J.J. Fitzpatrick & Son 27 Towers S.S. Marie

McLarty Bros. and Brodie .... 11 Gouin S.S. Marie.

I hope this work can be expedited because it will be very difficult to have classes etc while the construction work is being carried on.

As you have already been advised, it is our intention to engage two Sisters of St. Joseph to take charge of the Garden River R.C. School for the coming academic year.

The Sisters desire to have the living quarters enlarged and we are prepared to have this done. We have been informed that the following firms might be interested in building an addition:

Mr. Carl Fitzpatrick, 780 Wellington E., Sault Ste.Marie.

Mr. J.J. Fitzpatrick, & Son, 27 Towers, " " "

McLarty Bros. & Brodie, 11 Gouin, " " "

We would appreciate it if you would give the matter your immediate attention and let us know what can be done to enlarge the living quarters.

Is there a hydro line passing the school and would would it cost to install electricity?

Mr. R.F.G. Laurence, Indian Agent, Sault Ste.Marie,Ont.,

As promised you last week, enclosed please find a sketch of the suggested changes to be made at the Garden River R.C. Indian Day School.

This addition should be well insulated and be excavated. The window in the foundation that would be covered by this addition should be knocked out and a door installed. In the floor, provision should be made for a sump pump. I would suggest that ducts for a central heating be put in the walls at the time of construction.

The division between the present kitchen and the new one could be left as is or could be changed into an archway. The Contractor will give you his opinion of this part of the work.

The windows on the south bedroom will have to be moved to the west and east wall.

Should the Contractor suggest any other changes you will kindly advise us.

The Department intends to have the portion below the teacher's living-room excavated and have a central heating system installed. You might get an estimate of the cost of this improvement and notify us at your earliest convenience.

Indian Affairs Branch, Department of Mines and Resources, Ottawa.

I wish to acknowledge your letter of August 23rd, file 13-3-5 (W.T.4) enclosing a sketch of the suggested changes to be made at the Garden River R.C. Indian Day School.

The only change suggested which is not outlined in your letter is that the division between the present kitchen and the new one be carried 3 feet further south; this would make the new dining room 3 feet larger than at present, and allow for a small window on each side of the dining room to give the necessary fresh air.

This would make the new extension 15 x 15 instead of 12 x 15 as the size of the new kitchen would remain the same as per your sketch.

Trusting this change meets with your approval.

Indian Affairs Branch, Department of Mines and Resources, Ottawa.

With reference to your letter 13-3-8 (W.T. 1) dated August 2nd regarding the addition to the R.C. Indian Day School, Garden River Reserve, I am enclosing herewith estimate received from Mr. Carl J. Fitzpatrick, Contractor, Sault Ste. Marie, for this work.

Kindly advise me if it will be in order for him to proceed with this contract.

The other two firms mentioned in your letter are unable to tender on this work, as they are too busy.

The extra bedroom mentioned in Mr. Fitzpatrick's estimate is to be used as a small chapel.

With reference to your letter of Sept. 5th, 1947, file 13-3-8 (W.T.1).

I am enclosing tender from Geo. V. Hannah, Contractor, Sault Ste. Marie, Ontario for proposed addition to the Garden River R.C. School.

Since receiving Mr. Hannah's estimate, I [redacted] that the pressure pump for this school is being shipped from Ottawa, so $130.00 would have to be deducted from his estimate of $3500.00.

Kindly advise if Hannah's estimate meets with your approval and if it will be in order for him to proceed with this work.

DEPUTY MINISTER

Re: Garden River R.C. Indian Day School,
Sault Ste. Marie Indian Agency,
Electoral District of Algoma West.

The Sisters who have been in charge of this school for several years gave up duties at the end of June and we were obliged to secure another Order, namely the Sisters of St. Joseph.

There are two Sisters employed as teachers and in addition they have another Sister as housekeeper. The living accommodation is too small and some repairs are necessary. Mr. Douset of this Branch, visited this school during the latter part of August and recommends an addition to the building as well as improvements to the heating and water systems.

The Indian Agent has secured a quotation from George V. Hannah, General Contractor, Sault Ste. Marie, who is prepared to do the necessary work immediately at a cost not exceeding $3,500.

Funds for the purpose are available in the current year's appropriation and I would appreciate it if you would give the necessary authority for us to authorize Mr. Hannah to proceed with the work that we consider necessary at the price mentioned above.

Dear Mr Phelan:

Recently I wrote to Rev. Frost in connection with the alterations planned for the Garden River R.C School The letter requested that the jeftem not addition with the present room at the back, be divided into three rooms and bath rather than into the two called for by the plan drawn up by Mr. Doucet during his visit this summer

I wrote to the latter because we were unable to reach the agent just then and wished to make the request before it was too late. Mr. Laurence has said since, that he is quite agreable to the proposal but that we should write you. Perhaps the matter has been referred to you already out if not would you please give it your consideration?

Repairs to Teacher's Residence -
Garden River R. C. Indian Day School

The Department finds it necessary to return your voucher No. 1377. When we wrote to you on October 23, we were under the impression that we could make interim payments for the work being done by Mr. Hannah at the Garden River School. However, we are now advised that Treasury regulations will not permit progress payments on a flat contract price. On work done on a cost plus basis (such as at the Miaisenaga Day School) we can make progress payments. However, Treasury regulations do not permit any payment being made on a flat contract price until the work is entirely completed and we can then certify that the contract has been carried out in the manner required. As it is presumed that this work will now have been completed by Mr. Hannah, if you will forward the final accounts we will endeavour to have an immediate payment made of the whole amount due.

Re: Repairs to Teacher's Residence at

I wish to acknowledge your letter 13-3-8 (N T) of November 28th regarding repairs to the above mentioned school.

I have taken this matter up with Mr. Hannah and he states that according to his letter of September 20th, he did not forward a flat contract price, but that he submitted an estimated cost of approximately $3500.00 based on present day costs of labour and materials, and his understanding is that he is doing this work on the same basis as the Mississauga Indian Day School.

Mr. Hannah expects this work will be completed in two weeks time with the exception of installation of the bath tub, as this article seems to be in short supply.

I am returning herewith Voucher No. 1377 for your further consideration.

Sir,-

I have to acknowledge the receipt of your letter of the 7th inst. with reference to procuring a teacher for the new school at the Garden Indian Village school on the Nipissing reserve, and in reply I beg to say that you may communicate with Mr. Inspector Prendergast with a view to obtaining a teacher for this school, the names of the applicants, with recommendations, to be submitted to the Department. The usual salary of $300 per annum will be paid the teacher for this school.

You should also advise the Department as to the furnishings necessary to equip this school as soon as possible, in order that there may be no delay in opening the same after the Christmas holidays. This should include the probable number of desks required. By stating the ages of the children the Department can arrive at the sizes of these desks.

Schools

Gentlemen:

I wish to bring to your notice that I am very much surprised that my salary has not been increased; while the price of living has raised enormously; and that teachers' salaries had a great raise, throughout Ontario, for the last two years. At that rate, a First Class qualified teacher, with a large family of small children, has no better prospects in a school than one with an Inspector's Permit, who is always single. And, moreover, that the former receives all the disadvantages inherent to one who does not board.

SCHOOLS BRANCH APR 2 1908

People, here, think they can have a qualified teacher dismissed for a whistle so as to get a boarder; and, therefore, very damaging annoyances are cunningly heaped upon him and his school by all possible means within their reach; and with very little protection to the teacher. And it takes a very skilful and discreet teacher to prevent their exterior influence and insinuations from breaking the discipline of the school and to keep up with the programme of studies.

The Inspector's Permits are too highly paid, and the qualified Teacher too little.

It is only reasonable that I should ask that my salary be put on the basis of a reasonable living; and that protection be fully accorded me and my school against the evil tactics of the Indians and those who have influence over them. Please, consider.

The Deputy Superintendent General.-

Mr. F. Le Tonturier, teacher of the Garden Indian Village school, is surprised that he has not received an increase in salary to meet the advanced prices of the necessaries of life.

He has been in charge of this school since January 1, 1905, at a salary of $300 a year. He holds a first-class certificate and is a married man, with a family of small children. Mr. Inspector Prendergast says that he is possessed of good scholarship and is an effective teacher, with long experience. Mr. Cockburn when here suggested the advisability of giving him an increase, if Possible.

His salary is paid by the band and I think their funds could stand and advance of $50, and I would recommend that he be Paid at the rate of $350 for the current fiscal year.

Sir,

I beg to report that the Indians of the Pierreville Band and the Garden Indian Village have frequently during the last month complained about the Teacher Mr. J.L. Dunkerley and have asked that a new teacher be engaged for the school. I have discouraged them in this course and advised them that a change of teachers was only to take place.

The teacher when he took charge of the school two years ago moved his family into a Shanty adjoining belonging to Peter Shaltescouis. which now says that the Teacher owes him $24.00 at the rate of $1.00 per month. I have advised the teacher to settle with him. in some way but the latter says he was to pay the building fee of charge. and Shawenakis and refuses to do so.

I would recommend that the amount be paid to Shawenakis either to the Merchants or the Teacher as it is Peter Shawenakis and his brothers wives children support that has of late been paid their wages. by the school. and it is just that such should be done.

Gentlemen,-

In reply to your letter of the 14th inst. stating that you have been requested by some of the Nipissing Indians to inform the Department that they are desirous of having a new teacher for the Gordon Village school on their reserve, as the present teacher is not doing good work, I beg to say that the Indians are not correct in their statement as to the qualifications and ability of the teacher. The Separate School Inspector for Ontario in his last report on this school says that Mr. Le Tonturier is possessed of good scholarship and is an effective teacher with long experience.

The trouble, if any, would appear to be that he does not get along well with the Indians, who are captious and hard to please, and he has been officially informed that he should endeavour to make himself more agreeable to them and it would be well if you would advise the Indians to cultivate harmonious relations with the teacher. It is a difficult matter to obtain a qualified teacher for an Indian school, and the Department hesitates

2nd line Is it the Department who want that?

4th " And what objections? Is it board money from an unwedded teacher or my small children for love-making with theirs? I was never told of any other; nor does notice let me know of any. How can I overcome a thing that does not exist. A tangle!

5th .. Agreeable to them: What is the meaning of this to them, unless it be the agreeableness of the beast? I see no other. For I am renowned to be extremely kind by nature, and cheerful in teaching at all times. I have never slighted them, nor do I yet. They always found me ready for any kind favors I could bestow on them. I have been very agreeable to them as much as any honest man can be. This I can solemnly swear.

7-8th " Like that ability does not count with you. I didn't know that.

8-9th " The work will be nullified whether the teacher is good or not. Who can do so?

6th " If you wish to retain your position:

To bereave me of my position and my family bread, not finding her cause, a false accusation, of having not done what I have perfectly well done, is laid against me.

Where is the proof?

If is I who should complain and loud.

Oh! the tongues and foul underhand work!
Oh! inhumanity!
Is it what we were promised, 35 years ago, when we were induced into Canada?
Why didn't they tell us, on their pamphlets, how things were dished out here?
Why didn't they tell me that when I was single?
Oh! when I am single they fill me with honors & money.
When I have nearly a dozen of poor helpless innocents, they strike me down.
Instead of trying to dismiss me on groundless pretexts I should be awarded a reward for my skill in upholding the school for 2½ years against Angus Shabogejig's undermining blows and his wife & son, John.
I demand an indestigation, by impartial men from Ottawa, influenced by none to investigate Cockburn's faithfulneds and work as regards the school, Shabogejig's doings and my work, right on the school ground, where I can produce my witnesses and work, and where the facts can be seen.

The Deputy Superintendent General,-

Mr. Agent Cookburn forwards a letter from Chief Goulais, of the Nipissing band, with the names of other Indians attached, asking for the removal of Mr. Le Tenturier, teacher of the Garden Indian Village school. The Indians state that unless they get a new teacher they will not send their children to school.

Since last ~~spring~~ July some of the Indians have been dissatisfied with the teacher, complaining that he has made himself disagreeable to them as a resident on the reserve. The Department has never been able to find out in what way Mr. Le Tenturier has antagonized the Indians, but he was warned to try to get along with them as harmoniously as possible and he wrote assuring the Department that he would do all in his power to carry out its wishes. There is nothing on file to show that the Chief and Indians have been willing to meet him half way and they seem bent to get rid of him.

There is no doubt about his being a competent teacher, judging from the Inspector's reports and as he

is a married man with a very large family it would be a hardship to dismiss him summarily to meet the whims of the Indians. Mr. Le Tonturier's letters show that he is somewhat of a "crank", but there is some excuse for a man with a wife and twelve children who has to support them on $350.00 a year.

It might be well to give them a new teacher but the Present one should have ample time given him to look out for other employment, and I would recommend that Mr. Agent Cookburn be instructed to advise the Indians that no change can be made until the end of the present school year and that if they take their children away from school they will be proceeded against under the regulations for the compulsory attendance of Indian children. He should also advise Mr. Le Tonturier that the Department has decided in the interests of all concerned to make a change of teacher in this school after June 30, next, but if he can better himself in the meantime he will be at liberty to do so upon giving reasonable notice.

The Deputy Superintendent General.-

The Indians of the Nipissing band have on several occasions expressed their dissatisfaction with Mr. Le Tonturier., teacher of the Garden Village school, and have asked for his removal.

As directed by you Mr. Agent Cockburn was instructed to look into this matter and make a full report as to the cause of dissatisfaction. He has written the Department on the subject but has thrown no further light on the case. The Indians have apparently taken a personal dislike to the teacher. That is all that Mr. Cockburn has reported He has tried to arrange matters amicably and has failed and as long as Mr. Le Tonturier remains in charge the difficulty is likely to continue. The only thing that I see that can be done is, as suggested in my memorandum of the 22nd ult., to let Mr. Le Tonturier go at the end of the school year, June 30, next. This would give him ample time to obtain another position.

Referring to your letter of the 27th ult. and previous correspondence in connection with the petition of certain Indians of the Nipissing band for the dismissal of the teacher of the Garden Indian Village school, I beg to say that the Department has decided that it would be in the best interests of the school to have a change of teacher.

In order that Mr. Le Tenturier may have ample time to secure another position his services will be retained till June 30, next, and you will be good enough to advise him that they will not be required after that date.

Mr. Le Tenturier is aware of the causes which have led to this decision on the part of the Department and as it seems impossible for him to get along amicably with the Indians no other course is open than for it to try to obtain the services of a teacher whose relations with the Indians will be more harmonious.

In the meantime the Indians should send their children to school regularly.

EX'D.

Ottawa, June 12, 1909.

Sir,-

I have to acknowledge the receipt of your letter of the 8th inst., inclosing an application from Miss Jeannie McDermott for the position of teacher of the Garden Indian Village school.

In reply I beg to say that the Department will accept this application and Miss McDermott may take charge of the school after the summer holidays at a salary of $350.00 per annum.

In case that Miss McDermott should wish to resign the position at a future time, it will be necessary for her to give the Department three months' notice of her intention to leave.

You will be good enough to advise Miss McDermott of her appointment and of the condition above mentioned.

I may say that the reports received on Miss McDermott's work as teacher of this school would not justify the Department at present in paying her a salary of more than $350.00 per annum. Should she not be willing to reingage on these terms the Department should be advised at once in order that steps may be taken to obtain another teacher.

Mr. Pedley,-

The Department is in receipt of a commendatory report from Mr. Separate School Inspector Michael O'Brien on the work of Miss Jeannie McDermott, teacher of the Garden Village Indian School, Nipissing Reserve. The Inspector states that, if other circumstances warrant it, he would be pleased to see Miss McDermott's salary advanced to the salary paid almost uniformly in that locality, viz.- $400.00. There is another Indian School on the reserve where the salary paid is $400.00 per annum. Miss McDermott is the holder of a First-class Elementary Diploma from Quebec. She has had twenty-three years experience and has been two and a half years in charge of this school at a salary of $350.00. The attendance is larger than at the other Indian School on the reserve and the enrolment and average are satisfactory. The salary is paid by the Band from their interest account.

I would recommend that Miss McDermott be granted an increase of $50.00 per annum from the 1st of January, next.

MEMORANDUM.

Mr. McLean,-

Mr. Agent Cockburn forwards two applications for the position of teacher of the Garden Village School, Nipissing Reserve, the former teacher having resigned. Miss Ratchford, one of the applicants, is the holder of a temporary certificate, while Miss Mercier has a first-class diploma in English and French. She demands a salary of $500.00 and Mr. Cockburn says that teachers are very scarce in that district. We have been paying $400.00 per year for the past two years. Owing to the difficulty in obtaining qualified teachers for outlying schools I think the Department would be justified in engaging Miss Mercier at the salary she asks.

REPORT OF INSPECTOR J.P.FINN ON THE GARDEN VILLAGE SCHOOL.

TEACHER,-

Mary Ines Mercier.

This teacher's methods are not certainly modern but as she is going to be married about Christmas time there is little ambition to improve. It is too bad that the Department cannot get a young active teacher for this school. The pupils are well disposed and wou'd do well if they were placed under a good teacher who understood the work of the Indian schools. There is little use in assisting a teacher who is contemplating marriage in a fe w months. Such a teacher merely keeps school and doesn't— holds down the position for the money that is in it.

Sir,-

Mr. Inspector Finn in his report on the Garden Village School states that the teacher is contemplating marriage in a few months. If this is correct she should be asked to send in her resignation in time to permit of the Department's securing a successor to take charge when she leaves. Mr. Finn recommends that a competent teacher be employed, as he was not very favourably impressed with the methods or attainments of Miss Mercier.

REPORT OF INSPECTOR J.P.FINN ON THE GARDEN VILLAGE SCHOOL.

TEACHER,- Mary Ines Mercier

This teacher has good control but her methods develop the written work rather than the language faculty through oral instruction. Teaching should be done orally. The pupils are taught to read (?) before they know what they are saying.

1. There has not been any marked progress since my last visit, in fact, I may say very little. These Quebec teachers always put the cart before the horse and attempt to teach reading before the language side has been properly developed.

2. I understand that Miss Mercier is going to leave at the end of June. It is just as well as she is too obstinate to gain anything from suggestions to improve.

Date of Inspection,- May 17th, 1915.

Mrs. Alex. Lamoureux, Thessalon, Ont., previously teacher at Garden Village School, Nipissing Reserve, would accept teaching in any school. She mentions the Sagamook School, Spanish River Res., in case that school would reopen. She has been a successful teacher at Garden Village. She had some trouble with a few Indians of th e reserve, but it was a matter of board. I heard co complain against her teaching.

I, Mrs. Alex Jadoucer will resign Garden Village Indian School. if you will hire me for Sagamook School please let me know as soon as possible if you wish I will teach Garden Village to the end of 1st Quarter

I was satisfied, and like the children, and the children liked me But the Chief is a very bad man he said he wanted to get rid of me. so he went to every house with a Petition asking for a new teacher. I do not know how many signed it, he sent it to the Dept. He then came and ordered me out and forbid me to come back.

I did not mind him because he has been acting that way all the year.

But when I saw Mr. Cockburn I told him about this Petition he said well

Sir,—

I beg to acknowledge receipt of your letter No. 2800/75-1 of the 3rd instant, enclosing copy of letter received from the Inspector, Indian Agencies, Toronto, with reference to the proposed fall fair, and Indian Welfare work, and requesting that the reasons for this fair should be given, and that a statement of the Indians, who, have, agreed to take part, be furnished.

I have carefully considered the matter, and do not think that a fall fair, at present, would be advisable, as the Indians are busy with their harvesting, and especially owing to the scarcity of help, and the high prices prevailing, they would not be able to spend the time.

I have frequently urged the teacher that it was necessary for the children to attend school, but the Indians, for various reasons, do not always send their children, on regular days, and the number of the pupils on the roll, varies considerably, as they are not kept after school.

Should, however, the school inspector, or any other official, visit the school, they would be able to explain matters, and show that the teacher is doing all in his power to keep the children at school.

MEMORANDUM.

Mr. Scott,

Mr. Agent Cockburn, who called at the Department to-day, thinks that it would be advisable to notify Mrs. Ladoucer teacher of the Garden Willage School, that her services will not be required after the 30th, of June , next, as the Indians are dissatisfied with ther and hse is not a successful teacher.

Mr. Cockburn states that this school is deserving of a good teacher and that, if we wish to get one, we will have to rpovide living quarters. He considers that a two roomed frame bungalow, painted would be suitable. Mr. Cockburn states that there is room on the schbol lot for such a building and that there are Indians on the reserve who could put up a suitable house, which should not cost more than $500.00.

A frame building, 12' by 16' to be divided by a wooden partition into a bedroom 7' by 12' and a living room 9' by 12' would give ample accomodation. Mr. Cockburn infomred me that the furniture in the teacher's residence at the Nipissing School, which has been closed for some time would be availbable.

The Nipissing Band have $117,248.93 to the credit of their cppital account and could easily stand the expenditure.

I you approved of Mr. Cockburn's recommendation he is prepared to furnish an estimate of the necessary material.

Martin Benson.

I beg to inform you that Miss Tillie Fitzpatrick, who was appointed teacher of the Garden Village School, has written the Department stating that she will be unable to take up her duties until about the 15th of October, on account of the serious illness of her mother.

In connection with this matter I beg to say that, if you are unable to obtain another teacher, the school will have to remain closed until such time as Miss Fitzpatrick can assume her duties. If, however, in the meantime you can obtain the services of a qualified teacher, the Department will not wait until she is ready to take up her duties. As the Department does not wish to lose Miss Fitzpatrick's services she is being written to today with the request that she endeavour to begin duties at Garden Village on the first of October, next, and it might be well to allow the school to remain closed until that time.

Mr. Scott,-

Miss Clotilda Fitzpatrick, teacher of the Garden Village Indian Day School, requests an increase in her salary. She is at present receiving $500.00 per annum, with bonus at the rate of $150.00, or a combined salary and bonus of $650.00.

Miss Fitzpatrick has been in the service of the Department for a number of years and has been in her present position since October 1st, 1919. She has a Quebec Elementary certificate. The Separate School Inspector, in his last report of inspection, states that she is a very successful teacher and deserves a better salary. There is an enrolment at this school of 33 pupils, with an average attendance of 20.

Her salary is entirely paid from band funds (Iapissing band), and I would recommend that, as this band has sufficient funds, she be granted an increase of $150.00 from the first of January, next.

Sir,—

I beg to report that there has been considerable gossip amongst the Indians resident at the Garden Village School about the present teacher Miss Tillie Fitzpatrick,and Paul Goulais a resident Indian,during the month of March last Goulais brother complained that Paul Goulais was remaining at the teacher,s residence over night,I took the matter up with the teacher at the time and informed her as well as Goulais that his visits upon the School property cease,this advice was disregarded,and the gossip is yet going on,Miss Fitzpatrick has been very successful with the School and this appears to be the only complaint and which is largely centred amongst Goulais relatives,the Rev Father Forcheron has informed me that if Miss Fitzpatrick continues as teacher of this School there might be trouble on the Reserve,

I cannot think that there was any impropriety on the part of the teacher and only sorry that my advice to her was disregarded in regard to keeping Goulais from off the School property,

Extract from Inspector's Report on the Garden Village School. October 12, 1921. 43-3-6

Teacher.- Clotilda Fitzpatrick.

The salary is very low and though a house is supplied this scarcely counteracts the isolation of the teacher with no white people within 4 or 5 miles. If this were a provincial school in a settled district $900.00 would be considered a minimum salary.

The pupils here are rather above the average and the generally competent work of Miss Fitzpatrick has much to do with this. Her salary should be raised to at least $900.00.

EXTRACT FROM REPORT OF MR. INSPECTOR V.C.QUARRY, INSPECTOR OF SEPARATE SCHOOLS, PARKHILL, ONT. ON GARDEN ~~RIVER [redacted] DAY~~ SCHOOL, DATED JUNE 29/22.

Original on File 43-3-6.

Clotilda Fitzpatrick, Elementary Que. Certificate. Age 32. Salary $600 and bonus with a house.

Miss Fitzpatrick has had 8 years successful experience with the work in these Indian schools and though she has to live alone in the colony and has done such remarkable work, she is receiving from the Department a salary not nearly commensurate with the work she does and really ~~w~~niggardly when compared with the salaries less qualified teachers with little or no experience are drawing, and living in localities among their own people. I would suggest that at least a salary of $750 or $800 over and above other emoluments be paid to her.

Date of inspection - June 5. Attendance on day of inspection - 27. Average attendance during first 4 months - 23.

OTTAWA, July 10th, 1922.

Sir, -

I beg to inform you that, upon the suggestion of the Inspector of Separate Schools who recently visited the Garden Village Indian Day School, we are granting an increase of $100 per annum to Miss Clothilda Fitzpatrick, the teacher, for the next school year. This will make her salary at the rate of $700 per annum, and she will also be entitled to any bonus provided by law.

You will be good enough to inform Miss Fitzpatrick accordingly, and ascertain from her whether or not she will accept the position as teacher of this school for the next school year, beginning on or about September 1st, next.

I beg to refer to Official letter No 43-3-I. of July 7th 1921. with reference to the complaints regarding Miss Tilly Fitzpatrick, teacher of the Jardon Village School, I have to report that the school was closed on the 16th and 17th instant, being the event of the teachers marriage to Napoleon Goulais an Indian of the Lipissing Band, the former complaints arose from this source, since the marriage Goulais has taken up permanent quarters to reside at the teachers residence at the school, this is not agreeable to a number of the Indians upon the reserve, and under the conditions I consider her usefulness as a teacher at the Jardon Village school ceases,

Sir: -

I have to acknowledge the receipt of your letter of the 19th instant, informing the Department that Miss Tilly Fitzpatrick, teacher of the Garden Village Indian Day School, recently married an Indian of the Nipissing Band and that they are at present residing in the teacher's residence at the school.

In reply I beg to say it is considered that Miss Fitzpatrick's services would no longer be satisfactory at this school. However, as it would be difficult to obtain the services of another teacher at the present time, she may remain until the end of the present quarter, viz: March 31st, next. You will be good enough to inform her in due time that her services will not be required after that date and that she and her husband are to vacate the school premises on that date.

You should endeavour to obtain the services of a qualified teacher to succeed Miss Fitzpatrick at the beginning of the next quarter. The name, qualifications and experience of any applicant for the position should be forwarded for the consideration of the Department.

Madam -

I have to acknowledge the receipt of your letter of the 19th instant, in which you request that, should a vacancy occur for a teacher at the Garden Village Indian day school, you be transferred from your present position at the Whitefish Lake Indian day school, to fill the same.

In reply I beg to say we informed our Agent at Sturgeon Falls that owing to the marriage of Miss Fitzpatrick, the present teacher at the Garden Village school, we would not require her services after the 31st of March, next, and we instructed the Agent to endeavour to obtain the services of a qualified teacher to succeed her. You are at present in receipt of salary at the rate of $750 per annum, while the salary allowed at Garden Village is only $700 per annum. If, however, you desire a transfer at this salary, you should communicate with Mr. Geo. P. Cockburn, Indian Agent, Sturgeon Falls, Ont., and inform him that you have written this Department, and were referred to him. We would prefer, however, that you remain during the balance of the school year in your present position, as it is likely, if a teacher is secured for Garden Village, it will only be for the balance of the present school year. However, the Agent will be able to inform you definitely as to whether he has yet obtained the services of a teacher for the Garden Village school or not.

I have to acknowledge the receipt of your letter of the 7th instant, enclosing a communication from Miss M. A. McDermott, teacher of the Whitefish Lake Indian Day School, requesting a transfer to the position of teacher of the Garden Village Indian Day School, for the school year 1923-24.

In reply I beg to say that we have informed Miss McDermott that we would offer no objection to her transfer to the Garden Village School, to be in duties on or about September 1, 1923. This matter should be drawn to the attention of the Department again early in July, next, in order that the necessary approval can be given for the transfer.

We note that you have informed Miss Fitzpatrick, the present teacher, that her services will not be required at the Garden Village School after the end of the present month. We hope that you will be able to secure the services of a temporary teacher for the balance of the school year, and we shall be pleased to hear later as to the name and qualifications of the person secured.

Name,- Aldea Bond.

Qualifications,- Four months' teaching in Separate School. Has not yet completed 3rd Class Certificate.

Health,- Satisfactory.

I found the school management fair but am of the opinion thay a teacher from some other district would be better. Miss Book lives about five miles from the school. Irish or English Girls, from along the Upper Ottawa have made good teachers in these schools and I believe are preferable.

The attendance is very good just now. I find that a teacher who can make her work interesting by introducing other than routine subjects (music, manual training, physical culture, etc.) will have a much more regular attendance.

Sir:

The Separate School Inspector, in a report on his recent inspection of the Garden Village Indian Day School, recommends that the services of a qualified teacher be obtained for the next school year. He states that he found the management of the school, under Miss Bond, fair, but that she has no professional qualifications.

It is considered that it would be advisable to secure the services of another teacher for the next school year, beginning on or about the first of September, next. You may inform Miss Bond that her services will not be required after the end of the current quarter. You will be good enough to state whether you can secure a teacher or whether you would request that the Department endeavour to arrange for the same. We have a number of applications and we may be able to obtain a satisfactory successor, if you so desire.

Miss Bond should prepare and hand to you her quarterly return at the end of the current quarter, which you will be good enough to forward to the Department, in order that payment of all salary and bonus due her can be made.

An application has been received from Miss Aldea Bond for the position of teacher of the Garden Village Indian Day School for the next school year.

I have requested Miss Bond to forward her application to you. I may say that this teacher taught at Garden Village for a short time during the academic year ended June 30, 1923. She has a Third Class certificate for the Province of Quebec and two years' experience.

If you consider Miss Bond's qualifications satisfactory, you may offer her salary at the rate allowed the present incumbent. I would point out, however, that the remuneration allowed in the case of this school compares favourably with salaries allowed in rural communities and it may be possible that you can secure applicants of more promise than Miss Bond.

Dear Miss McDermott:-

I enclose your cheque in payment of your salary for the quarter ending December 31st last. The reason for the delay in forwarding this cheque is due to the fact that it was thought that possibly you would call at the Department during the holidays and the cheque was, therefore, held in order that it might be handed to you.

I trust that everything at the Garden Village School is proceeding satisfactorily.

Yours very truly,

Sir:

I beg to inform you that at the request of Miss M. A. McDermott, teacher of the Garden Village Indian Day School, it has been decided to allow her to exchange her present position with the teacher of the Mississauga River Indian Day School in the Thessalon Agency from the beginning of the next school year. Miss McDermott will be succeeded at Garden Village by Miss Lillian Addey, the present teacher at the Mississauga River School. The salary allowed Miss Addey will be at the rate of $65 per teaching month, which is the rate she is at present receiving. Both teachers have been advised of the approval granted for their transfer to the respective schools named, and have transferred voluntarily on their part.

Madam,-

In reply to your letter of the 26th instant, I beg to say that cheque No. 8055, for $255., in payment of your March quarter salary was issued on the 3rd instant. I regret that the cheque book shows that the envelope enclosing the cheque was incorrectly addressed and a tracer is being sent today. It is hoped that you will receive the payment due you in the near future.

In order that you may not be without funds, the Department is forwarding, under separate cover, a cheque for $100., being an advance on your June quarter salary.

Sir:

I have to inform you that the Department has appointed Miss Edna Cox, P. O. Box 183, Buckingham, Que., to the position as teacher of the Gordon Village Indian Day School. Salary at the rate of $80 per teaching month, less 10% for the current fiscal year, will be allowed in her case. She will report to you at Sturgeon Falls in time to commence duties on September first. Please give her any help you can as she undertakes her new work. She is acquainted with Miss Addey and will likely travel west with her. Miss Cox is qualified as a teacher for Quebec province and has had one year's successful experience in an Indian school.

Dear Sir:

Your favour of the 30th ultimo, received only today.-

Re my report ending December 31st 1941 I beg to state, that I handed my report for that quarter, to the Indian Agent, Mr. J. A. Marleau, the very day school closed, namely on December 19th/41. I did so believing it was my duty to do so.

On receipt of your letter, today, I called on Mr. Marleau about 3.30 p.m., in order to get his reaction in the matter; unfortunately, he was out of the office.

Trusting the above explanation will be satisfactory to you

I am Sir,
Your obedient servant,

Re: Carcross Village Indian Day School, No. 391.
Dokis Indian Day School, No. 365.

In my memorandum of November 8, I advised you of the appointment of Mrs. Rose E. Fox as teacher of the Dokis School and, in my memorandum of November 16, I advised you that she had given up duties on [redacted].

We have just received a letter from the Agent which indicates that instead of giving up duties she transferred to the Carcross Village School in the same Agency.

We are approving this transfer at the same salary; namely, $85.00 a teaching month. As she taught part of the month at Dokis and the remainder of the month at Carcross Village she should be paid a full month's salary for the month of November. She should be paid until the end of December and we will advise you later if she will continue after that date.

Sir,-

In a recent report on the Gordon Village day school, Inspector J.P.Finn recommends that more blackboard space be provided on the east side of the school and placed low enough for the little ones to write on.

This suggestion meets with the approval of the Department and you will good enough to state what more blackboard is required.

The Inspector , also, states that the door on the girls' closet requires attention. Kindly have this repaired as soon as possible. You might , also, purchase some towels and soap for use at this school.

Sir,-

Mr. J. M. Bennett, Separate School Inspector, in a report to the Department on his recent inspection of the Garden Village Indian Day School, states that the school building at this point needs a coat of paint in the worst way and that the floor is full of ruts and needs attention. He states that a new floor is necessary.

The Inspector also states that every other desk is broken and the seats are in such a condition that any person would condemn them. He states that thirty-five single desks should be furnished as soon as possible.

He also states that there is no pump and no source of drinking water, except the lake, and it is a question whether such water is safe.

I have to request that you will be good enough to furnish an estimate of the cost of painting the school building and laying a new floor. If funds can be provided, this work might be carried out during the next summer holidays.

With reference to the desks I have to request that you will furnish a list of the sizes required and the number of each size, or, if it is not possible to do this, you should give the ages of the children and the number of each age. Kindly give this information regarding the desks as soon as possible.

You should also look into the question of providing a pump for the use of the school and state whether, in your opinion, it would be possible to obtain water within a reasonable depth and the probable cost of boring a well.

Kindly give all the above matters your prompt attention.

I beg to acknowledge receipt of your letter No280075/5 of the 26th ultimo with reference to the report of Mr J M Bennett Separate School Inspector on his inspection of the Garden Village School. In connection I beg to forward an estimate of cost of the proposed work of laying a new floor and painting the school building with reference to the Inspectors request that a well be sunk and a pump installed upon the school ground I do not think this could be accomplished with success,as I have found that under about four feet of surface ground upon this lot there is a flat rock and it would require drilling below this depth to be free from the surface water which would entail considerable expense.

with regard to the thirty six single desks I beg to say that the sizes required would be 12 large .12 Medium and 12 of small size.

MEMORANDUM:-

Mr. Agent Cockburn, who was in the Department today, was authorized to have the desks at the Beaucage School transferred to the Garden Village School. He states that the Beaucage building will not likely be required again for school purposes, and, as new seats are required at Garden Village, it is considred advisable to utilize the seats at the Beaucage School, which are new and in good condition.

He was also authorized to have the closets at the Garden Village School, which were put out of condition by the frost, placed in good repair.

He states that he had an Indian dig a drain to run the water out of the cellar of the teacher's residence. This was also approved. Has done and paid for

He will obtain tenders for the work of having a new floor placed in the Garden Village School building and will forward them for the consideration of the Department.

Sir,-

I have to acknowledge the receipt of your letter of the 6th instant stating that the teacher of the Garden Village School has requested to have a screen door and three window screens put on the new residence at that place.

In reply I beg to say that you may purchase one screen door and three window screens for the teacher's residence in connection with this school. You should purchase these articles as cheaply as possible and forward itemised accounts, in duplicate, properly certified, for the expenditure incurred in the purchase.

Ottawa, June 11, 1920.

Memorandum:

Mr. Scott.

Inspector J.M. Bennett, in his report on the Garden Village School, February 6,1920, states that the school building is badly in need of paint, also that the floor is full of ruts and a new floor is necessary.

With reference to the above repairs, Indian Agent Cockburn was requested to obtain prices and submit the same to the Department. He has sent in three prices for the painting of the school and the laying of a hardwood floor in the class-room and porch. The lowest price obtained is that of J.K. McConnell for $875.00. This is a fair and reasonable price for the work contemplated, and I would recommend that this work be carried out during the coming summer holidays.

OFFICE OF THE

OTTAWA

June 18, 1920.

Memorandum:

Honourable Mr.Meighen.

Early in the year Mr.J.M.Bennett, Separate School Inspector, visited the Garden Village Indian day school, which is located in the Nipissing reserve, Ont., for the purpose of making an inspection, and in his report he states that the school is badly in need of being painted, and a new floor should be laid.

We instructed the Indian Agent to obtain prices from different firms and submit them to the Department. He has done so, and the lowest tender is $875.00.

This appears to be a fair and reasonable price for the work contemplated, and as it is desirable that the school should be painted and the repairs made during the summer holidays, I would recommend that the order be given. Payment would be made from the interest funds of the band, and I would ask your approval of the expenditure.

Sir,-

The teacher of the Garden Village Indian Day School, in her annual report for the fiscal year ending March 31st, last, states as follows,- The walls and ceiling of the school building are very dirty and the windows need repairs. She also states that the fence is out of repair and that the teachers residence is in bad need of repair. She requests that a door be made to allow entrance from the sitting room to the school and this would prove a blessing in winter.

I have to request that you will furnish a report as to the repairs that are needed to both school and teacher's residence and furnish an estimate of the cost of having the school room walls and ceiling cleaned, windows repaired, the repairs necessary to the teacher's residence made, the door suggested by the teacher put in and the fence repaired. You should furnish this information at your early convenience in order that if it is decided to have any work done, it can be performed during the summer holidays.

Dear Mr Cockburn.

In reply to your letter of recent date, in connection with the annual school report regarding the interior of school room being dirty.

I beg to say that the class room was newly varnished last summer and it is in excellent condition

I cannot understand why the Dept would think that the school was not in good condition as my last report must have been read in error.

And the class room is scrubbed monthy and swept daily after school hours.

Sir,

I beg to acknowledge receipt of your letter No 43- 3 -5 of the 19th instant with reference to the annual report of the teacher of the Garden Village Day School,

In connection I have to say that this building during the past summer holidays was painted a new hardwood floor placed and the class room oiled and varnished throughout,which at the present time leaves it in good order,

In regard to the teacher,s residence being in need of repairs the building was newely erected during January 1920, and is practically new,and does not require any,

the fence is a page wire and is erected on clay land which heaves more or less during the winter this will be adjusted when the frost is out,apart from this I do not consider any repairs are required at present to the Garden School Buildings

I also beg to forward letter from the teacher in connection with her annual report,

Dear Sir:

With further reference to our conversation regarding Window Blinds on my account July 8.

I have looked into this matter. If you will recollect that the time the order was given I told you these were a special blind and had to be made to order and it was very difficult to give you exact price. This is a size and quality of blind that I do not keep in stock and I can assure you that you will not find it in any store not even in the cities.

I have again looked into the price and I find you have been given a very very reasonable quotation.

I trust this explanation will straighten this matter out.

Extract on Inspector's Report on the Garden Village School, October 12, 1921. 43-3-6.

I suggested in my last report that a well be dug as water used is taken from the lake and in winter is very difficult to procure.

To secure water pupils have to go out on the lake over a mile and this is at times dangerous. A well should be dug.

Sir, -

The Separate School Inspector, in a report on his recent inspection of the Garden Village Indian Day School, states that in order to secure water in the winter the pupils have to go out on the lake for over a mile and that, at times, this is very dangerous. He recommends that a well be dug in order that a supply of water can be obtained near the school.

I will be pleased if you will furnish a report regarding this matter, stating whether you would advise that a well be dug at this school, and, if so, the approximate cost involved in having the work done.

I will be pleased to have a report from you regarding this matter at your earliest convenience.

Sir,—

I beg to acknowledge receipt of your letter No - 43-3-5 of the 12th instant with reference to The Separate School Inspector ,in a report on his recent inspection of the Garden Village Indian Day School,states that in order to secure water in the winter the pupils have to go out on the lake for over a mile,

In connection I beg to report that owing to the situation it is doubtful whether a well can be secured at this place at a reasonable cost owing to a bed of flat rock which appears about four feet from the surface and which was contended with when excavating the cellar for the teacher,s residence,some of the Indians have tried digging wells but without success ,in some cases it was owing to swamp water, I would reccomend that a test for a well be made early next spring after the frost disapears ,this can be done at a small expense, and if a place can be located free from rock the cost of well would not be expensive,the approximate cost involved would be about $60.00

Sir, -

I have your letter of the 14th instant, furnishing a report regarding the providing of a well for the Garden Village Indian Day School.

In reply I beg to say that owing to the conditions found to exist and the difficulty that would be found in drilling the well, this matter may remain in abeyance for the present.

You may draw this matter to the attention of the Department next Spring, when the question of making a test for a well will receive consideration.

The teacher should exercise due caution in allowing the children to get the water required from the lake.

I have yours of the 17th instant, referring to the well at the Garden Village Indian Day School. I have noted that a well has been dug and that the expense, to date, will not exceed $10.00.

In answer to your request for authority to purchase 400 ft. of lumber, 10 lbs. of nails and a suitable pump, I wish to state that you should make arrangements for the purchase of these materials, after having obtained competitive prices.

It is noted that the total expense in this connection will not be more than $50.00. In the light of the information given by you in conversation with the Department this morning, I have to authorise you to proceed with the cribbing of the well, by day labour, if it is impossible to secure tenders for the work.

Sir,

I beg to report that the Garden Village School building was discoverd on fire at I A M this morning and the fire extinguished by an Indian who resides adjacent to the school, from examination I am under the opinion that the fire started at the base of the air ventilation upon the floor of the class room from soot and sparks blowing down same from heavy winds, a portion of the floor and petition had to be chepped out in order to extinguish the fire, it will not be necessary to close the school to make the necessary repairs which will not be expensive, I will have the air ventilator closed up with cement immediately and the repairs done to the building by one of the Indians who is competent, it may be necessary when this is done to have the present chimney built higher but this may not be necessary unless it smokes in the class room.

Sir:

I have to acknowledge the receipt of your letter of the 21st instant, informing the Department of the fire that occurred at the Garden Village Indian Day School building, the cause thereof and the damage done.

In reply I beg to say it is noted that you have taken the necessary action to have the repairs carried out and that it will not be necessary to close the school while the work is being done. When the work of the repairs has been completed, you should forward properly certified vouchers, in duplicate, covering the expenditure incurred. If considered necessary, you should have the present chimney thoroughly cleaned and built higher. No unnue expenditure should be incurred for any repairs that it may be necessary to make.

I have to thank you for the prompt action taken in attending to the repairs, as well as the Indian who, by his promptness, was able to extinguish the fire.

MEMORANDUM

Schools Branch -

While at Sturgeon Falls Agency recently, I visited the Garden Village Day School.

I found the school building and teacher's residence to be very much in need of paint. It is too late, however, for this work to be done this fall but provision should be made for having it done in the spring. Indian labor can be used. The shingles on the school roof are in bad condition especially on the north side.

New pipes were urgently needed for the school stove and I instructed the agent to attend to that immediately.

The teacher's residence is very much in need of a heating stove. All that the teacher has at present is a small cook stove with a very small fire box and drafts which cannot be closed tightly. The result is that it is impossible to keep a fire in for even an hour at a time without putting in more fuel. If a small Quebec heater were supplied it could be set beside the cook stove and the same flue used by joining the pipes with a T joint. I consider this very necessary and would be pleased if you could authorize the agent to have one purchased.

The floor of the teacher's residence requires painting and if the paint is supplied I think the teacher will do the work.

There are a number of boys at this school who would like very much to have a foot ball and I promised to mention it to the Department.

Ottawa, September 27, 1924.

Mr. Inspector Parker, who recently visited the Sturgeon Falls Agency, has brought to the attention of the Department certain requirements at the Garden Village Indian Day School. New pipes are urgently needed for the stove in the classroom. The teacher's residence is very much in need of a heating stove and the floor of the teacher's residence requires painting.

You may arrange for the purchase and installation of the new pipes required for the school. You may also purchase a small Quebec heater for the teacher's residence. Mr. Parker states that this heater could be placed beside the cook stove and the same flue used by joining the pipes with "T" joint. You may also purchase the paint required to paint the floor of the teacher's residence. We understand that if this paint is supplied, the teacher will perform the work of painting the floor. Properly certified vouchers, in duplicate, should be forwarded covering the expenditure incurred in the above purchase.

Mr. Parker further states that he found the school building and teacher's residence to be very much in need of paint. As it is too late this fall to have this work done, you should draw the matter to the attention of the Department early next spring, at the same time stating definitely the amount of painting that should be done and the approximate cost of the material and labour required.

The shingles on the school roof, especially on the north side, are in a bad condition. If it is necessary that they be repaired this fall, you may arrange to have any work required carried out in order to prevent the roof from leaking. If the roof requires to be re-shingled, it might be best to leave this until next spring, when any shingling and the painting of the buildings will receive attention.

Please attend to the purchase of the pipes for the school stove and the heating stove and paint for the floor of the teacher's residence.

We are ordering a football and when received will be sent to the teacher. This is to be for the use of the boys of the school.

Ottawa, May 29th, 1925.

Sir:

I have your letter of the 27th instant, regarding the repairs and painting required to the school and teacher's residence at the Garden Village Indian Day School, and stating the approximate cost of the material and labour in having the work done.

In reply I beg to say that the Department will approve of the reshingling of the roof of the school building and the painting of this and the teacher's residence, the work to be done by day labour under your supervision. You should arrange for the purchase of the material required, such as shingles, nails, paint and paper. It will be necessary to obtain competitive prices, and the purchase should be made by you from the firms quoting the lowest price. Time sheets, in duplicate, should be kept for the labour employed. These sheets should be signed in duplicate by the men to whom any money is paid for labour. If necessary, you may employ a competent foreman and engage Indians for the balance of the labour. The Department will forward you an advance, upon application, to pay the labourers, and blank sheets are enclosed for keeping the proper labour returns. It is noted that you estimate the total cost of the material and labour will be approximately $340, and this amount should, if possible, not be exceeded. The funds for the purpose will be taken from the interest account at the credit of the Band.

Properly certified vouchers, in duplicate, should be forwarded covering the cost of the materials. A memo. should accompany these vouchers showing the names of the firms asked by you to quote and the prices quoted.

You should make the necessary arrangements for the purchase of the material and for the labour at an early date and have the work commenced early in July, next. The Department will leave this matter in your hands to see that a satisfactory job is completed and at the lowest possible cost.

Your obedient servant,

J. D. McLEAN

Sir:

I have your letter of the 13th instant, relative to the request of the teacher of the Garden Village Indian Day School for authority to expend the sum of $6 in the purchase of gifts for the pupils at Christmas.

In reply I beg to say that the Department will approve of an expenditure not exceeding the above amount in the purchase of suitable gifts for the pupils before the school closes at Christmas.

Please obtain an itemized account, in duplicate, which you should attach to proper voucher forms, certify in the usual manner and send to the Department for payment.

Dear Sir,-

In reply to your letter of the 30th January, I may say the Department received your letter of the 17th December with which you forwarded voucher No.193 for $7.00 in favour of Theo. Fouriezos & Co., for fruit, etc., supplied for use at the Garden Village School. There was an error in the addition of the account attached to the voucher. It should have been made out for $6.00, not $7.00. The Department paid the account by the issue of cheque No. 6013 for $6.00, which went forward to the firm mentioned on the 20th of December last.

Yours truly,

Sir,

I have your letter of the 7th instant, informing the Department that the interior of the teacher's residence at the Garden Village Indian Day School requires a coat of paint and that the cost would not exceed $425. It is considered that the price mentioned by you is exceptionally high for any painting that would be required to the interior of the residence. Our funds this year are extremely limited and unless a quotation can be received by you for doing the work, including the supplying of paint, etc., at much less cost, the Department would not be prepared to authorize having the painting done this year. I shall be pleased to hear further regarding the matter.

Sir:

I have your letter of the 20th instant, with reference to the painting required to the buildings at the Garden Village and Bear Island Indian Day Schools.

In reply I have to say that our appropriation for the current fiscal year was considerably reduced, and I regret that we will have no funds to provide the cost of carrying out the painting of these buildings this year.

Sir:

Pursuant to Mr. Perrier's instructions when at the Carlton Village Indian Day School, you are authorized to erect a woodshed, with sufficient room in it for the teacher's car. No unnecessary expense should be incurred. When purchasing the paint for this building, you may supply a little extra for the floor in the teacher's residence.

Please supply, also, a few hooks for the children's cloakrooms and put a few loads of sand around the porch of the classroom. Further, you may purchase a few planks for repairing the outbuildings.

MEMO FOR FILE:

When I visited the Garden Village Indian Day School in May, I noted that a new woodshed was necessary and a few minor repairs. These are being authorized by official letter of today's date. In the near future, we should put a fence around the property and reshingle the closets. The foundation under the school building should really be replaced in a year or two.

Ottawa, November 24, 1931.

Sir:

I have your letter of the 20th instant, regarding the request of the teacher of the Garden Village Indian Day School for a grant of $10 to purchase presents for a Christmas tree for the pupils.

In reply I have to say that, as our funds this year are extremely limited, all that can be allowed for the purpose is an amount not exceeding the sum of $5.00 - the same as was provided last year. After the purchase has been made, you should obtain an itemized account, in duplicate, covering the cost of the articles. This, you should attach to a proper voucher form, in the usual manner, certify and forward to the Department for payment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir:-

X X X

The Garden Village Day School, Nipissing reserve, is badly in need of painting and repairs to the wood work of the front porch and also the foundation. The front fence is down and beyond repair. The teacher's residence also needs painting. The property is in poor condition altogether. It is about 9 years since anything was done to the buildings. If funds are available this work ought to be done.

The teacher requested to be supplied with separate drinking cups and tooth brushes for each pupil. As a health measure this would be worth while.

Sir:

In a report regarding his recent visit to the Gordon Village Indian Day School, Inspector McCrackin states as follows:-

"Repairs are required to the woodwork of the front porch and also the foundation."

Please let me know what expenditure will be necessary to make the repairs mentioned by the Inspector.

He states, further, that the school and [redacted]'s residence require painting. Owing to lack of funds, it is not possible to consider painting the exterior of the school, but, if a small expenditure would do the work necessary in the interior of both buildings, you might let me know what amount you consider would be required.

The teacher requested seperate drinking cups and tooth brushes. You may arrange for the purchase of the number of granite or enamel cups which you believe are needed. A supply of tooth brushes will be sent to the teacher from the Department.

A. F. MacKenzie,
Secretary.

Sir:

With reference to your letter of the 23rd instant, I beg to say that you may have the front porch and foundation of the Garden Village Indian Day School repaired, at a cost not exceeding $35. You may also arrange for the painting of the interior of the school and teacher's residence. It is noted that you can have this done for $25.

Owing to lack of funds, the Department is not in a position to authorize the painting of the exterior of these buildings.

The Department has received the report of Mr. C. X. Cherrea, Separate School Inspector, on his recent inspection of the Garden Village Indian Day School. He recommends that all buildings be repaired and states the fence is broken down and that cattle are damaging the school grounds. He recommends that the above mentioned repairs receive immediate attention.

I have to request that you will forward a report, stating the repairs required to the school buildings and the fence and also give an estimate of the cost.

The Inspector states, further, that more blackboard should be provided. Please state the length and width of the blackboard required, when an order will be placed here to supply same. When giving this information, you should state, also, whether it will be necessary to supply chalk trough and moulding.

Sir:

I have your letter of the 6th instant, giving an estimate of the cost of erecting a new fence, repairing the steps of the porch and painting three buildings at the Garden Village Indian Day School.

In reply I have to say that the Department will approve of you incurring the expenditure required in the purchase of the materials and for the labour in the erection of a new fence and for the building of a new porch, with steps. It is noted, you estimate the cost of the fence at $55.00 and the porch, at $20. This amount should not be exceeded. The work is to be done by Indian labour. You should obtain itemised accounts, in triplicate, covering the cost of the materials, and keep proper returns, in triplicate, for the labour employed. These, you should certify and forward for payment.

I regret that the Department will have no funds this year to provide the cost of painting the buildings.

EXTRACT from Report of Inspector McGeekin regarding his visit to the Nipissing Indian Agency on July 29th, 1936. - Original on File 77-43.

Ex. D.

The Garden Village Day School and Teacher's Residence are badly in need of painting. The porch of the residence is breaking away. It needs to be jacked into placed and securely fastened to the building.

The stonework foundation of the school is giving away in places. I instructed the Agent to have a local Indian make some mortar and patch it up to prevent further damage. He was also instructed to have a urinal placed in the boys' closet.

The interior of both school and residence is spotlessly clean and well taken care of.

If possible to find funds the outside painting should be done this summer. The cost would not exceed $100.00.

Dear Sir:

Miss Edna Cox, teacher at the Gardom Village Day-school, asks if you would allow her to purchase about $4.00 worth of candies for a Christmas treat she wants to give her pupils.

Owing to the small amount, I would recommend this expenditure on account of the goodwill that will derive from this action.

Your obedient servant,

Antonio Levesque.

Dear Sir:

I am returning the voucher forwarded by you in favour of Michaud Bros. The accounts attached to this voucher are marked "Paid", and it is considered that possibly the teacher paid for the articles when she purchased them and the voucher should have been issued in her favour. If, however, she did not pay the accounts, you may return the voucher and explain why the firm marked the accounts "Paid".

Yours truly,

AGENT'S REPORT FOR MONTH OF JUNE

X X X

Miss Morris, Teacher at Garden Village, closed her school on June 26th with a picnic for her pupils. Miss Morris has had a very good attendance all year and prizes were awarded.

I have inspected the Garden Village school and find it very badly in need of repairs. The roof would have to be shingled and the school and dwelling needs painting.

Indian Affairs Branch, Dept. of Mines & Resources, Ottawa.

I am attaching herewith voucher No. 101, for paint required to finish Garden Village, Nipissing Reserve Indian Day School, teacher's house and garage.

You will recall that enough paint was bought last year for one coat but it was impossible to secure labour during the summer months of 1942.

This year the buildings had to be wire brushed and the paint purchased last year was only sufficient for a priming coat, consequently, it was necessary to purchase more paint for a second coat. It is a fair job but will need another coat next year in order to last. All openings on teacher's residence, windows, screens and storm windows for both school and house should also be painted but the men have all gone guiding for the summer.

The two outdoor toilets will need some minor repairs and be painted at first opportunity. They would also need to be emptied or removed farther.

All buildings, that is the school house, teacher's residence, garage and outhouses are covered with red asphalt shingles, which, in this vicinity, reduces the cost of fire insurance by 5%.

Mr. J.A. Marleau, Indian Agent, Sturgeon Falls, Ont.

With reference to your letter of the 17th instant, I am arranging to forward you a cheque for $100.75. This will permit you to pay Louis Goulais $78.75 and also to pay the amount of $22.00 to the men mentioned on the pay list. You should obtain their receipts and you can then forward a credit voucher accounting for the advance.

You are authorized to make the necessary repairs to the toilets and move them, if you consider such action advisable.

INDIAN AFFAIRS:

The Board had under consideration a memorandum from the Superintendent General of Indian Affairs reporting the necessity for the construction of a small building for use as a residence for the teacher of the Garden Village Indian day school on the Nipissing Indian reserve, in the Sturgeon Falls Agency, in the province of Ontario; that the cost of a suitable building containing two rooms on the ground floor and two rooms upstairs is estimated by the architect of the Department of Indian Affairs at $800.00.

The Superintendent General therefore recommends that under the provisions of Section 89 of the Indian Act authority be given for the expenditure of the above mentioned sum of $800.00 from the capital at the credit of the Nipissing band, which amounts to $117,246.93, on the construction of the building above referred to.

The Board concur in the above recommendation and submit the same for favourable consideration.

and all other work and labour incidental to and necessary for the entire completion thereof, whether specified or shown in the drawings or specifications or not, by the First day of December A. D. 1919.

AND in consideration of the above agreement on the part of the Contractor, the Superintendent General hereby agrees to pay the said Contractor the sum of One thousand three hundred and twenty---------dollars, provided always that the Superintendent General may at any time during the progress or after the completion or alleged completion of the work, appoint an Architect, Engineer or other officer, in which case the certificate of such Architect, Engineer or other officer, that the work is duly completed and of the amount, if any, due to the Contractor, after making such allowances for penalties and for defective or incomplete work, or for extras and deviations as the Architect, Engineer or other officer shall think fair, shall be a condition precedent to any claim by the Contractor under this contract.

AND the Contractor for himself, his executors, administrators and assigns, further covenants and agrees:—

1. That the wages to be paid in the execution of this contract shall be those generally accepted as current in each trade for competent workmen in the district where the work is carried on. If this condition is violated, the Superintendent General may cancel the contract and refuse to accept any work done thereunder.

2. That if the Contractor fails at any time to pay any account for any goods or materials supplied, or money advanced by anyone to the said Contractor for the purposes of this agreement, or to pay the account of any sub-contractor for any work or materials done or supplied for the said works to be constructed under this agreement, and such

INDIAN AFFAIRS:

The Board had under consideration a memorandum from the Superintendent General of Indian Affairs reporting that a residence being required for the teacher of the Garden Village Indian day school on the Sturgeon Falls reserve, belonging to the Nipissing band of Indians, in the province of Ontario, tenders were called for and the following were received,-

Georges Maurice, Sturgeon Falls, for.....$2500.00
J. K. McConnell, " " " $1320.00

The Superintendent General recommends, pursuant to the requirements of Subsection 2 of Section 36 of the Public Works Act, that the contract for the construction of the residence be awarded to J. K. McConnell for the amount of his tender as above cited, the same to be charged to the Interest Account of the Nipissing band, which amounts to $9,133.67.

The Board concur in the above recommendation and submit the same for favourable consideration.

REPLY REFER TO DATE OF THIS LETTER AND ADDRESS THE GENERAL SECRETARY METHODIST MISSIONARY ROOMS TORONTO.

(Dictated.)

Toronto, 20th February,

SCHOOLS. FEB 23 1900

Sir,-

I have received intimation from Mr Hoidge, the teacher of the Indian school at Georgina Island, of his wish to resign, and to be relieved of school duties early in March. At present we have but two applicants for the position; but as one of these has no certificate, and only taught a short time under a Permit from an Inspector, I do not think it necessary to report further particulars. The other applicant is Mr C.B.Oakley, a native of Newfoundland, and for some years a teacher on that Island, where he held a third class certificate with honors. As some years have passed since Mr Oakley taught in Newfoundland, I am not in possession of testimonials as to his ability as a teacher, and there is scarcely time to obtain them before making an appointment to Georgina Island. In regard to general character and ability, I have ample testimonials from several ministers, who speak of him in very high terms, and judging from what I have seen in one or two interviews, I have every confidence that he would make a useful and intelligent worker among the Indians. If considered advisable by the Department, we might at least give him a trial, so that the school may not be left vacant when Mr Hoidge removes.

I am, Sir,

Your Obedient Servant,

I wish to inquire if there is any school or home where Indian girls could be sent when the misbehave very badly. There are two members of the same family on Georgina Island who are going the downward road. Their father does not seem to care, as he goes off camping and leaves them home alone. The best members of the Band would like to have them sent to some place where they would have to conduct themselves properly; If there is any such place in connection with Indian Affairs, the preacher and my self would like very much to have something done with them, as their conduct will have a bad effect on others.

There are, however, reformatories and industrial schools in the Province of Ontario to which such incorrigible girls might be committed, but the cost of their maintenance would have to be provided for and the Department has no funds for such purpose.

Gentlemen,

I have just learned that it is necessary for me to notify you of my departure from Georgina Island Reserve where I have acted as teacher during the past six months.

Some time before Xmas I decided to resign my charge there and sent in my intentions to the proper authorities of the Methodist Church. This I thought sufficient. Now I am informed that a similar notice is due you. In view of this determination I will now do so to notify you of my departure - and to say that the position of Teacher on Georgina Island Reserve is vacant.

Thanking you for past favors

Sir,-

I have the honor to acknowledge the receipt of your letter of the 29th inst. regarding a teacher for the Georgina Island Indian day school. It has been [illegible] to regret that there has been delay; but we have found it difficult to secure just the right kind of man. At the present time we are in correspondence with a couple of persons, and hope that in a few days we may be able to submit the name of some one suitable to fill the position.

SCHOOLS. MAR 10 1903

Sir,-

I have the honor to acknowledge the receipt of your letter of the 6th inst., No.152197, referring to the desirability of procuring a teacher without delay for the school at Georgina Island. Since the school became vacant we have been trying in every direction to find a suitable one and although we have corresponded with several, and had interviews in some case, we have not yet found a man that we would confidently recommend. The circumstances at Georgina Island are somewhat peculiar; the place is isolated, and it is of the utmost importance that the teacher who is appointed should be a man who will be interested in the moral and spiritual welfare as well as the educational development of the people. To appoint a man of a different type would be disastrous. I am still in correspondence with one or two men, and will advise the Department further at the earliest possible date.

Referring to the need of a teacher on [redacted] Island, I have just received an intimation that Mr Hugh L.Tweed, who left there about New Year, is willing to resume charge of the school. Dear Sir,-

I take the liberty of answering to the call for a teacher for Georgina Island.

During 1885-6 I taught S. S. No.12 E. G. County of York and could have produced certificates of satisfaction. I also taught public school in the township of Ryde last year for thirteen weeks and can produce a letter of recommendation from the Secretary Treasurer Mr. Laverner of Lewisham. At present I have no certificate, but my early education was good owing to the time spent at Newmarket and Port Perry High Schools.

Now if you can reasonably advise my appointment, I will try and give my time to the good of the Indians.

Dear Sir,-

I enclose copy of application which I have received from Mr. J. H. Prosser to be appointed teacher of the Indian school at Georgina Island; also copy of a letter received from Mr. Indian Agent Yates referring to this case.

I would have preferred some one whose experience in teaching had been more recent or more continuous, but although I have been in correspondence with several persons this is the only name that I have to submit at the present time.

As the present teacher, Mr. Tweed, vacates the school at the end of this month, it might be well to give Mr. Prosser a trial rather than to allow the school to be vacant. If the Department would rather have some other name submitted, I will continue my efforts in that direction.

The Department is in receipt of a letter from a member of the Georgina Island band, dated the 5th inst., in which complaint is made that the teacher of the school on the reserve is neglecting his duties as teacher. It is stated that up to that date he had not reopened the school after the holidays and that he had again gone away for two weeks.

It is further stated that he allows his pigs, of which he has a large number, to run at large and destroy the crops and gardens and that he allows his farming operations to interfere with his school work.

I would say that concerning the opening of the school that I wanted to start it my two boys were home and I had not been away myself nearly all summer but I had been informed that the if less than five pupils were on the Reserve I was not supposed to teach This is a fact. I did not consider that I was under any obligation to open the school with the number present. I went to camp meeting. Christian island. where I met several teachers at least three one of which had not opened her school since the holidays for the same reason as myself for the want of pupils.

As to the farming operations I have (with a scythe)

I have a number of small pigs that have not done any body any harm the old ones were kept quite closely on the Mission grounds since the hay was cut. previously they were well confined in a large run of pasture.

DEPARTMENT OF IN... SEP 19 1907

I beg to acknowledge receipt of your letter no 15-2197/1 dated Sep 12th 1907 and to report in regard to complaints made with reference to the teacher on Georgina Island. I heard very little complaints about the way the school was taught until the holidays. I was on the reserve all day on the 13th of August and heard some complaints about some small pigs and a breachy cow owned by the Teacher. I thought I had got the matter settled, the teacher agreeing to sell or take care of the animals complained of. During the rest of August I seen the Chief and other Indians frequently and heard no fresh complaints and supposed the school was reopened at the proper time, as the teacher told me he would do. On the second of September I went away from home for one week, when I came home I found the school had not been opened since the holidays and the teacher away at Camp meeting at Christian Island. I find that at the time school should have been opened there was three children allway, and most of the time four that usually attend school on the reserve. The rest being on the main shore with their parents camping. Till about the time the Teacher went to the camp meeting when they all came home. School was reopened on the 16th inst. With regard to the teachers pigs. When I spoke to him in August

As to farming operations the teacher has none except the mission grounds of two acres most of which is in meadow. I enclose a statement made by Mr Prosser by his request, also one signed by a number of the Indians. Chief Big Canoe is sending a long list of complaints to the head of the Methodist Church with reference to Mr Prossers conduct but declines to make any further statement at present to the Department, except that he claims that Mr Prosser should not be paid in full for this quarter as he can only teach school 13 days till the quarter expires.

Sir,-

I have to acknowledge the receipt of your letter of the 17th inst. regarding certain complaints made against the teacher of the Georgina Island school, together with an explanatory communication from the teacher himself and a document signed by certain of the Indians of the bands expressing their satisfaction with Mr. Prosser; and in reply I beg to say that, from your report, it would appear that Mr. Prosser is taking necessary precautions to prevent his stock from doing damage to the property of the Indians.

However, with regard to his not reopening the school at the proper time, he should be informed that the Department expects him to attend to his duties as teacher first, and if it is necessary for him to attend to missionary work he should regulate his vacation so that it will not conflict with his official duty. The regulations of the Department call for 216 teaching days in the year, and if he wishes to draw his full salary, it will be necessary for him to have school open during that period.

The Deputy Superintendent General,-

Mr. Mulloy, Inspector of schools for the county of York, has sent in his report on the Georgina Island school, from which it would appear that the sooner a new teacher is obtained for this school, with proper qualifications, the better.

I send you Mr. Mulloy's report herewith, which shows that the school is a complete failure under Mr. Prosser. It is carried on under the auspices of the Methodist Church, and I would suggest that the attention of the Rev. Dr. Sutherland be called to the Inspector's remarks as to the unsatisfactory condition of this school and that he be asked to nominate a regularly qualified teacher to take charge of it after the summer holidays.

The school has been under Mr. Prosser for three years and it is time a change was made.

Sir,-

I have to acknowledge the receipt of your report of inspection of the Georgina Island Indian day school, addressed to the Minister of the Interior, together with your account for the same.

In reply I beg to say that a cheque will be sent you for the sum of $8.50 in payment thereof, but the Department would like you to send in a duplicate of this account, with a certificate attached in the following terms,- "I certify that this account is correct, the charges fair and just and that the whole of the expenditure was incurred on Government business".

The Department will be pleased to avail itself of your services in inspecting this school semi-annually, and, if you will communicate with the Deputy Minister of Education, Toronto, you will be furnished with blank forms and full particulars regarding such inspection.

The Department has noted the unsatisfactory condition of this school as indicated in your report and is taking the necessary steps to have it remedied.

Ottawa, July 3, 1908.

Rev. Sir,-

From a report just received from the Public School Inspector for the county of York on his inspection of the Georgina Indian school it is evident that the present teacher, Mr. Prosser, will never make a success of the school. He has no training as a teacher and does not know how to teach any subject as it should be taught. The InsDector found it a most difficult matter to tell anything about the classes or the attendance from the register, which was very badly kept. He says he was told that the school was very carelessly managed and that Mr. Prosser does not give proper attention to it and he says that he has no doubt of the truth of this statement, as there were too many proofs of neglect to form any other conclusion. The teacher complained that the pupils do not attend regularly. TheInspector remarks that the wonder is that they attend at all. He found the pupils deficient in almost every subject, although they were intelligent and obedient and under better teaching and management would make clever and useful citizens.

He recommends that a regularly qualified teacher

Dear Sirs.
The Public School Inspector Mr Walloy never visited ony School until the last School day before Election held on June 5th 1908.
He seemed very much reserved and demanded actual Certificate or qualification I held the first thing before any class was held. I was aware of his Coming and had every available Indian child present in order to give him the best reception we could. OF CANADA

It is agreed between the sender of the following message and this Company, that said Company shall not be liable for damages arising from failure to transmit or deliver, or for any error in the transmission or delivery of an unrepeated telegram, whether happening from negligence of its servants or otherwise, or for delays from interruptions in the working of its lines, for errors in cypher or obscure messages, or for errors from illegible writing, beyond the amount received for sending the same.

To guard against errors, the Company will repeat back any telegram for an extra payment of one-half the regular rate, and in that case it shall not be liable for damages beyond fifty times the amount received for sending and repeating.

Correctness in the transmission of messages can be insured by contract in writing, stating agreed amount of risk, and payment of premium thereon at the following rates, in addition to the usual charge for repeated messages, viz.: one per cent. for any distance not exceeding 1000 miles, and two per cent. for any greater distance.

This Company shall not be liable for the act or omission of any other Company, but will endeavor to forward the telegram by any other Telegraph Company necessary to reaching its destination, but only as the agent of the sender and without liability therefor. The Company shall be responsible for messages until the same are presented and accepted at one of its transmitting offices; if a message is sent to such office by one of the Company's messengers, he acts for that purpose as the sender's agent; if by telephone, the person receiving the message acts therein as agent of the sender, being authorized to assent to these conditions for the sender. This Company shall not be liable in any case for damages, unless the same be claimed, in writing, within sixty days after receipt of the telegram for transmission.

Sir,-

I beg to acknowledge receipt of your communication of the 2nd instant, #152127, referring to the unsatisfactory condition of the Indian School on Georgina Island. For some months past I have been aware of the condition of affairs, and have been endeavoring to secure a teacher of a very different stamp from Mr. Prosser, but have not yet succeeded in finding one whom I could confidently recommend. I will continue the search with all possible diligence, and hope to succeed in the not distant future.

I understand it to be the wish of the Superintendent General to improve the character of Indian Day Schools partly by improved buildings and plant, and partly by securing a better grade of teachers. I am heartily in sympathy with this policy, but venture to point out that it would be very difficult to secure thoroughly qualified teachers, willing to take charge of an Indian School, unless they can be promised a better salary than is paid at present. At Georgina Island it is essential that the teacher should be a married man.

Hoping to be able to submit, before long, a name that will be satisfactory,

Dear Sir,-

I beg to acknowledge receipt of your telegram of July 22nd, confirmed by your letter of July 23rd #152197, to the effect that the Department thinks it advisable that Mr. Prosser, the teacher at Georgina Island, be continued and given another chance of improving his school.

Since your letter was received I have had a personal interview with Mr. Prosser, and have tried to impress upon him the importance— indeed the necessity— of improving the condition of his school. I also instructed him to send at once to the Department, through the agent, a list of material required in the school. When this is received I trust the school will be opened under improved conditions and that there will be no occasion for further complaints.

Knowing that teachers of Indian Schools are sometimes embarrassed by the attitude of the Chief, or others, and having reason to believe that Chief Charles Big Canoe was somewhat hypercritical, I have written to him urging the importance of co-operating with the teacher instead of antagonising him, and to use his influence to secure the best possible attendance of pupils.

Hoping for good results,

I am, your obedient servant,

Dear Sir,-

I have another letter from Chief Big Canoe of Georgina Island, strongly urging the removal of Mr. Prosser from the school and I think probably not without reason. It might be inadvisable, however, to make a change immediately, as it would send Mr. Prosser adrift in the middle of the winter at a time when it would be difficult to secure a thoroughly competent teacher, but perhaps if some intimation were given that a change would be made at the end of the school year, it would quiet the minds of the Indians and avoid further friction.

The Deputy Superintendent General,-

Rev. Dr. Sutherland has written the Department in regard to the teacher of the Georgina Island school. For some time back the Indians have been dissatisfied with Mr. Prosser, their present teacher, and Dr. Sutherland is now satisfied that it would be in the interests of all concerned to remove him, but he considers that it would be a hardship to send him adrift in the middle of the winter, at a time when it would be difficult to secure a thoroughly competent teacher, and suggests that the change should take place at the end of the school year. This, he considers, would quiet the minds of the Indians and avoid further friction.

I would recommend that Dr. Sutherland's suggestion be approved of.

As we have been continually asking that this man John Henry Prosser should be removed from this Reservation, as a school teacher and missionary, as I have stated to you the reasons and facts against this man, as we never like this man. He is an odd and a queer man in his ways for a teacher and missionary. His own uncle says that he is a crazy man and so he is. Our church is going down, for he is not regarded as a missionary on account of his ways and we ask you to remove this man from this Reservation as we are getting sick of this man - in his odd ways We would soo rather be without teacher and missionary and to have this man where he is not wanted.

I can always tell from a man that you sent to us if he doing right and the man that do not satisfy the people in this Reservation as I have been a presiding officer chief, near by thirty years You have alway satisfy us with a good man. Can you not transfer this man to another place, if he is too well liked to the parties that send or hold them in this place against our will.

Dear Sir:-

With reference to your letter of January 14th. re complaints against Mr.J.H.Prosser, teacher of Georgina Island School I have to report as follows;

I interviewed the Agent with reference to Mr.Prosser's school, conduct, and attention to school matters and find that the agent held a very high opinion of Mr.Prosser and said that he was doing as good work as any teacher had ever done that had been there during his tenure of office. He said there had been some complaints in 1907 such as the teacher being absent attending some religious convention, but that he believed since then everything had been satisfactory. I also interviewed the Rev.Mr.Laidlaw, who is the Methodist Minister in charge of this circuit/ and he was of the opinion that Mr.Prosser was a very conscientious man and attended to his duties as missionary to his entire satisfaction. He also stated that the Rev.Mr. Moore, who is District Superintendent of the Methodist Church was also satisfied with Mr.Prosser's work.

I then visited the Reserve and in conversation with a number of the members of the Band I found practically no complaints in reference to Mr.Prosser, then I discussed the

matter with Chief Big Canoe who seemed determined to have Mr.Prosser dismissed. I asked him if it would not be wiser to allow him to finish this year and see if he would not give satisfaction during that time, but he insisted on a public investigation being held, which I held yesterday; I invited and had present practically the whole male membership of the Band, I invited them to state their grievances and there was no one in the Band with the exception of the Chief who would say they had any fault to find with the teacher. The Chief, however, was not satisfied and desired that I should take a vote of the members of the Band which I did; Big Chief Canoe moved and James Charles seconded - Resolution; "That we the members of this Band assembled do hereby place on record our dis-satisfaction with our present teacher." I then took a vote of the Band and twenty-five per cent. only supported the Chief's resolution/ seventy-five per cent. voting that they were satisfied with their present teacher. I,therefore,take it that there is no general dis-satisfaction in the Band, and on the contrary according to the vote and all information I was able to obtain, I think that Mr.Prosser is giving as good a satisfaction as any teacher that ~~possibly~~ would reside for any considerable length of time on the Island. I do not desire to discuss School Inspector Mulloy's report, but I am of the opinion he might have tempered his judgement with mercy, as the course I generally pursue in matters of this kind, if there is a subordinate

officer who it is believed is not performing his duties to the entire satisfaction of the Department, is to point out to that officer wherein he is derelict in duty, and if there is a further complaint, I would have no hesitation in recommending his removal. This was the first time Mr.Mulloy had ever visited this Indian School, and perhaps the only Indian School he had ever visited, and I might say the former Inspector's report is entirely at variance with the more recent report of Mr.Mulloy.

After the decision of the Band I informed them that the Chief was perfectly right in making complaint if the school was not properly conducted, but had advised them since the band had voted in favor of retaining the teacher, to offer him any assistance they could in maintaining a good attendance and to work in harmony together. I also told Mr.Prosser to conduct the school at all times so that his work would always bear scrutiny.

If the Department in its wisdom decides to continue the teacher in office, I think he will conduct himself in a satisfactory manner. I would suggest and think it only fair that he be retained in his present position, owing to the expression of opinion as presented herein by the Band and others.

INDIAN DEPARTMENT
FEB 8 1909

Gentlemen,

I have served as teacher on Georgina Island among the Indians of that reserve. My term as teacher in the little school there extended from Aug. 1901 to Oct. 1903.

I am now a teacher in an important town school. Last January I became Principal of the Public School here. My qualifications are not sufficient to enable me to hold the school. Relying upon my ability to furnish proof of 10 years of successful service as a Public School teacher, I engaged to teach here - The Ontario Government -

In the hope that you can assist me in this matter I bring it to your attention. I have written to Mr. A.B. His reports were forwarded to the Indian Department at Ottawa and I suppose placed on file. Would it be asking too much of you to request a certificate of my time and the nature of my services. I cannot give the dates of the Inspectors visits. I will

The Deputy Supt. General,-

Mr. Hugh L. Tweed has written the Department for a testimonial as to his services while engaged as teacher of the Georgina Island Indian school.

I have prepared one in the form of a certificate which you will be quite justified in signing, as he was employed from August 1901 to October 1905, and during that time his services were satisfactory, as shown by the Inspector's reports.

This school is conducted under the auspices of the Methodist Church and Mr. Tweed as was a nominee of the Rev. Dr. Sutherland, approved of by the Department. He requires this testimonial to obtain his permanent certificate as an Ontario teacher, as he has to show so many years successful teaching, during four of which he was in the employ of the Department.

Dear Doctor Sutherland,-

Referring to your letter of the 5th ult., inclosing a copy of a communication addressed to you by Chief Big Canoe, of Georgina, urging the removal of Mr. Prosser, teacher of the Indian school on the island, I beg to say that upon receipt of the same the Department sent its Inspector, Mr. Ramsden, to investigate the charges made against Mr. Prosser and report thereon.

There is nothing in Mr. Ramsden's report that would justify the Department in dismissing Mr. Prosser, as he is highly spoken of by your District Superintendent and Minister in charge of his circuit, and the resident Agent also speaks well of his work as teacher.

The Inspector called a meeting of the band and discussed the matter with them, and Chief Big Canoe, who was present, moved the following resolution,- "That we, the members of this band do hereby place on record our dis-satisfaction with our present teacher". This resolution was only supported by twenty-five per cent of the members present, seventy-five per cent voting against it.

The Department trusts that the Inspector's visit will have a good effect on the Chief and the Teacher and that they will endeavour to work harmoniously in future.

You will, therefore, be good enough to notify Mr. Prosser that his services will be retained.

Dear Sir,-

I beg to acknowledge receipt of your communication of the 19th instant, #152197, referring to the teacher of the Indian School at Georgina Island, and what is reported to be his lack of courtesy toward the Inspector when visiting that school. From correspondence which reached me shortly after the Inspector's visit, and from information that came through other sources, I have reason to think that some political feeling, as between the Inspector and Mr. Prosser, was at the bottom of the difficulty. At the same time that is no reason why the Inspector should not be treated courteously, and all necessary information given him respecting the school. I will therefore write to Mr. Prosser on the subject and trust there will be no cause of complaint in the future.

Dear Sir:-

As yet we have not secured a teacher for Georgina Island. I have reason to think that Mr. Cornelius Kyoshk, who taught a school for some years on Walpole Island, would be willing to take this position. I wrote to Chief Big Canoe, and he informs me that he knows Mr. Kyoshk and is willing that he should have a trial at Georgina Island. I am under the impression that Mr. K. has not been in good health, and have heard a rumor that he has been spending some time at the Gravenhurst Sanitarium. There may be other facts bearing upon this case of which I am not aware, but would be glad to be informed if you think it advisable that the experiment should be made of appointing Mr. Kyoshk, at least temorarily.

Rev. Sir,

I have to acknowledge the receipt of your letter of the I5th instant in reference to the temporary appointment of Mr. Cornelius Kyoshk as teacher of the Georgina Island School, from the first of January next.

In reply I beg to say, for your information, that Mr. Kyoshk is only the holder of a High School Entrance Certificate and of course has no professional qualifications, and there could be very little hope of his raising the standard of the school, which was the object in dispensing with t e services of Mr. Prosser.

In the interests of the Indians a teacher with proper qualifications should be had if at all possible, and as there are yet over two months till Mr. Prosser's resignation takes effect, the Department hopes that you will be able to secure such a person for this school. The Department will be prepared to pay a salary of $400.00 per annum for a competent teacher with the necessary certificates.

If you are not able to obtain applications from suitable persons for this position kindly advise the Department in good time so that it may make inquiries with a view to making the appointment of a successor to Mr. Prosser, as it is not desirable that he should be

Rev. Sir,

Referring to the resignation of Mr. J. H. Prosser, teacher of the Georgina Island school, which takes effect on January 1st, next, the Department would like to have him appointed to a similar position at some other school conducted under the auspices of your Church. Although Mr. Prosser's usefulness at Georgina is undoubtedly ~~[illegible]~~ impaired, owing to the strained relations existing between him and certain members of the Band, there is reason to believe that in a new field his services would be productive of good results, and the Department considers his case worthy of consideration.

As you are aware the Saugeen Village school will be vacant at the close of the current quarter, and Mr. Prosser might be appointed to fill that vacancy. He has expressed his willingness to go to the Gibson reserve, and as an alternative to the above mentioned proposal Mrs. Yarwood might be transferred to Saugeen and Mr. Prosser to Gibson. This would not, in the opinion of the Department, be prejudicial to Mrs. Yarwood's interests.

The Department is confident you will appreciate the motive actuating it in endeavoring to make suitable provision for Mr. Prosser and that it will have your concurrence in carrying out either of propositions above mentioned; which ever may be deemed the more expedient.

As it is urgent that this matter be dealt with at

Re. Georgina Island School.

I was on the Island from the evening of the 9th to the morning of the 12th instant and arranged a truce between the teacher and the Chief, the latter agreeing to Mr. Presser's remaining until the first of April. This would give him an opportunity to secure another position and I suggested to him that he might try and arrange a transfer with Mr. Cork, who is at present teaching at Chemong. He would be well pleased if such an exchange could be arranged and I do not see that there should be any difficulty about it.

Mr. Cork, who is a superannuated Public School teacher, told me that his wife did not care to go to live at Chemong permanently, and as his family all live in Toronto he could easily get home from Sutton by the trolley car which makes the trip in less than three hours, whereas it is more than a day's journey from Chemong to his home.

Mr. Presser is a personal friend of Chief Wetung, who is an easy man to get along with, while Chief Bekannew is the reverse. The difficulty betwen him and Mr. Presser being that they are both local preachers and neither one wished to give way to the other. While Mr. Cork is a member of the Methodist Church he would raise no objection to Chief Bekannew holding services as frequently as he liked, which is his ambition and the chief cause of trouble between him and Mr. Presser. I think if this exchange could be arranged it would be agreeable to all parties.

I met Mr. Milloy, the Inspector who sent in the adverse

adverse report on Mr. Prosser and from a conversation I had with him I concluded that it was more a question of offended dignity than a lack of teaching ability on Mr. Prosser's part that led him to make the report he did. He admitted to me that Mr. Prosser was competent to teach in an Indian school. While Mr. Prooser has his peculiarities he is a earnest, good man and well thought of in the community, and I am sure would do better at Chemong. It would be time enough to make an exchange after the holidays as it is impossible for him to leave the Island till the ice is formed, in fact I think the end of March would be the most suitable time for him to get off the Island.

Rev. Sir,

Since writing you yesterday an officer of this Department has returned from a visit to the Indian reserves in Central Ontario, including Georgina Island and Chemong, and he suggests that Mr. Cork and Mr. Prosser should exchange schools. He has explained the situation and the Department considers that it would be in the interests of both schools that this transfer should be made and it would like you to take the necessary action to have it carried out as soon after the Christmas holidays as possible. Mr. Cork would be paid at the same rate as he receives at Chemong, and it would be much nearer to Toronto where his family reside.

A temporary arrangement has been made with the Chief on Georgina Island who has agreed to refrain from interfering with Mr. Prosser until his transfer takes place, and the appointment of Mr. Cork would be satisfactory to him.

Dear Sir,- 56578

I beg to acknowledge receipt of your letter of the 14th instant #,52197/1 referring to the resignation of Mr. J.H.Prosser from the Georgina Island Indian School, and other matters in this connection. If there were any opening where Mr. Prosser's services could be utilized I would willingly give him every chance. One of the difficulties I see in connection with some of your suggestions is that neither at Saugeen nor Gibson is there a house which Mr. Prosser could occupy. However, I will ascertain as quickly as possible what arrangements are practicable and will write the Department again.

I may add that in a letter from Chief Big Canoe, of Georgina Island, he mentions that arrangements were made by an agent of the Department to allow Mr. Prosser to remain at Georgina Island until the first of April. If this is the case, and the Department has agreed thereto, it would give time to adjust matters more satisfactorily.

safely on the other side late that night. On Thursday morning I called on Chief Bigcance who had asked for the removal of Mr. Prosser from the school and made temporary arrangements about Mr. Prosser, both agreeing that he should give up the school by the 1st of April. This was satisfactory to both the Chief and the Teacher and was the best way out of the difficulty that I could see, as the Chief was insistent that Mr. Prosser should leave and was backed up by Dr. Sutherland and the Public School Inspector, and, in fact, Mr. Prosser had already sent in his resignation. I inspected the school and found 5 Indian boys present, no girls. There was a heavy snow storm, the first of the season, which may have accounted for the small attendance although they knew I was on the Island for the purpose of visiting the school and a better showing might have been expected. The children were backward and considering that Mr. Prosser has had charge of the school for four years better results should have been apparent. He has experienced opposition from the Chief, who wishes to be at the head of affairs on the Island, both spiritual and temporal, and as Mr. Prosser was not willing to recognize the Chief as his head or take directions from him trouble began, and the only solution of the difficulty will be the removal or transfer of Mr. Prosser to some other field. While Mr. Prosser has his peculiarities he is an earnest, good man and well thought of in the community, and, although teaching school is not his strong point or his proper vocation, he has sufficient education to conduct an Indian school if surroundings were more congenial.

Rev. Sir,

In reference to previous correspondence regarding the position of teacher for the Georgina Island school I beg to say that the Department has been ~~patiently~~ awaiting a definite reply to its letter of the 15th December, last, in which it was suggested that Mr. Cork and Mr. Prosser should exchange schools.

While Mr. Prosser has not been successful on Georgina Island owing to the opposition of Chief Big Canoe, it is thought he would do better at Chemong, where he would have the support of Chief Whetung. Chief Big Canoe is known to be anxious to have Mr. Cork placed in charge of the Georgina Island school and there is an excellent field for his abilities there.,

The proposed change, if arranged, should be made before the ice breaks up, as it would be a difficult matter for Mr. Prosser to remove his household effects and stock later than the middle of March.

The Department would like to have an early and favourable reply.

Dear Sir,- 359655

Referring to your letter of February 21st. #152179/1 re the change of teachers between Chemong and Georgina Island, I beg to say that I wrote promptly to Mr. Cork bringing the matter to his attention, and advising the change that had been proposed. I did not receive his reply till within the last three days. Reading between the lines I infer that he would like to stay at Chemong, but as he puts it; "If the great Methodist Church and the Dominion Government put their heads together there is no use of saying no." The only reason Mr. Cork has not answered more definitely is that he is waiting for a communication from members of his family. I quite recognise the importance of a speedy settlement of the question, and will press the matter to a decision as quickly as possible. I may say further that Mr. Cork has recently met with Chief Big Canoe of Georgina Island, and seems to have established quite friendly relations with him. This may help to solve the matter.

In reply to your letter of Dec. 31, 1910 I may say that as the pupils of this school are such active players of games I thought a systematic calisthenic drill to be quite necessary. In the summer the boys play base ball, wrestle and have racing contests. I also taught them to skate last year as they never saw before. The girls play "tip" or "tag" and other running games. In winter the boys have hockey or "shinny" on the ground, wrestle, "pull away" or "turn out back", while both boys and girls join in the game of "tip" or "tag", "blind man's bluff" &c. The children never stay in the school house except during school hours. They always come in from recess refreshed and breathing hard. However, I shall be subject to the powers

Dear Sir:—

Saturday Nov. 15 is the 50th anniversary of my marriage. We (my family and other relatives) propose to celebrate the occasion and hereby respectfully ask the department to grant me Friday the 14th and Monday the 17th of November to enable me to attend the celebration at my home in Toronto. There would be a risk in putting off going down to Toronto till Saturday as the crossing to the main land is very uncertain this time of the year.

I asked the agent Mr. Bourchier to write for me but he thought I had better write direct

Dear Sir:-

449569

After doing good service here for over four years at a ridiculously low salary for a man of my standing I hereby respectfully enquire whether there is any prospect of my salary being increased. In my last Public School in the Town of Waterloo where I was Principal for nearly 20 years I received a salary of $1000 but as in some other places (Toronto for example some of the trustees not the public) got it into their heads, but wrongly, that I had missed my useful prime on account of my age while I was doing as good work as any teacher in the County, having graded 34 out of 38 candidates at the last entrance examination in 1907. I am just as able to teach now as I was 40 years ago, being in perfect health both physically

and mentally. I have as good testimonials from trustees and inspectors as any teacher in Ont. I have done good work here and the people are well pleased; in fact there has never been a man of my standing as a teacher here before!

Now if the salary allowed for this reserve is not an unchangeable sum I would respectfully ask that my salary be increased by $100, the said increase to count from the beginning of the present term or quarter.

Dear Sir:-

In reference to the school at Georgina Island - I have had a conversation with Mr. George Cork, the efficiency of whose services at that place for several years has been recognized by the Department. A short rest has greatly improved his condition of health and Mr. Cork now informs me that he is willing to continue in the position until at least the end of the calendar year. This offer has our hearty endorsation, and if it should prove acceptable to the Department I hope that it will be possible to pay Mr. Cork on the same basis as if his resignation had not been presented. During the months when the school will be open his period of service will have been continuous and as the remuneration is on a per annum basis, his request seems reasonable that no deduction should be made for the holiday season on account of the fact that he contemplated severing his relations with the school.

Dear Sir:-

I beg to acknowledge receipt of your letter in reference to an application from Miss Gertrude Lawrence, Saskatchewan, for a position as teacher in an Indian Day School in Ontario.

I should be very glad to cooperate with the Department in securing the services of Miss Lawrence when a suitable vacancy occurs.

During the summer, while attempting to secure a teacher for Georgina Island, the question was discussed as to the advisability of offering the position to a lady, but all of my informants agreed that such an arrangement would not be desirable on account of the conditions under which the teacher must live on the Island, isolated from white people. Since that time, the Committee of our Church who are in touch with conditions at Georgina Island, have sent us a resolution strongly advocating securing a married man for this position, on the ground that a Christian home is very much needed as an influence both upon the school children, and throughout the community.

As the Department is probably aware, the Missionary Society have a fairly comfortable, furnished house at this place which was formerly occupied by a married teacher.

Repeated advertisement both in our church paper and in the daily press has brought only one inquiry concerning the Indian Day School at Georgina Island. If the man who answered becomes an applicant he will not be immediately available.

By personal effort I have secured the prospect of a suitable supply, whose name I beg to submit to Mr N. L. Leeson, an undergraduate of Toronto University, who for financial reasons is willing to go out teaching for the balance of the school year, if necessary. Mr Leeson has been well-known to me all his life & can personally vouch for his ability and general qualifications of character and temperament. I hope that the Department will be able to accept his services at the regular rate of salary for the balance of year or until some permanent arrangement can be made. This will enable us to open the school next week

Sir,-

The Department is in receipt,of a communication from Mrs. A. J. Taylor, teacher of the Georgina Island Indian school, in which she states that two boys of her school wish to try the entrance examination in June and that she finds from the instructions she has received from you that they cannot have the same privileges as pupils of schools which have been visited and approved of by a county inspector. She says that she is preparing the boys in all subjects, but would like to have you visit the school before the 21st of June, next.

The Department would like you to inspect this school twice a year, once in the term between September and December and once between January and June, as you did formerly. You will be allowed $6.00 for each inspection and your actual travelling expenses from the nearest place on your regular route. I have to ask you to be good enough to make your first inspection of this school before the 21st of June, next. After each inspection you should forward a report on the form provided for that purpose, a supply of which is being sent you under separate cover. With each report you should forward your account, in duplicate, for the amount due you for the inspection.

Dear Sir:-

I beg to nominate Mr. Joseph Keene, of Hickson, Ontario, for the position of teacher of the Georgina Island Indian Day school.

Mr. Keene is twenty years of age, and holds a certificate of Normal entrance for the Province of Ontario. He is highly recommended as a student of unusual ability, and a young man of marked energy and good character.

After considerable correspondence between us, I have very great satisfaction in recommending him as the sort of young man for whom we have been looking to take this position at Georgina Island.

Dear Sir:

- Re Georgina Island Indian Day School -

I have yours approving the appointment of Mr. Joseph Keene as teacher of this school, and adding an enquiry as to arrangements made with him in regard to salary.

In reply, I beg to state that in my correspondence with Mr. Keene I followed our usual custom of furnishing information as to the salary paid by the Department during the past year, namely $500.00. Of course I offered no guarantee to Mr. Keene that the rate would be the same for next year. This, however, was the assumption on my own part in nominating him for the position.

I should be glad to have your confirmation on this point. In the meantime, the matter is of sufficient importance to be referred to in a separate letter.

Mrs. Taylor has been notified. In fact, she has been kept in touch with my course of action throughout.

Dear Sir:-

In answer to advertisements for a teacher for Georgina Island, and a good deal of personal enquiry, I have received only one application, that is from Mr. W. E. Jones, of 23 Toronto Street, Toronto.

Mr. Jones is an Englishman of about forty years of age, who was engaged in several forms of mission work before coming to Canada some five years ago. In addition to a common school education in the old land, he carried on courses of study in preparation for and in connection with his mission work. Last winter he took courses of lectures in several subjects at Victoria College, Toronto, and secured creditable standings in his examinations. He is married but has no children. His wife shares his desire to take up such a form of work as is open to the missionary-teacher at Georgina Island.

From the standpoint of the Missionary Society I believe that Mr. Jones would be an acceptable worker at this point. His English education and further experience leads me to believe that inspite of the lack of provincial academic and pedagogical standing, he will be able to carry on the school with general helpfulness and increasing efficiency as he becomes accustomed to the work. In the

light of all the information which is to hand, including the fact that no other applicant has appeared for this position, I beg to recommend that Mr. Jones be appointed to the position as a supply, at the regular rate of salary. If his services prove satisfactory to the Department, the appointment can be continued indefinitely. In any case, the work will be carried on until such time as we are able to secure a qualified teacher.

I shall gladly share with the Department, if necessary, the responsibility of ascertaining whether his services as teacher of the school prove to be satisfactory from an academic standpoint.

SCHOOL.

The teacher, Mr. Jones, is an Englishman who has never taught school before. He is, I think, qualified to take up all the lessons but he has no idea what to teach each class. He should be supplied with the Ont. Dept. of Education's school manuals for 1915, which takes up each subject and outlines the lessons that should be taught to each class. There is a separate manual for each subject, eleven in all and they can be bought for about $2.00 per set. I can secure them and mail them to him if so instructed. These manuals will be a great assistance to teachers who have not had normal training.

EXTRACT

There are 22 pupils on the roll, 28 of school age on the Island. The average attendance is 18. They have no truant officer at present. One should be appointed at a salary of about $12.00 a year, to be paid when the attendance is 75% or better of the total number of children on school age and no pay when the attendance falls below this.

The closets should be moved as they are too close together. The girl girl's closet is good but the boy's is small poor. Too small with no shile A new one should be constructed.

AGRICULTURE IN THE SCHOOL.

For next year the Chief has promised to prepare a school garden and to organize a school fair. The Indian Agent should be notified to give him every encouragement in this.

There is a school Teacher on Georgina Island by the name of W. S. Jones. He keeps a vicious dog and it has killed some fowl belonging to an Indian and so injured one of his cows that she lost her calf. Dear Sir:

Re Georgina Island:

Your letter is to hand enclosing a copy of a letter from Mr. A. Crozier, threatening action against the missionary for damages done by his dog.

By unexpected good fortune I was able to have an immediate interview with Rev. J. W. Arnott, of Sutton, who is Superintendent of this mission and has been closely in touch with the whole situation. As usual there are two sides to the story. In the main, however, the allegations against the missionary's dog are admitted. The charge of being abusive to the aged chief, or more correctly, the ex-chief Charles Big Canoe, is explained by the fact that the old gentleman and the missionary had a rather serious altercation in a public place. According to my information neither of them recall the argument with any special pride or pleasure.

Rev. Mr. Arnott has interviewed the missionary, the lawyer, the Indian Agent, Mr. Boucher, the ex-chief Charles Big Canoe, his son Albert, with whom the old gentleman makes his home, and other members of his family. He assures me that there is a disposition all round to settle the matter without legal procedure, and at least a possibility of restoring reasonably good relations between the missionary and the Big Canoe family.

In view of the obvious advantage of such a course, I beg to recommend that the matter be placed for settlement in the hands of Rev. J. W. Arnott and the Indian Agent, Mr. Boucher, and that all parties be advised to accept their settlement. Mr. Arnott has expressed his willingness to undertake this work in cooperation with Mr. Boucher if it is the wish of the Indian Department.

In the meantime, I shall very strongly urge upon

the missionary the necessity of adopting a reasonable and gracious attitude toward the other parties in the difficulty. If he fails to do this and thereby makes a settlement impossible, I will at once cooperate with the Department in his removal or transfer to some other school. My information from all sources is to the effect that he has done excellent work both in the school and on the mission, and on this account I should like to avoid the closing of a successful term in such an unfortunate manner. I feel sure that the Department will be equally anxious to assist in securing the acceptance of a reasonable arrangement by the other parties to the controversy.

If a settlement should be effected, then we shall be able to judge whether it is still necessary to contemplate the transfer of Mr. Jones, say at the end of the present school year.

All of which is respectfully submitted.

Yours very truly,

JHA/M

Sir,—

Re Mr. Jones.

I have to acknowledge receipt of letter No 15-2197-1 March 8th in reply to the first charge of keeping a bevies dog I think it is not correct, the dog was young and unfortunately not broken they found control a flock of lambings Came to Mr. Jones' pasture and when Mr. Jones was driving them out the dog naturally took a hand in, and the result was the death of one of the little lambs before Mr. Jones could call the dog off; this happened in the early part of last summer. Mr. Jones drove the dog away, but it came back again I think in the early part of the winter Mr. Jones was then ordered to keep it or she took made a pet of it. However after the complaint was made about the dog chasing the cattle they had the dog shot. I have tried to have the Rifle Corps drop the matter but do not know yet if I have been successful. Mr. Jones declares that he had not the slightest intention of being obnoxious either to the Ind Chief or Mr. Abbott Rifle Corps Mr. Jones may be a little excitable but very anxious to lead the people into a right way of living.

Dear Sir.

Today I received a letter from one John Ames of Maberly, Ont. asking for a testimonial.

During May and June 1916 I was doing supply work on Newtonville Circuit Bay Conference and it was there I met Mr. Ames: he was teaching in one of the school-sections on that district. At that time Mr Ames was quite active in Church work. He did very acceptable work in the Sabbath School and preached for me once Sunday when I was absent and his efforts were well received by the friend of the church.

My acquaintance with Mr Ames is quite limited, but I can testify to his reputation so far as I have known of him: everyone in the circuit seemed to respect him, and he impressed me as being very earnest and sincere. I do not know much of Mr Ames but what I know is good.

Very truly Yours.

Mr. John Agnew taught the Reaboro Public school during the year now closing and brought it up from a very low condition to a state of great efficiency. His pupils that wrote for Entrance were exceptionally successful, and not only did they excell in their studies but the moral tone of the school also improved very much under his care. I have therefore no hesitancy in stating that no Public School Board can make a mistake that honors him with its confidence

- Re Georgina Island Indian Day School -

Dear Sir:

This position will become vacant if the Department accepts my recommendation to move the present teacher to Christian Island.

I beg to nominate as teacher of the Georgina Island School Mr. John Ames, of Maberly, Ontario. His application formerly presented for the Christian Island School and copies of references are submitted.herewith.

You will note that Mr. Ames' application is for $700 per annum. In a personal interview I have informed him as to the present salary at Georgina Island, but as under the conditions now prevailing in the country there seems no hope of securing a qualified teacher for any Indian day school at $500, I beg to submit for the consideration of the Department the placing of the salary at this point at $600.

Dear Sir:- Re Georgina Island Indian Day School.

I beg to nominate a teacher for this school, Mrs. E. E. Spencer of Bowmanville. Mrs. Spencer has a first class professional certificate, having taken courses at Model and Normal Schools and the Faculty of Education, Toronto. She has had ten years experience and during that time sent forty-eight pupils to try the entrance examination, forty-seven of whom were successful. Mrs. Spencer is the wife of one of our ministers, who is now in his third year of military service overseas.

In view of these facts, the Missionary Society is willing to accept Mrs. Spencer's services in connection with the church, for which a man would naturally be preferred.

In recognition of Mrs. Spencer's unusual qualifications and successful experience, I beg to recommend that she receive a salary of not less than $600.

In view of the short time before school opens, I should be glad of an immediate reply.

Dear Sir:

- Re Georgina Island Indian Day School -

With reference to this school, which is the only one in Ontario in connection with the work of the Methodist Church for which no nomination has as yet been submitted, I beg to say that we have been unable to secure an application for the position at the salary now paid by the Indian Department. I do not know whether the war bonus previously voted to teachers is still being paid, or whether we are at liberty to refer to it in stating the probable remuneration in connection with one of these schools.

The most promising applicant, or probable applicant, for the position at Georgina Island is Mr. Redvers Brown, Tweed, Ontario. Mr. Brown has normal entrance and junior matriculation standing but is without actual teaching experience. He is 19 years of age, of good family, a member of the Methodist Church, and with such recommendations as to Christian character that the Missionary Society would be willing to commit to him such duties as are usually expected of the teacher in connection with the religious welfare of the people. He is in negotiation with other school boards and naturally the question of salary has arisen.

I beg to recommend his appointment to this position and hope that the Department will find it possible to fix the salary at a figure which, including the war bonus if it is to be continued, will amount to a total of $700 for the year.

Ottawa, September 11, 1919.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 9th instant recommending that Mr. Redvers Brown of Tweed, Ont., be appointed teacher of the Georgina Island Indian Day School and stating his qualifications, etc.

In reply I beg to say that the Department will approve of the appointment of Mr. Brown and will allow him a salary at the rate of $600.00 per annum. He will also be entitled to receive the bonus allowed to teachers for the current fiscal year, which is payable at the rate of $150.00. The Department would like you to be good enough to inform Mr. Brown of his appointment and arrange with him to take up his duties at as early a date as possible.

Mr. Agent Bourchier is being advised of Mr. Brown's appointment and requested to give him every assistance he can in his work in the school.

Your obedient servant,

Asst. Deputy and Secretary.

You will please find enclosed a requisition from the school teacher on Georgenia Island for supplies.

The drinking tank , soap, Basin , towels etc were sujested by myself as the need for them was very apparent

The new teacher Mr Brown is having some difficulty with unruly children and has been censured by the parents. I would recoo-mend that you write him instructing him how far he would be justified to go in subduing an unruly child also the proper method of administering punishment. He does not seem to be clear on these points.

Dear Sir:-

I have secured a teacher for Georgina Island in the person of Miss Grace Martin. She does not possess a certificate but she has been teaching with great success on the Six Nation Reserve. She has promised to secure for me a recommendation from the Inspector, but this of course will take some days. You will be perfectly safe in verifying this engagement not only for the reason that Miss Martin has made good, but for the further reason that it is very difficult to secure a teacher for Georgina Island. I consider we are very fortunate in this appointment.

Yours faithfully.

Report of Inspector Standing on the work of Miss Grace Martin while teaching the No. 6 School on the Six Nations Reserve.

No certificate, attended Collegiate Institute for three years. She is doing well under the circumstances, has good discipline and teaches successfully. The pupils present seem to be working well and show fair ability in arithmetic and English. Primary grades getting well started. One entrance pupil doing very well, the first, I think, from this school. Salary paid $600.00. Miss Martin has had two years' experience as teacher.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 16th instant nominating Miss Grace Martin, who formerly taught the No. 6 Day School on the Six Nations Reserve, as teacher of the Georgina Island Indian Day School.

In reply I beg to say that, while she has no professional qualifications, having only attended the Collegiate Institute for three years, the Public School Inspector who inspects the schools on the Six Nations Reserve reports that she taught fairly successfully during the two years she was at the No. 6 School.

In view of the fact that it is very difficult to secure a teacher for the Georgina Island School, the Department, although desiring that teachers with professional qualifications be secured, will approve of her appointment, her retention in the position to depend upon the success with which she meets in the work. Her salary will be at the rate of $600.00 per annum, together with the bonus additional at the rate of $150.00 per annum during the period which it is contigued to teachers in Indian day schools. Dear Sir:

Referring to your letter of July 7th, No. 2-1-8, addressed to Rev. Arthur Barner, I note from the last paragraph that the Department approves of the present teacher at Georgina Island remaining for another year.

Miss Martin was in our office yesterday and says that she feels that she cannot carry the work on for another year at the limited salary she has been receiving. She says the work is hard and there is much of it; also, she has been informed that the teacher at Parry Island, where the circumstances are much similar, is receiving a considerably larger salary. You are, of course, in possession of information through your Inspector as to how satisfactory Miss Martin's work is. I am writing on her behalf, as well as on our own, to know whether there is any likelihood that an increase in her salary will be considered if she returns to her work for another year. I should appreciate a reply on this point in the near future.

I am,

Faithfully yours,

A. Lloyd Smith

MEMORANDUM:

Acting Deputy Superintendent General
of Indian Affairs.

Rev. A. Lloyd Smith, Assistant Secretary, Board of Home Missions of the Methodist Church, requests that an increase in salary be granted to Miss Grace Martin, teacher of the Georgina Island Indian Day School, which school is conducted under the auspices of the above named church. After an interview with Miss Martin he states that she will not go back to this school another year unless she receives an increase in salary.

Miss Martin is an Indian, 27 years of age. She has had three years' experience as teacher in Indian schools, two of which were on the Six Nations' Reserve, and last year at Georgina Island. She has no professional qualifications, having had only a high school training. Salary allowed is at the rate of $600 per annum, together with bonus at the rate of $150. She also receives $50.00 for mission work from the Methodist Church. Favourable reports have been received regarding her work, and that she is making a success at this school.

Rev. Mr. Smith points out that the teachers at Parry Island, where the circumstances are similar, are receiving a considerably larger salary than Miss Martin. Miss Huffman who taught the Ryerson School was paid $800 per annum and bonus of $150. She has had normal training and a 3rd class certificate. Mrs. English, who taught the Shawanaga, received a salary of $750 per annum and bonus at the rate of $150. She also had a 3rd class professional certificate, with model training.

Owing to the isolation of Georgina Island it is difficult to obtain a good teacher, and as Miss Martin has done good work it would be advisable to retain her services, and I would recommend that she be granted an increase of $100 from the beginning of the new school year. The Band Funds contribute $250 towards the salary and the balance is paid from the general vote for Indian education.

Sir, -

The Department is in communication with the authorities of the Methodist Church regarding the appointment of Miss Grace Martin as teacher of the Georgina Island Indian Day School for another year. The church authorities are being informed that if Miss Martin will return when this school reopens after the present holidays an increase of $100 per annum will be allowed her in her salary. This will provide a salary at the rate of $700 per annum, and she will also be entitled to the bonus allowed teachers of Indian schools during the present fiscal year at the rate of $150 per annum.

It is hoped that she will assume duties for another year.

Reverend Sir, -

I have to acknowledge the receipt of your letter of the 29th ultimo regarding the retaining of the services of Miss Grace Martin for another year as teacher of the Georgina Island Indian Day School.

In reply, I beg to say that, if Miss Martin will return and take charge of this school for another year, the Department will grant her an increase of $100 in salary, which will make her salary at the rate of $700 per annum, and she will also be entitled to receive the bonus for the present fiscal year at the rate of $150, making a combined salary and bonus of $850. She has no professional qualifications, and it is considered the salary that will be allowed her is equal to that paid the teachers in the surrounding white schools having normal training.

You are, no doubt, aware of Miss Martin's address, and I will be pleased if you will inform her of the increase in salary granted, and ascertain from her definitely whether she will return when the school reopens after the present holidays or not. I will be pleased to be informed as to her decision in the matter.

On July 29th I wrote you in reference to an increase in salary for Miss Martin, the teacher of the Indian School at Georgina Island.

Inasmuch as Miss Martin has expressed herself as unwilling to return to Georgina Island unless her salary be increased, and as it will be necessary for us to secure by advertisement some other teacher to take her place in case the increase is not allowed, we should like to know just as soon as possible whether you are favorably considering the matter of salary increase for this teacher.

We understand from Chief Big Canoe that Miss Martin has proven herself a woman of real talent and character in dealing with the Indians, and that her work in the school has been very successful.

We would appreciate an early reply.

OTTAWA, July 22nd, 1922.

Reverend Sir -

I have your letter of the 17th instant, with reference to the case of Miss Frances Summers, teacher of the Oka Country School.

In reply I beg to say that the dissatisfaction as to her services was expressed by the Indians only, but, in view of the fact that they have taken a rather decided stand in their request that another teacher be appointed, it is advisable, in the interest of the work, that another teacher be secured. The nomination of Miss Summers for some other Indian school conducted under the auspices of the Methodist Church will receive consideration.

We have no teacher in view for the Georgina Island Indian Day School. Miss Grace Martin, who taught this school last year, is taking charge of the Roe Orchit school after the summer holidays. It will be necessary to secure the services of a teacher to replace her at Georgina Island, and I shall be pleased if you will nominate a teacher for this school. The name, qualifications and experience of the teacher nominated should be forwarded for the consideration of the Department.

Regarding the Gibson Indian Day School, I beg to say that insofar as we are aware Miss Hinch will again resume duties when the school reopens after the holidays. We have had no intimation that she intends to resign.

Regarding a teacher for the Chemong (Mud Lake) Indian Day School, I beg to say that the services of Miss Brown will be satisfactory, and the Department will approve of her re-engagement for another year.

We have not yet appointed a teacher for the Christian Island school. This matter has been left in the hands of the Band in Council, and we hope that they will very shortly succeed in obtaining the services of a qualified teacher.

Your obedient servant,

D. C. Scott

Dear Sir:

I have your letter of August 24th re teacher for Chemong Indian School, etc., and have this morning notified Miss Browne that you approve of her re-appointment, intimating that she will be expected to resume her duties there about September 5th.

I have a letter this morning from our minister at Sutton West, in which he states that if we have not secured a teacher for the Georgina Island School, he is of the opinion that Lorense Big Canoe, a grandson of ex-Chief Charles Big Canoe and a graduate of Albert College, might take charge of this School. I have written for a statement of his qualifications for such a position; also, for testimonials as to his character, etc. In the meanwhile, I am wondering whether you have any knowledge of this young man which would lead you to favor, or otherwise, his appointment to this position. I am not sure whether he has ever taught school; in fact, I know nothing about him other than that one of the Indians on Christian Island, who was opposed to the Council nominating the teacher, wrote me that he had heard that the Council was going to nominate Lorense Big Canoe for Christian Island, and, if so, it would be satisfactory to those who were opposed to the Council having this matter in charge.

I will report to you immediately that I have definite information from any source about Mr. Big Canoe.

Reverend Sir -

I have to acknowledge the receipt of your letter of the 25th instant, regarding the appointment of a teacher for the Georgina Island Indian Day School, and requesting particulars as to the qualifications which Lorenzo Big Canoe possesses.

In reply I beg to say that this young Indian took a course last year at Albert College, Belleville. He was highly spoken of by the college authorities and others. We are satisfied that he would be successful as a teacher in an Indian school. It was expected that the Indian Council, Christian Island, would give him the position as teacher there, but as you have already been informed they have failed to nominate him. The Department will approve of his appointment as teacher at Georgina Island; his retention in the position to depend upon the success with which he meets in the work. The salary allowed him will be at the rate of $700 per annum, plus any bonus provided by law.

I shall be pleased if you will communicate with Mr. Big Canoe, or your minister at Sutton West, and inform him of the Department's approval being granted for the appointment of Lorenzo Big Canoe, and arrangements should be made with him to take up his duties as soon after the 5th of September, next, as possible.

I shall be pleased if you will inform me at a later date as to whether he accepts this position, in order that we can inform our Agent of the terms of his engagement.

We note that you have informed Miss Browne that approval has been granted for her re-appointment as teacher of the Chemong Indian Day School, and that it is expected she will resume her duties about September 5th, next.

Reverend Sir: -

I have to acknowledge the receipt of your letter of the 2nd instant, as well as your telegram of the 5th instant, regarding the appointment of a teacher for the Christian Island Indian Day School.

In reply I beg to confirm the following telegram sent you today, which concerns teachers for the schools at Christian Island, Oka Country and Georgina Island: -

"Department approves appointment Lorenzo Big Canoe teacher Christian Island also Miss Hilda Oke for Oka Country School. Enos T. Montour would be satisfactory at Georgina Island if he will accept."

The Department will be pleased to appoint Lorenzo Big Canoe as missionary-teacher at Christian Island, to begin duties as soon as possible. The salary allowed him will be at the same rate as was paid the former teacher, viz: $800 per annum, plus any bonus provided by law. We hope that this appointment will meet with the approval of the Indians. His qualifications for the position as teacher should prove satisfactory.

I shall be pleased if you will inform Mr. Big Canoe of his appointment, and arrange with him to proceed to Christian Island to begin duties as soon as possible. We are informing our Agent, Mr. C. J. Picotte, Christian Island, of approval having been granted for the appointment of Mr. Big Canoe.

Your letter of the 2nd instant concerning the application which you received from Enos T. Montour was also received. The qualifications which he possesses would be quite satisfactory, if he would accept the position of teacher at Georgina Island, that is if you have no other teacher in view for this school.

We will be pleased to hear from you at a later date as to what arrangements you have been able to make to obtain his services for this school, or to receive the name, qualifications and experience of any other applicant whom you may nominate.

Re teachers for Indian Schools.

In your telegram of yesterday's date you approved of the appointment of Lorenzo Big Canoe as teacher at Christian Island; also of Miss Hilda Oke as teacher for the Oka Country School, and stating that Enos T. Montour would be satisfactory at Georgina Island, if he would accept.

I immediately wrote to Lorenzo Big Canoe, offering him the position of Missionary Teacher at Christian Island; also sent a letter to the Rev. Robert Smith, stating that the Department approves of the engagement of Miss Hilda Oke for the Oka Country School and asked him to complete arrangements with her. I have also written, offering to Mr. Enos T. Montour the position of Missionary Teacher at Georgina Island. I will notify you as soon as I hear from these to whom these positions have been offered.

You did not say anything in your letters as to the salary allowed for the teacher at Christian Island. You stated that the salary of the teacher at Georgina Island would be $700 per annum, plus any bonus provided by law.

The Department is in receipt of a communication from Chief Big Canoe, Georgina Island, stating that he has been informed that Mr. J. R. Prosser has made application for the position of teacher of the Georgina Island Indian Day School, and that his application is now being considered by the Methodist Missionary Society.

In reply I beg to say that Mr. Prosser formerly taught this school. His services then were unsatisfactory, and the Department could not approve of his appointment at the present time. The Chief states that the Indians would rather have the school remain closed than conducted under the management of Mr. Prosser.

In your letter of the 9th instant, you stated that a young man of splendid qualifications had applied for this position, and that you expected him to call to see you. If you consider this young man would be satisfactory, we would be pleased if you would forward his name, qualifications and experience, as we are anxious to obtain a teacher for Georgina Island at as early a date as possible, and one who has the necessary qualifications to make a success of the work.

Dear Sir;-

I am this morning in receipt of your letter of September 18th, re Mr. Prosser's application for the position of Teacher of Georgina Island Indian Mission; also referring to another young man who had applied and of whose qualifications you would like to have information.

I beg to say that after enquiring as to Mr. Prosser's fitness for the position of Teacher on Georgina Island, I decided not to consider him in this connection. I believe his friends have been using influence to have him appointed as Teacher, but I have made it a rule, since the Indian Work came under my supervision, to recommend no one for any position whom I did not think was fully qualified and would meet requirements.

I am sorry to say that the young man who had applied for this position is not immediately available. I am doing my best to secure a competent teacher but think it better to wait a few weeks rather than recommend anyone whom I would not feel confident would give satisfaction.

I will let you know at the earliest possible moment of any recommendation I have to make. In the meanwhile, if you know of anyone who would meet requirements at this place, I would like you to feel at liberty to engage him. Mr.Ferrier is in Toronto now and I expect the Rev. Arthur Barner, Superintendent of our Indian Missions, will be in the city in a few days. I trust that we will have something definite to recommend in a short time.

Trusting this will be satisfactory,

Dear Sir;-

The Rev. Arthur Barner, Superintendent of Indian Missions for the Methodist Church, has just returned from Georgina Island, and reports to me that he has secured the Rev. J. A. Ward as Missionary Teacher on that Island.

Mr. Ward is a probationer for our ministry; is 41 years of age; is an experienced teacher, having a Saskatchewan Normal Certificate. He has been ill recently and will not be able to undertake the duties of teacher for five or six weeks.yet.

Mr. Barner suggests that, in the meanwhile, we engage a Miss Z. F. Legate, who is available to open the school and keep it open until Mr. Ward has sufficiently recovered to undertake the duties of Missionary Teacher. We would pay her out of the salary allowed Mr. Ward. Will you sanction Mr. Ward's appointment, and also the arrangement we propose to make, if agreeable to you, to have Miss Legate open the school without delay.

Further, in a previous communication from the Department of Indian Affairs we were told that the salary of the teacher at Georgina Island would be $700. Should it not be more than this for an experienced male teacher?

I have to acknowledge the receipt of your letter of the 17th instant, informing the Department that Rev. J. A. Ward entered upon his duties as missionary teacher at Georgina Island on the 12th instant. We are pleased to have this information for record on our files.

Regarding salary, I beg to say that for the present Mr. Ward will be paid at the rate of $700 per annum plus any bonus allowed by law. We are not prepared to make any decision at present as to the amount of the increase we would be prepared to make, as this will depend entirely upon the success with which Mr. Ward meets in his work at this school and the attendance he is able to maintain. As soon as a report has been received from the Public School Inspector regarding his services, we will then consider an increase in salary.

Closely connected with the question of manual training is the question of the best means of furnishing entertainment and instruction during the long winter evenings.

Sir:-

The Department has received a communication from Rev. John A. Ward, who was recently appointed Teacher of the Georgina Island Indian Day School. He asks that a school clock and five window shades be supplied.

I have to request, therefore, that you will arrange for the purchase and delivery to the school of a cheap wall clock and five window shades of the width and length required. You will please incur no undue expenditure and furnish properly certified vouchers in duplicate covering the cost of these articles.

The teacher asks for permission to conduct a school garden next spring, and we are instructing him to bring this matter to your attention in due time. You may arrange to have the garden ploughed and the necessary manure procured. We will also be prepared to furnish a small quantity of garden seeds; but a requisition should be made out by the teacher and forwarded to the Department through your office before the purchase is made. This garden is to be conducted by the pupils and for their instruction.

The teacher has also requested that some equipment be supplied for boy scout work. He has been asked to prepare a list of the articles required, showing their probable cost. This list is to be forwarded to the Department through your office.

The Department desires to grant every possible encouragement and assistance to the teacher, in order to make the work at this school successful, and I shall be pleased if you will do all in your power to help Mr. Ward.

Reverend Sir:-

I have to acknowledge receipt of your letter of the 30th ultimo, applying for certain material for the use of the Georgina Island Indian Day School.

In reply I beg to say that we are ordering from the Government Stationery Office here, to be forward to your address, the Histories, Geographies, pointers, exercise books and pencil sharpener asked for. Mr. Agent Kay will be requested to purchase a school clock and the five window shades.

Regarding the conducting of a school garden next spring, I beg to say that the Department will be favourably disposed to having this done, in order to teach the children gardening. You should make application to the agent, in due time to have any ploughing, manuring, etc. done.

With regard to equipment for boy scout work, I have to request that you will make out a requisition for the supplies that would be necessary for the purpose, stating their cost. You should hand this requisition to the local agent, as his approval is required. He will forward it to the Department.

We do not make special grants in the way of salaries to teachers holding certificates in music. I may also say that we do not supply Indian day schools with magic lanterns, projection lanterns, or moving picture machines. If you would apply to the Methodist Mission Rooms in Toronto, they might be able to loan you equipment of this nature, as well as the slides or views required.

In future, I have to request that you will be good enough to forward all applications for supplies for schools, or correspondence in connection therewith, to the Department through the office of the local Indian Agent. It is necessary to have the Agent's recommendation regarding all applications for supplies, repairs or other matters involving any expenditure.

I have to acknowledge receipt of your letter of the 4th instant, regarding the conducting of a school garden, next spring, at the Georgina Island Indian Day School.

In reply I beg to say that the Department desires to have gardening operations carried on, in order that the children may receive some instruction in the growing of vegetables, etc. You should draw this matter to the attention of the Department early in the spring, so that arrangements can be made to have the garden manured and ploughed. A requisition should also be made out by the teacher and forwarded, through your office, for the garden seeds required.

We cannot consider the objection of the Indians who have no children attending school as to the cost of carrying out the above work. The instruction received by the pupils will be of future benefit to the whole band.

The Department will expect that you will bear this matter in mind and report, early in the spring, as to what is necessary to be done to assist the teacher in starting gardening.

I have to inform you that Mr. Albert Big Canoe visited the Department this week and discussed, among other matters, the progress of his children at the Georgina Island Indian Day School. I regret that he is somewhat disappointed in connection with their schooling. I examined the quarterly reports and pointed out that the irregular attendance of the past year - which, he says, was caused by sickness - has, no doubt, militated against their success. Mr. Big Canoe applied for assistance so that he could send his two girls to the Sutton Public School. He was informed that favourable consideration could not be given.

I should be pleased to have a special report concerning these two children and you should add suggestions concerning what help the Department could give.

I have received a letter, dated December 4th, in which you say that Albert Big Canoe - one of the most progressive Indians of the Georgina Island Band - visited the Department this week and expressed himself as "dis-satisfied with the progress of the children in the day school on that reserve".

In response to your request for a report on this matter, I beg to state that I have not been able to visit Georgina Island this fall. I expect to be there early in April next. When I visited this school last fall, I found everything in good condition and I was quite pleased with the progress of the pupils. Mr. Ward seemed to have the work well in hand. " The Preacher-teacher combination rarely works well. Mr. Ward may preach acceptably to adults (I dont know) but he is a poor teacher for children. He talks and talks and most of the time goes over the heads of the pupils. He wastes time in wordy explanations that are lost on the pupils.

" For some years no pupil has reached the H. S. Entrance although several could have done so under proper guidance and teaching. Pupils with few exceptions have good ability, attend pretty regularly until about 16 years of age. Now that a thousand teachers are without schools, it should be easily possible to obtain a qualified teacher. No change can however be made immediately or possibly before next June.

" As a free house is provided a married teacher or one with a relative for companion and housekeeper might be secured. Many male teachers are without schools.

" Teacher does not get best work from his pupils. Reading is expressionless. Answers to questions asked, poor, never in correct form. Teacher does not teach how answers should be given, accepts wrong and poor answers.

" Arith. seems to be in better condition. Grammar poorly taught. Conclusion: some progress is being made, but more, much more could be possible.

" I believe Mr. Ward has as a man and a preacher been fairly acceptable to the people but he is not a clear or effective teacher for children. I shall try and assist him while he remains."

Dear Sir,-

I hold a Second Class Professional Teachers Certificate and have taught school successfully for eighteen years and a half. For the last six years I have been Principal of Nairn Centre Public School, a two-roomed school in Sudbury District.

I am a married man thirty-nine years of age. We have two children, a girl aged eleven and a boy eight.

If I am appointed to your school I will do my best to further the interests of those under my charge educationally and spiritually.

Yours truly,

(SIGNED) R. A. Gibson.

Dear Sir:

In regard to the transfer of Rev. John A. Ward from Georgina Island to the Gibson Reserve, referred to in your letter of June 5th - File No. 10-1-1 - and our Mr. Shannon's reply of the 8th instant, I desire to state that we have found a teacher for the School at Georgina Island in the person of Mr. R. A. Gibson, at present of Nairn Centre, Ontario, and would respectfully nominate him for the vacant position. I enclose copies of his testimonials and hope they will be found satisfactory.

I shall be glad to have a reply, at your convenience, as to whether this appointment meets with your approval.

Very sincerely yours,

Rev. Sir:

I have your letter of the 4th instant, nominating the services of Mr. R. A. Gibson as teacher of the Georgina Island Indian Day School for the next school year to succeed the Rev. John A. Ward, who has been transferred to the Gibson Reserve. The qualifications which Mr. Gibson possesses are satisfactory, and the Department will be pleased to approve of his appointment, to begin duties when the school reopens after the present summer holidays, on September 3rd, next. If it is intended that Mr. Gibson is also to perform missionary duties on the Reserve, the salary we could allow him for teaching services would be at the rate of $65 per teaching month.

I shall be pleased if you will inform Mr. Gibson of the approval granted for his appointment and arrange with him to take up teaching duties on the date mentioned. We are informing the local Indian Agent of the appointment of Mr. Gibson, and requesting him to give the new teacher every assistance he can when he takes up duties.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Sir,-

I have to acknowledge the receipt of your letter of the 3rd instant enclosing the June quarter return of the Georgina Island Day School, as well as a voucher for the teacher's salary for that period.

In reply I beg to inform you that cheques to the amount of $125.00, being the amount of salary due Mr. Cork, the teacher, are being sent you. This is payment in full for his services at this school to June 30th, last.

The school years begins after the summer holidays, September 1st, and ends June 30th, during which period the Department requires that the school be taught 200 days. Mr. Cork began duties at the Mud Lake school in September, 1909, and was transferred to Georgina Island April 1st, 1910, where he has taught continuously up to June 30th, last, a period of six years, which he has been in the employ of the Department and for which he has received six years' salary. There is, therefore, no further amount due him for his services.

Dear Sir:

Mr. Bouchier the Indian Agent at Sutton has sent me a copy of your letter to him re my claim for salary for a portion of the holidays. Now I respectfully submit that your statement of the case is not in accordance with the paragraph in your "regulations" relating to the payment of teachers for "broken time". I have not a copy of the regulations at hand as it is hanging in the school house. The Que. public school law contains the same regulations as to teachers' salaries for "broken time". According to your putting of the case if I were to commence teaching on Sept 1st at a salary of $500 per annum, and quit on June 30th the following year, I would only be entitled to $416.66 while I have taught the whole

School year. I have taught six full school years but have received pay-ment for only five years' holidays; owing not for the sixth! According to your view of the matter no one will be paid for the holidays and the Dept. will be that much ahead because of a change of teachers. I am sure that if you will reconsider the matter you cannot but come to the conclusion that I am right and that my claim is a just one.

If you will allow me to withdraw my resignation till the end of the year, why that would put every thing right. When I resigned I supposed that my claim would be allowed without any doubt.

Remarks:-

On three of the days during which the School was not open I was at Cr. Monday morning Dec. 19th on arriving at the School house I found no fire, no kindling and no axe, but instead a girl trying to start a fire with icy wood and a few scraps of paper. Of course it was a failure and as it was a cold morning I had to dismiss school. The caretaker has been more prompt in his duties since.

Madam,-

I have to acknowledge the receipt of your letter of the 24th instant, in which you ask information with regard to payments made to you for your services as teacher of the Georgina Island School.

In reply I beg to say that you began duties at this school on February 5, 1916, and at the end of the June quarter you had taught 92 days, and you were, therefore, entitled to a payment of 92/200 of $500.00, or, $230.00 for the 92 days which you taught this school.

At the end of the March quarter a cheque for $97.50 was sent you and the balance $132.50, was sent you at the end of the June quarter, thus completing the amount due you.

The former teacher Mr Jones was moving and Mr Crump insisted on my staying in Toronto until Sunday. I had to wait all day Sunday and most of monday in Sutton until the Indians came for me and thereby missed another day of school through no fault of my own

Miss Carson claims that Mr Crump promised her 3.00 per day for teaching this school. I do not understand how she arrives at the amount, but forward it for the consideration of the Department to correct if not right. Miss Carson has gone to Toronto —

Madam,-

I have to acknowledge the receipt of your letter of the 17th instant, with reference to the amount of the cheques received by you as salary for the period you taught the Georgina Island Indian Day School during the September and December quarters last.

In reply I beg to say that you taught 20 days in the September quarter for which you received 20/200 of your yearly salary or $30.00. For the December quarter the salary was paid at the quarterly rate and you received $150.00 for that quarter or, a total for both quarters of $210.00. A copy of the Indian Day School Regulations is enclosed herewith for your information and from it you will see the method adopted in the payment of teachers' salaries. Should you remain as teacher at this school until the end of the school year, namely, June 30th next, and teach the required number of days, you will receive the full amount of your yearly salary.

Ottawa, December 12, 1919.

Sir,-

The Department is in receipt of vouchers for $21.00 in payment of the amount of salary due Mr. M. R. Brown, teacher of the Georgina Island Indian Day School, for the period which he taught during the month of September last.

In reply I beg to say that, before payment can be made it will be necessary for Mr. Brown to prepare a return on the proper forms for that purpose, showing the attendance, days taught, etc. When he has made out this return he should send it to you, and, if correct, you will be good enough to certify the same and forward it to the Department when payment of the amount of salary due him will be made.

The December quarter return should also be forwarded promptly at the end of the current quarter.

Sir,-

The June quarter return of the Georgina Island Indian day school has not yet been received.

The Department understood that Rev. Mr. Ward conducted this school during that quarter and cannot understand the delay in forwarding the return. If the school was open a return should be prepared and forwarded at once, showing the names of the pupils in attendance, days taught, etc., in order that the salary and bonus due may be paid.

The Department will expect to hear from you in regard to this matter at once.

Sir,-

I have your letter of the 16th instant, reporting an outbreak of measles on the Georgina Island Reserve. It is noted that, owing to the small attendance of pupils, you have instructed the teacher to close the school. In reply I beg to say that the action taken under the circumstances is approved. It is hoped that this disease will soon abate and that there will be no fatalities among the children of school age. You should arrange to have the school re-opened as soon as you consider it advisable to do so.

The teacher, in preparing his quarterly return for the current quarter, should state clearly thereon the dates between which the school was closed on account of the outbreak of measles. You will be good enough to advise him accordingly.

I have to inform you that the authorities of the United Church of Canada have nominated the services of Mr. R. A. Gibson as teacher of the Georgina Island Indian Day School for the next school year. Mr. Gibson formerly taught at this school, and he is willing to return and resume duties at the beginning of the next school year. The Department is approving of his appointment, with salary at the rate of $65 per teaching month, the same as was previously paid him. When Mr. Gibson takes up duties on or about September 1st, next, I have to request that you will give him any assistance you can in his work.

You will be good enough to inform Miss Julia M. Good, the present teacher, at the end of this month that her services will not be required after the end of the present school year.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir:

I understand both from the ex-teacher of the Georgina Island Indian Day School and from the Indian agent Mr. Silver that the school returns for the June quarter have been forwarded to the Department. We have not as yet received the cheque for the teacher's salary for that quarter.

Will you kindly look into the matter and advise.

Yours faithfully,

Re: Georgina Island Indian Day School No. 392

Mr. Frank J. Joblin, Sutton West, Ontario, gave up duties at the above school on June 30th, 1947 after completing a period of twenty six years as teacher in different Indian day schools.

Under such circumstances in the past it has been the practice to allow two months salary upon retirement. Consequently, Mr. Joblin should be forwarded a cheque for $224.00 representing two months salary at the rate he was being paid during the last academic year.

Sir,

I have to inform you that Mr Inspector Davidson in his report on the Georgina Island school states that the school building would be much improved were a stone foundation put under it. He also says that it requires painting outside, that a fence is needed around the grounds; ~~and~~ that the closets require to be screened and that a better pathway from the road to the schoolhouse should be made.

The Department would be glad if you would furnish it at your earliest convenience with an estimate of the cost of each item of these repairs and improvements.

we are putting up a wire fence at a cost of about $25.00. as the school house is old I dont think it would be advisable to go to the Expence of a stone foundation as before many years there will have to be a new one built. the out side of the building could be kept clean with some cheap paint. this is the Cost the Indians agrees to and I fully agree with them.

I beg to acknowledge receipt of your letter No. 152197 5a dated 10th Dec 1903. with reference to the resolution regarding the fountain in school house in Georgina Island. I beg to explain that the reason I did not send it to the Dept when dated was that I thought your letter No. 152197 - 5a dated 31st June 1903 authorized the expenditure. the estimates I sent in was for outside fountain and to be done with white sand and the resolution asked for some kind of cheap paint. which I could not find till quite late in the fall so we had to wait till spring to paint the school house Chief Bi-cons has not a cheap fountain on his house just before winter set in. if it stands the nether well this winter we want to paint the school house and connect stall in the spring out side with the same kind of paint. I will send estimates and resolution of the Band before doing the work

Sir

With reference to the enclosed resolutions deciding to paint the school house and the council house on the Georgina Island Indian reserve, I can hardly say whether we can get it done this fall or not. I tried all summer to get the Indians to pass the resolution but failed till now, if the Department approves we will do part of the painting this fall or all of it if the weather permits it will cost about fifty dollars ($50.00) to paint both buildings with two coats of good paint.

After we get a resolution from the Indians we will write you again.

Dear Sir,

In accordance with your request of July 2nd, 08 Letter No. 13212 I yesterday paid a visit to Georgina Island Indian School. I did not send word in advance, as on my first visit, as I wished to know the usual condition of the school. But unfortunately, I found on arriving that the school had been closed for two or three days on account of a Church Meeting.

The teacher - Mr Prosser - came with me to the school, but was extremely independent in his manner. I found names of nine pupils entered in his Register. On my asking for their ages and classes, and the average attendance (none of which information could be found from the register) he became angry and grew insulting, and in effect told me to mind my own business as he knew how to manage the school better than I could but nine &c &c. In fact it was impossible to talk to him or get any information from him as to the school

I understand the Department sent an inspector some time ago, to inspect the schools and as a result of this inspection and report Mr Prosser resents any visit from me

I appreciate the difficulty of obtaining a suitable person for this position, and know that great allowance must be made for lack of scholarship, and teaching ability; but the great lack in this case is of common sense. Mr P. is a poor well-minded man & quite unfit for the position. I find that only a few are sending their children, the average being perhaps 2 or 3 per pupils. In justice to the Indians I recommend the Department to secure a more sensible man for this position.

If it were possible to combine the positions of Indian Agent, and Teacher, a little salary could be given and a better man secured.

Yours truly,

W. Mulloy.

Sir,

The Department has decided to make a grant of $7.50 for the purchase of prizes to be given the children of the Georgina Island school at the close of the present term. You will be good enough to authorize the teacher, Mr. Prosser, to make purchases to this extent. The account, in duplicate, should show the articles purchased and the prices and is to be forwarded to the Department through you by Mr. Prosser.

Sir,—

Referring to your letter of

No.

You will see by the enclosed resolution that the Indians of Georgina Island wants to build a new school house with a council hall about it. the old school house was condemned by the public school Inspector Several years ago and he ordered about 600 dollars repairs made but undecided to use it as long as it would do and then build a new one. it is now in a bad State. the old council hall is also in a bad state it is open posts even shed and the roof are quite rotten if both the old buildings were to be repaired and put in proper condition the expense would be nearly as much as the one new one. about twelve hundred dollars will complete a good cement building. if the Department approves of the new building I could ask for tenders that will show the exact cost. I think it will be much better to build new then to repair the two old buildings. there is plenty sand and gravle near by there is a good school on the reserve now Mr Cork the new teacher is doing good work

Sir,

Referring to your letter of the 17th ultimo I beg to say that the capital of the Georgina Island Band will not stand the expenditure for the erection of a combined school and Council House on the reserve at present. The Department, however, recognises the necessity for a new school building and it will be prepared to ask for an appropriation for this purpose in next year's estimates and, if voted, the building will be put up then without any cost to the Band.

The question of a Council House will have to stand. I may add that the Department does not consider it advisable that the Council chamber and the school should be in the same building.

Sir,

I have to ask you to be good enough to let the Department have a full and comprehensive report with reference to the condition of the school on Georgina Island. It would appear to be necessary either to erect a new building or to make some extensive repairs to the present one. If you consider the building can be repaired you should report definitely what repairs are needed and give an approximate estimate of the cost. This should receive your early attention in order that a decision may be arrived at within a short time and the work performed during the approaching summer holidays.

Sir

In compliance with your letter No 152197/52a of May 13th 1911 asking for a report with reference to the condition of the school house on Georgina Island, I beg to report as follows. I went and made a careful inspection. The building is 24 ft. wide and 28 ft. long, quite large enough for the number of pupils that are likely to attend school on the reserve. The roof is very leakey and has caused quite a lot of the plaster to fall off the ceiling; the outside of the building is in very good condition, but needs painting; the sills which rests on pats is quite sound; the building is to near the ground it would require raising one foot and a cement foundation the lobby or entrance is to small, it would need a new one, the laths and plaster on the ceiling would have to be taken off and replastered or a metallic ceiling put on. To put the school house in a comfortable and sanitary condition, it would need shingling and ceiling and painting and a foundation and a new lobby; if those repairs were made the school building would answer quite as well as a new one for many years to come. I enclose Estimates.

Sir

With reference to your Letter No. 15-2197/5- dated May 30th 1911. Authorizing me to make certain repairs to the Indian school house on Georgina Island. I beg to report that the repairs is compleated and the work satisfactorily done Indian mechanics done most of the work. I was there most all the time the work was being done. I have kept within the estimates although I found many small repairs to make not seen at first. I am sending in the rest of the Bills by todays mail. I had the foundation project outwards four inches so that in case it ever became necessary to brick clad or cement the outside it can be done.

Sir,

Referring to your annual report of the Georgina Island School I beg to say that the Department is prepared to provide you with modern desks. I would ask you to be good enough to furnish the Department with a diagram of the room, showing the location of the number of desks that you consider necessary. These will be of the kind known as double-separate. A teacher's desk and chair can also be ordered at the same time. As soon as this information is received an order will be placed with a Toronto firm and the desks will be shipped to Sutton addressed to you and you will be good enough to make arrangements to have them taken over to the school.

Sir

I herewith beg to forward a copy of the Resolutions passed by Council on the 24th inst.
With reference to the resolution for the purchase of Lumber, I have called the attention of the band to this matter several times as the conveniences is in a very bad state. As to the two blind men, one of them is entirely dependent on a sister who is a very industrious person but can only obtain wood in the summer. The other blind man has some wood, but only one of them is any good, he has assisted his father in building a comfortable log house for himself & finished this fall.

Sir,-

It has been suggested to the Department that the teacher of the Georgina Island School should be supplied with a set of the Ontario Department of Education's school manuals for 1915. A set of these manuals is being ordered from the Government Stationery Office for this school.

It has also been suggested that a truant officer be appointed for this reserve. Kindly let the Department havethe name of a suitable person to act in this capacity and state what remuneration he would expect for his services.

EXTRACT

It has been reported that the closets in connection with this school are too close together and that a new one should be constructed for the boys, as the one used at present is poor and too small. You will be good enough to submit an estimate of the probable cost of erecting a suitable closet for the boys.

I beg to acknowledge the receipt of letter No 152197-5 dated November 30th In reply thereto well ah the Mission house on Georgina Island has been cleaned and a new pump installed.

The Methodist Minister in charge here has told me that the Methodist Mission Board has authorized the expenditure. A plank platform was put down for the present as it was not thought advisable to place a cement one for fear of frost.

TO DATE OF THIS LETTER.

Sir,—

I beg to acknowledge the receipt of letter No 152197-1 dated November 30 and in reply I was told by the Chief of Edgewood that there was not any lumber on the Island available for building a church. I therefore solicited estimates from the Proprietor of the planing mills here, his price at the shop would be, ten dollars then there would be the cost of transportation and delivering the excavation probably four to five dollars more. How long ago I had to pay $1/4^{00}$ for a similar building.

EXTRACT FROM REPORT OF INSPECTOR MUIOT ON THE GEORGINA ISLAND SCHOOL.

The building and premises are satisfactory except that the interior of the school should be renovated,- plaster of walls should be repaired in places. Wainscotting is rather too# to protect plaster from injury- it could be made higher by 2 feet.

Then walls could be painted or tinted in light pleasing shades,- ceiling white or light shade# and walls light yellow and wood work painted to match in deeper shade. At present the room is cheerless.

Am sorry some new ##### double desks were got,-single desks are infinitely better for order fo health, for morals and everything.

Sir,

I herewith beg to forward the account of the expenses incurred in repairing the plants on the Georgina Island Reserve.

I thought the charges of J.C. Bigelow were rather heavy, but he claimed he had made a special trip with his motor boat taking the best part of a day, and when he was busy busy with his harvest, one that amount I have passed it. For fact it is impossible to get anything done here or on the Island without paying an extreme price.

I beg to acknowledge the receipt of your letter of the 13th instant, enclosing accounts in connection with repairs to the Georgina Island school-house and to say that you should furnish a receipt from assistant to Elisha Charles to whom he paid $3.75 and also a receipt for 25 cents paid by yourself for cartage. You are correct in saying that charges are excessive, material costing $4.90 costs $3.50 to cart it to the school-house.

Charles is charging 25 cents for carting and so are you. Please explain why the double charge is made. Chief Bigeance will be allowed $2.00 for transporting of material, which is considered ample remuneration for services rendered.

SIR:
TO DATE OF THIS LETTER

Sir,—

I have to acknowledge receipt of letter No 152,197-5 dated 17 inst and I now beg to enclose the receipts asked for. I paid the 25ct for carting the freight of materials from the store house to the dock landing as I think I stated in the accounts. The other charge of 25ct was for carting from dock to school house a distance of about ½ mile. Owing to this charge of 3ct for the trip although it looks excessive, I doubt if he will accept anything less. On such when I made objections to the charge, he said it would be that or nothing. Now there is no man on the Island, as fitted for the position of Chief as Jas Bigeou, he is liked and progressive, and is continually trying to improve the appearance of the Indian grounds and buildings and spends his own time in looking after matters without any pecuniary benefit, for these reasons I wish the Department would approve of the charge

Sir,

In reference to the bake cooler Mr Fulvewell states that the wholesale house in Toronto sent him a four gallon can instead of a three gallon as ordered; saying that they did not have a three gallon in stock the cost of the four gallon can was "6.50 in Toronto which with express and cartage would make it worth to him "7.50 in Sutton. I explained that I was only authorized to pay "6.50 for a can. Mr Fulvewell concluded to let me have the can at the 6.00 sooner than pay the charges to return it to Toronto. I told him I would explain the matter to the Department and they would possibly pay the difference. He gave no promise.

I herewith beg to forward the accounts for expenditure on the Georgina Island school house. They amount to $13.45 more than the sum estimated, it took 100 feet more flooring than was mentioned on and the 4 panes of glass were not thought of, these two items amount to about the sum each.

The Chief wishes to have the floor oiled but as we already have exceeded the expenditure authorized, I did not wish to incur any further expense without the consent of the Department.

Sir,—

On Visiting the Georgina Island a few days ago I took particular note of the buildings. The School House is a frame Structure & different places you can see the light through the walls there is a foundation under the walls and I think if it was Cemented all around would make a good job. would be a warm job and one that would last & should not cost too much it certainly needs something regards making same warmer & this would do away with having to paint it which it needs very shortly, also they are very short of school Books Hoping to hear from you shortly regards school for if I were going to Cement this Building should be done before the Frost comes.

Sir, -

I have to acknowledge the receipt of your letter of the 26th instant, reporting on the condition of the Georgina Island Indian Day School building and requesting authority to have the foundation cemented in order to make the building warm during the coming winter.

In reply, I beg to say that you may arrange to have this work carried out. You should purchase any material required, and, if the cost exceeds $10.00, you should, if possible, obtain competitive prices and make the purchase from the firm quoting the lowest price. The labour should be obtained at the lowest possible cost. While a good serviceable job should be done in order to make the building as comfortable as possible, the expenditure should be kept down to as low a point as possible.

The Department will leave this matter in your hands to make all arrangements, and you should have the work completed before the cold weather sets in.

Properly certified vouchers should be forwarded showing the cost of the material and the labour as soon as the work is completed.

The school also needs repairing very soon One suggestion that is if we had money would be to take down both buildings Build a Basement that would be warm for a school and a Hall above this would be a permenant job for both purposes If we had Snake Island sold times might look brighter The school & Waiting Could be Cemented say Five inches thick all around from the foundation to the roof which would make a good job

Any Idea that we is done would be to employ a Good Mechanic to go ahead with the work having the Indians to help in different forms. As Carpenters a number of them are fairly handy. If I Could oversee the work I think this plan would work out in this way. The Indians would not have Confidence if Co using some of their own money. By letting a Contract the money would not leave the Island

Kindly advise me your opinion of the matter as it may need some Correspondence before we come to a decision on the best

Sir,-

I beg to acknowledge the receipt of your letters of the 11th instant, reporting the advanced state of disrepair in which the council house and the school-house on Georgina Island are, and in reply I beg to say that apparently the school-house is not so bad as the school Inspector has not reported against it, but if small repairs are required you will please look into the matter and inform me just what is necessary with an estimate of the cost and the repairs can be made during the summer vacation.

With reference to the council hall I think it is considered inadvisable to spend very much money on the building, as it is considered a better policy to get along with the present council hall and also the school-house until such times the Band funds are replenished from the sale of Snake Island. In the meantime small repairs should be made to the council hall and you should have the building jacked up and a new sill put under it which will make the building in shape for a short time at least. You should also report if it is absolutely necessary to shingle the council hall this summer, or, can this matter be left in abeyance for this year at least.

Sir:-

I have to inform you that the Department has approved of the appointment of Rev. J. A. Ward as teacher of the Georgina Island Indian Day School. Mr. Ward is convalescent at present and is not available for a few weeks, and in the interval the Methodist Church authorities have secured the services of a Miss Z. F. Legate, as substitute. The salary allowed is at the rate of $700 per annum plus any bonus provided by law. You might inform Chief Big Canoe of this action and enlist his cooperation in the matter of securing a good attendance when the school is opened.

If there are any repairs to the school absolutely necessary, you should inform the Department. Any school books, or other material needed, should be requisitioned for by the teacher, through your office.

CHATHAM, ONT.
Sept. 3, 1923.

Dear Sir:

While at Georgian Is. recently I visited the school and found it in a very bad shape. A foundation was put under the school and this foundation ~~was put in~~ provided for brick veneer over the school. The outside of the school is in a very dilapidated condition and the wind can blow right through it to the building. You can see daylight from the inside in a number of places and there is not storm windows of any kind on the windows. This is a very cold district and I consider it is absolutely essential for the health of the children that the school should be repaired. It is 25 x 55 with 11' walls. It would not require a very large expenditure to put the school in shape. It should be papered first with a heavy paper over the outside of the siding and then veneered.

I also learned that there is no wood provided for the coming winter at the school. The Agent stated that the Indians would not work unless he had the money already to pay them. I think it would be very important indeed to have a supply of wood cut and piled in the shed as soon as possible. It would cost approximately $2.00 per cord to have this wood cut and hauled to the wood shed. It will require about 25 cords. I would recommedn that an accountable cheque for $60 be forwarded to the Indian Agent and he be instructed to have the wood cut immediately.

The lubatories are also is very poor condition there being no door whatever on the girls and no shield. The boys labatory is also out of repair. The teacher of the school, Mr. Jones, asked me if there was no way we could have the library of the school traded with some other school. He states that the children have read all the books and it is, therefore, of no use any more.

Yours truly,

R. H. Abraham

Re your letter as to Mr Abrahams report on School House on Georgina Island this building Certainly should be repaired I saw our best Cement man this morning got him to look at same, the school is 24 x 28 this man wants 335.00 to do the job & furnish everything putting a wall four inches thick all around.

Another plan would be try and get a man that understands the work thoroughly & hire the Indians by the day in so doing the money would be spent on the Reserve - This way myself or some one would need to over see the job every day but I believe I Could get this work done all O.K. and as I said before give the Indian the benefit of the money.

Kindly advise me return mail as I would like to get started at once and as I have had several jobs done for my self I know they should be done before the frost comes

Sir:

I have to acknowledge receipt of your letter of the 24th instant, regarding the repairs required to be made at the Georgina Island Indian Day School.

In reply I beg to say that the arrangement which you recommend for having the above work done is approved. You may therefore engage the services of a competent man, who understands the work, and hire Indian labour in carrying it out. The outside walls of the building should be covered with a heavy building paper and then veneered, or cemented. You will purchase and have delivered all material needed. If possible, secure competitive prices, and obtain the goods from the firm quoting the lowest price.

It will be necessary for you to personally oversee the work and keep proper time sheets of the labour employed. These should be signed, in the column for that purpose, by the men when payment is made them. A supply of the forms is enclosed herewith.

If you require an advance to pay wages, you should requisition for the amount you consider necessary. The Department will leave the matter of these repairs in your hands, but you will please incur no unnecessary expenditure. Please attend to the matter at once, in order that the work can be finished before the extreme cold weather sets in.

Sir,—

Enclosed find Vouchers Etc. for Material used in Repairing School House on Georginia Island. I am sorry I could not state the No of Letter which Authorized this work I think I left same on the Reserve one day. However No 10-1-5 Dated Sept. 12/23 asked me to get an estimate of Cost of doing this work. which I did the best I could get from any of the Reasons was $335.00 Not including Board or Carting However I got a good Job done by hiring by the day looking after same myself (which Made me Considerable more work) & when all Bills are paid we will save a good Hundred Dollars The Bill for Lumber was to Build a staff while working then we used this Lumber Building a permanent platform in front of School House Have not got a Complete list of the work as one Indian after hiring him for 30¢ an Hour Joined Have 35¢ an Hour which I refused to pay him. I feel I am not justified in trying to keep down expenses Kindly advise me

Sir,—

Vouchers & Bills enclosed are for work done on School House on Georgina Island I could not give the No. of Letter which authorized the work as I think I lost same out of my coat pocket in the boat crossing the lake one day. If possible I would consider it a favor if you would send me a copy of said letter as I always like to keep same on file.

The account of Benson Bigeamic's for taking material across the lake is I consider a trifle to high but what can I do the only boat that I could get to do the work. Send me the cheque then I can send you receipts of money in full. as I have paid those Indians more than the $5000 sent me some time ago.

Sir:

Replying to your letter of the 14th instant, I beg to say that you may arrange for the purchase and installation of a new iron pump in the well at the Georgina Island Indian Day School. You should also arrange to have the platform repaired and placed in good condition. If possible, you should obtain competitive prices for the pump, taking care to see that a good serviceable pump is installed, and that the work of the repairs is completed to your satisfaction. Please forward properly certified vouchers, in duplicate, covering the cost of the pump and the repairs to the platform. These matters should receive your early attention.

We note that you will report regarding the cleaning and painting of the walls and ceiling of the school building.

Sir:

The Public School Inspector, in a recent report on his inspection of the Georgina Island Indian Day School, states that some time ago the school building was lathed and plastered on the outside, but that a poor job was made, as the plaster is falling off. He recommends that the interior of the school building be painted, the ceiling light cream and the walls light fawn and the wainscoting light oak. He states that if this is done it will make the classroom bright and pleasant for the pupils. He further states that the closets require painting, and that hooks for clothing are required in the school.

I shall be pleased to have a report from you concerning the Inspector's recommendation. You should state the cost of repairing the plaster on the outside of the building, the painting of the interior, as suggested by the Inspector, and also the painting of the toilets. Please state whether you could arrange to have the painting of the interior of the schoolroom carried out during the coming Christmas holidays, and if you would advise that the work be done at that time.

You may arrange to have the number of hooks required for the clothing installed.

balls Etc against the school which started some of it to crack. also I do know I went there one day and to my surprise they had filled the seams Wood against it back end of School. Certainly this left its Marks to date I do not just know how to repair will find out Next spring. As for painting I was talking to the Inspector in the School while he was there Colors Etc. would not advise painting this Xmas holidays unless we got extra good weather. However I will see a painter and if he recomends the job may change my mind. Re the Closets they are built of rough lumber painting would improve their appearance and possibly a Coat of Stain would answer the purpose just as well However they are 90 % better shape now than they have been for years.

I Certainly would like to see those buildings kept in good repair and will do my best any authority you may give me. I have allways favored the Indian Anyway to give him the work

if possible but the cost of them only make good helpers should have some one to go ahead with the work. The Interior certainly needs painting and I was glad we got the walls all done over with metal siding before the Inspectors visit. Also the new seats that I got and put in helps the whole surroundings look much better than they did a couple of years ago only room for a few improvements yet if funds will allow.

Ottawa, December 18th, 1925.

Sir:

I have your letter of the 16th instant, relative to the repairs and painting required to the Georgina Island Indian Day School building.

In reply I beg to say that owing to weather conditions it is considered that it would be advisable to allow the repairs and painting to the school building and closets to remain over until early next spring. You should bear this matter in mind and forward a request in due time for the necessary authority to have the work undertaken. At that time you should state definitely the work you would recommend be done, the approximate cost of same, and how you would advise that the work be performed. It would, no doubt, be advisable to place the work under the charge of a competent white foreman, employing Indian labour as far as possible, you to arrange for the purchase and supplying of all materials required.

Some time last winter we had Coresponden regards painting interior of Indian day school on Fergus Island and Supt requested me to get a price on same in order that same could be done during summer Holidays I tried a couple of so called painters around here and they promised to give me a figure for doing same job. but to date have failed to do so do not care to cross the Lake in order to work. In order to get the job done which certainly was needed. during Holidays I got James Whitcomb to do the work I bot the Paint and got same to the Island. He figured the job could be done for around $30.00 or there about. Hoping this approves with you

EXTRACT FROM REPORT OF MR. INSPECTOR FERGUSON, DATED OCTOBER 6TH, 1930, ON HIS INSPECTION OF THE GEORGINA ISLAND INDIAN DAY SCHOOL.

Original on File 10-1-6.

As I have suggested, the classroom should be swept daily. The stove pipes smoke. The pipes should be taken down and cleaned and also the opening into the chimney to see whether this can be prevented. School cannot be kept open in cold weather under these conditions.

The girls' closet seat has only one small hole in it. The large girls are bound to either wet the front of it or dirty the back part. The seat is dirty now and the closet is dirty. These conditions should be changed before cold weather sets in. I have had a talk with the agent and he is going over to see what can be done.

The rough-cast has fallen off the outside of the school building in many places. This also should be looked after.

There is nothing in the classroom that can be looked to hold registers or other supplies. The teacher has to carry these home and back to school. This should be remedied at once.

Moved by Leslie McCue and seconded by Tom Porte and resolved that we paint the school and that we request the educational Dept. to purchase necessary paint and material, and also pay labour, it was further resolved that tenders for labour be received by the Indian Agent and Chief within one week.

Carried.

Last year when the Hall and Church were painted I suggested painting the school house as it has been some time since it was done and needs it badly.

Tenders have been received and awarded Tom Porte at $18.00 for labour only. 2½ gallons of paint at $4.00 per gal. $10.00 ; two brushes and sand paper about $1.25 - an approximate cost in all $30.00.

Department letter 10-1-9 dated April 21st gave permission to repair the school fence at a cost of $20.50 - we got the caretaker to do some repairs and if ther requests are expended too much educational funds the school fence with present repairs might be left over for another year if necessary.

The school house roof leaks in many places, on enquiry I learn that it will require about 9 M shingles and good cedar shingles are $5.60 per M. - $$50.40 requiring about 30 lbs nails, galvanized nails are 12¢ a lb.- $3.60. Ridge boards about $2.50. The delivery to the school will likely cost $5.00 and the tender received and accepted for the labour is $18.00- putting them on in all approximately ,80.00. MEMORANDUM:

THE DIRECTOR

I beg to submit the following report on my inspection of the Georgina and Snake Island Agency.

x x x

The one day school on the reserve was visited on the 6th of September. There were 18 pupils present. Some families had not returned to the reserve for school opening.

The school building is in good condition, with the exception of the entrance steps which are badly worn and should be replaced. This could be done by an Indian for about $10.00.

The interior walls and ceiling should be painted; they are very dingy and depressing. The ceiling and walls three-quarter way up are metal-sheeted. The cost of material and labour would not exceed $75.00.

No. 1 Resolution Passed.

Moved by Leslie McCue, seconded by Tom Porte and confirmed that we build a new lavatory for the school. Material and labor to be paid for by the Educational Department. Tenders to be received by the council for the labor.

I recommend that this resolution be granted as the old building is in a state of collapse.

Resolution #5.

In view of the fact that the stone curbing on the school well is not in good or sanitary condition. We, the council, request the Educational Dept. to purchase 15 ft of cement curb. to be installed and that labor and transporting of same be paid for from the Educational Dept. By motion of Lis Joe Cue and H. Charles. Carried.

" — " — "

This well has a good stone curb but needs to be pumped dry and then cleaned out and a new plank top put on well and would recommend that cement be used to bring curbing above the ground level. This could be done with one quarter the cost of installing cement tile.

Dear Sir:-

When Mr. Oneil was here on May 5th, and we called at Georgina Island day school, he recommended that the interior of the school be painted, as it is badly in need of same. If this is to be done, it should be painted during the holiday season. It would require two coats; the cost being approximately $65.00 for paint and labor.

Georgina Island. January 16, 1948.

Resolution #4.

Moved by Les. McCue, sec'd by W. Charles that the Educational Dept. be requested to approve of an expenditure to wire the day school of Georgina Island for lighting as on dark days it is difficult for school children to see properly.

The Delco plant on Georgina Island has given quite a lot of trouble the last few years. It was never big enough for what it had to do and if this school is wired there should be a new Delco system.

EX'D.
A.

Mr. W.J. Lyons, Indian Agent,
Virginia, Ontario.

We have your letter of the 16th ultimo with reference to wiring the Georgina Island School.

Owing to lack of funds it is not possible to authorize this expenditure at the present time. You might make further inquiries and ascertain what it would cost to wire the school and also the cost of supplying a new Delco plant. This information should reach us about April 1st and your request will then receive further consideration.

However, I am not in a position to promise definitely at the present time that we will be able to make these changes.

I have to make the following report, that our school has been closed on the 29th Oct last, and ever since that the school is continuance closed. I feel depressed to think that our children have lost the best hours of the season - for going to school. I may also add that the last year the Missionary Society appointed to a man who is not able to teach, so the whole year was lost without any result to the benefit of our children.

Permit me to advise the Indian Dept. to use your esteemed influence to advise the Missionary to pay attention into the matter.

I also reported to the Indian Supt Birtle at Shoal Lake, about the matter. And I herewith enclose a copy of this report. But I do not see or any more definitely of this report.

Sir,-

Since Mr Kaiewasser, the former teacher at Gibson, resigned his position, I have failed in securing a suitable man to take his place. Within the past few days a mixed breed of the St Regis band, Thomas Whitebeans by name,, whose address is Hogansburg, N.Y., has been recommended to me as a person well qualified to take charge of the Gibson school. Whitebeans spent five years at the Hampton Indian Institute, and another year at the French Institute in Montreal. He does not hold a Certificate, but is said to be well grounded in those branches that would need to be taught in a school like that at Gibson. He is also recommended as a man of unblemished character, and as the Iroquois is his mother tongue, it is thought that would recommend him to the people at Gibson. If the Department approves, the experiment might be tried for the remainder of this year. I understand that in certain cases the Department allows an examination before an Indian Agent or School Inspector on the strength of which, if successful, the party may obtain a Permit to teach an Indian school. Doubtless the Department can obtain direct information from the St Regis Reserve concerning this man. Should the Department approve of the proposed experiment, I would be glad to be informed.

Dear Sir:

We write on behalf of many children of this Gibson Reserve. The situation is this. The school building is situated in the centre of the Reserve and we do not wish it touched. But the majority of the children now on the roll, and nearly all of those of younger years, come from a settlement about five miles away. In rough weather or bad roads, it is impossible for them to come to school.

In the midst of the latter settlement is the Methodist church, which the Church authorities open to the Department if they will use it for school purposes. The present regime is that you will grant permission to the teacher to teach part of his time in the church and part of the time in the school, alternating say each day, a week or two weeks, in each place, whichever is found best.

The teacher agrees to this and thinks it

it will enable him to have larger & more regular attendance.

The parents of the little children near the church are so earnest in the matter that they offer to bear part if not all of the expense of the extra supplies that the change will require

Please let us restate in brief:

We do not wish present school building touched.

We want to see all the children, especially the little ones have a chance.

The church is open to us, let us use it.

The teacher is paid by you, wishes to continue his teaching.

Then let us have some teaching at each place, time and amount settled by yourself.

Trusting that you will give this matter your considerate attention, we are, dear Sir,

Yours respectfully,

Sir;-

In reply to your letter of above date which refers to the petition of some of the Gibson Indians to have the school held for a portion of each year in the schoolhouse and the remainder of the year in the Methodist Church which is located at Sahantien P.O. on the reserve,I beg to say that on my recent visit to the reserve I discussed this matter with Chief N. Commandant and several other head men of the band and have come to the conclusion that it would be advisable to make the change above referred to. I informed them, however, that I would not be in favor of making any change until after July 1st next. In making the proposed change I would suggest that the school be held in the Methodist Church from July 1st next to December 31st after which school would re-open at the schoolhouse for six months; in this way the winter weather would be about evenly divided between the two sections of the reserve. I informed the chief that the continuance of the proposed change would entirely depend upon the manner in which the children attended.

If my suggestion meets with your approval in this matter I will be pleased to receive your instructions and inform Chief Commandant that it has been decided to hold the school in the Methodist Church from July 1st to December 31st and from January 2nd to June 30th in the Schoolhouse.

Dictated - Dr. S. Toronto, Sept 8th, 1906.

Dear Sir,-

Referring to your letter of September 5th 1906, #152195 stating certain circumstances connected with the Indian Day School at the Gibson Reserve, I beg to say, - First, that Mr. Kendall is a new Missionary-Teacher sent to that point about two months ago. Second, any changes that have been made in regard to the school, such as holding the sessions half a year in the church and the other half in the school-house, have been made without any reference, as far as I am aware, to this office, either by the missionary in charge or the Department.

Under existing arrangements between us and the Department it is our understanding that both school buildings and school furnishings are supplied by the Department. If the Rev. E. R. Young or Mr. Kendall undertook that the Indians should supply the necessary apparatus, it was done on their own initiative without any instructions from or correspondence with us.

I would gladly help to straighten out the matter, but Mr. Young is no longer in that part of the country, having been moved, in accordance with the usual custom of our Church, to another charge. However, I will write to the Rev. C. W. Watch, Chairman of the District, resident at Huntsville, and will call his attention to the matter.

Hoping that everything may be satisfactorily arranged, I am,

Sir,

Referri ng to your letter of Sep.19.1906.152195/1, we desire to lay before you the following reasons why the school at Gibson should be held in the school-house as heretofore:

1 .In 1881, month of December, we held a Council and examined the Reserve and found that the middle of the Reserve would be the place where the school-house is now built, and the nature of the Reserve has not changed since. The Government gave money to build the school there.

2. As pupils have to walk to the school-house where it stands none have to walk more than 2½ miles, and only one family that much.

3. Now that the school is moved to the Church some have 3½ miles to walk. Indians are not much interested in sending their children to school, and will not send them when they have to go long distances.

4. Children who have not attended school for half a year owing to distance, will forget what they learned during the half-year they attended.

5. We still ask that the Government Agent may attend our Council on Monday. Oct. 1st to speak mouth to mouth with us, as this alteration in school arrangements took place without consulting the Band.

Signed on behalf of the petitioners of Aug.16.1906.

The Acting Deputy Superintendent General,-

With reference to the matter referred to by Mr. Arnold, Barrister, in his letter addressed to the Hon. A. B. Aylesworth, I beg to say that on January 26, last, a request was received, signed on behalf of many of the parents on the Gibson reserve by the Chief, Napoleon Commandant, E. Ryerson Young, Superintendent of the Methodist Church and Thomas Whitebeans, the teacher, asking that school be held for part of the year in the school-house, which is situated on lot 11, in the 5th concession, and for the balance of the year in the church on lot 13, in the 6th concession, the distance between these two points being a little over a mile and a-half.

This matter was referred to the local superintendent for report, who, after making enquiries, recommended that the request be granted and that the school be held in the church from July 1 to Dec. 31, and from Jan. 2 to June 30 in the school-house, and this recommendation was approved, conditional on the manner in which the children attended .

On the 16th ult. a petition was received from certain Indians of the reserve, protesting against the new arrangement. These Indians were informed that, in view of the facts as presented to the Department, the arrangement would have to stand. Further protest was received on the 6th inst. from Simon Corinthe and Francis Decaire, asking for an investigation into this matter.

They were told in reply that, unless some good reasons could be shown to the contrary, no xxx change in the present arrangement could be made. On the 24th inst. these same Indians gave their reasons for their protest, which was based on the distance that some of the children would have to walk to attend school in the church, and they asked that a government official be authorized to attend the council to be held on the 1st prox. to discuss the situation.

I find on referring to the old files in connection with the school on this reserve that, as far back as in 1892, the Indians petitioned to have the change made which has just been inaugurated, and Mr. Walton, who was then Indian Superintendent, reported that, while he was not sure that it would be advantageous to hold school for six months in the year in two different localities, he was of opinion that the church was the most centrally located place on the reserve for holding the school. The matter was allowed to stay in abeyance until the prbent time.

Upon referring to the plan of the Indian reserve in the township of Gibson, I find that locations have been issued for certain lots from the 1st to the 11th concessions, the bulk of which locations are taken up north of the 6th concession. The number of children of school age on the reserve is given as about 40, and if the children are in proportion to the locations tickets issued, more than half that number would come from above the 6th concession. The enrolment for last year varied from 18 to 32, with an average attendance of 10. Upon referring to the accompanying blue print you will see that no matter in which place the school is held some of the children will have a considerable distance to walk

and as most of them come from north of the 6th concession the larger number will benefit by having the school in the church. For this reason I would suggest that the present arrangement be given a fair trial.

Dear Mr. Aylesworth:-

I have been consulted by some of the residents of the Gibson Indian Reserve respecting the Removal of the school House to the Methodist Church on the opposite end of the Reserve. The school House is located on lot number 10 between concessions 4 and 5 and as I am informed and believe from my knowledge of the locality, located in about the centre of the residential part of the reserve. The residence of the teacher is on the opposite side of the road and near by the school House. The fartherest that any pupils have to walk to reach the School House is 2½ miles and the average about 1½ miles. On the other hand a few of the pupils have only about 1/4 mile to attend the School at the Methodist Church while the teacher has to travel two miles and some of the pupils as far as four miles. These being the facts it looks as if there had been some error of judgment or information by some person in authority authorizing the change. The matter has caused a great deal of discontent on the Reserve. The Indian Council Meets on the first Monday in October and they contemplate passing a resolution to transfer the School back again, which will no doubt make further friction. Will you kindly transfer this complaint to the proper Department of Indian affairs whereby it may be investigated and oblige?

Thanking you in anticipation.

Yours truly,

O. M. Arnold.

Dear Mr. Arnold,-

Your letter of the 31st inst., addressed to the Honourable Mr. Aylesworth, Minister of Justice, respecting the removal of the Gibson school from the school-house to the Methodist church has been transferred to this Department.

In connection with this matter I beg to say that the present arrangement for holding school six months in the year in the Methodist church and six months in the school-house was arrived at on representations made to the Department that a number of the younger children on the roll came from a settlement near the church and too far away to attend at the school-house, and that it would be only fair to give them an opportunity of obtaining some education.

There are about forty children of school age on this reserve, and, owing to the way the Indians'

locations are scattered over the reserve, it would not be possible to place a school-house where they would all be within a reasonable walking distance. This being the fact, the Department decided to accede to the request of certain Indians to try the experiment of having the school conducted from July to January in the church and from January to June in the school-house. The school-house will have the longest school term, as the holidays will come out of the church end.

The Indians have been pressing for this change for the last fifteen years, and as it was impracticable to have two separate schools on the reserve, the Department sanctioned this arrangement, which should work successfully, if it received the co-operation of all the Indians. Nearly all the Indians protesting against this arrangement are Indians who have no children of school age. Out of seventy-four locatees on the reserve, forty have taken up land north of the fourth concession.

Trusting these explanations will prove satisfactory, I remain,

Yours truly,

T D McLEAN

Acting Deputy Supt. General.

Sirs,-

I have to acknowledge the receipt of your letter of the 24th ult., giving your reasons why the school should be held in the school-house all the year round and not alternately in the church and school-house, as at present arranged for, and in reply I beg to say that this arrangement was determined upon after due consideration by the Department, as some of the children on the roll came from a section near enough to the church but toofar away from the school-house for them to attend, and it is only fair that they should have an opportunity of obtaining some education.

Owing to the scattered locations, it would not be possible to place a school-house where all children of school age would be within a reasonable walking distance. As you are aware many of the Indians have been pressing for this change for a number of years, and as it is impracticable to have two schools on the reserve, the Department sanctioned this arrangement, which should work successfully if it receives the co-operation of the Indians.

It is noticed that nearly all the Indians protesting have no children of school age.

Dear Sir:

With reference to the letter of the 1st inst., addressed to you in the matter of transferring the Indian Pupils from the Sarnia Reserve to the Sarnia Public Schools, I beg to say that the Indian Pupils have been treated the same as any other pupils in the Public Schools, and have received the same attention as any other pupils. I am pleased to say that they are getting along nicely, and are quite as far advanced as the average pupils in the Public Schools. I am in favor of the Indian children attending the Public Schools, but would like to see a new Public School built at the nearest point to the Indian Reserve, as the present building is altogether inadequate to accommodate the pupils. I would be pleased to have the matter taken up at once, as I am anxious to have the Indian children get the benefit of a better education.

I remain,
Yours truly,

Sir

I have the honour, to bring before your notice a few lines to you and I ask you a small favour, that is that the officers concerned look into and consider after the interest, and welfare of the Indians, especially in the matter of education, and as indeed I suppose that the Indian Dept have arranged to have the school held alternately in this Reserve & that in my investigating as to the value of the Reserve neither considering the majority of the Indians who have the most children of school age I i.e. on Lot 16 C 5 on which is 1½ mile from my place to the school house, and then from my place to the other [illegible] would have no satisfaction reason in why the school should be removed to that distance, and of a child of school age, which the Indian have interest to make little advance in the line of education, and considering that the children can't go to school all year round, on account of bad roads part in the winter, so they have only chance of going to school while in good season, and on that consequence permit me to advise the Indian Dept to come step in more intelligent & careful consideration, as it is the only way to relieve the complaint not only from me, but the majority of the Indians here

Sir,-

I have to acknowledge the receipt of your letter of the 9th inst., protesting, for the reasons stated therein, against the removal of the Gibson school from the old school-house to the church, and in reply I beg to say that, as it is only intended to hold the school alternately in the church and school-house, half the year at each place, the Department is not now prepared to disturb the present arrangement, as it considers it should be given a fair trial.

Upon examining the map of the reserve and from information obtainable in the Department, it is considered that your children will not be inconvenienced by the change, as they are, if anything, nearer the church than the old school-house. We understand that there is a road leading almost directly from your lot to the church. Judging from the returns, which have been carefully examined, for the past two years, you have evidenced no anxiety for the education of your children, as their attendance has been most irregular at the old school-house. For some quarters none of your children attended at all, while for others the average was exceedingly small, and it is a question whether the Department will not be compelled to enforce the regulations in the case of your children.

Sir Schools

I beg to acknowledge the receipt of your letter of the 23rd Ult, and in reply, permit me to say that the Indian Dept has obtained some misrepresentation of map of the Gibson Reserve in regard that there is a road leading directly from my lot to the church, which I herein enclosed please find drawing the Gibson settlement which is the only possible way I can mail to the Indian Dept the nature of the settlement, marked every house, and all the roads that are cut, the road you talked about was a trail cut by the squatters over twenty years ago from my place on lot 16 Con 5 thence to lot 13 Con 5 and to the church, or else the children can go up in a canoe and make some portage, which is more shorter then, and also that The Indian Dept has evidenced that I have no anxiety for the education of my children, how can I sent my children to school, when they are not school age yet, now is the time I have few children of the school age. Hoping that the Indian Dept will take steps in some ways change the arangement,

Dear Mr McLean:-

Reverting to your kind letter of September the 29th last respecting the complaint of certain Indians about removal of the School from the School House to the Methodist Church on the Gibson Reserve, I beg to say that I delayed acknowledging owing to waiting report from the Indians complaining. Enclosed herewith you will please receive an accurate a statement of the children of school age as I was able to obtain. It shows where they reside and the distance each location is from the School House and from the Church. One child, daughter of Peter Stock, mentioned in the list has been sent to the Bala school by her father on account of it being too far from the Church. I am advised that the school-house is built on lot 11, Concession 5 and that the Church is built on lot 13, Concession 6. Louis White used to live on lot 13, Concession 8 but now resides on lot 14, Concession 6, having left his old place about ten years ago. I also enclose you a copy of the resolution passed by the Gibson Council on October the 6th,1906. The change of the school has engendered a considerable amount of bad feeling between the Indians on the reserve that perhaps should be investigated by the Department before it leads to further trouble. I also enclose you a list of the Indians favorable to the School House and names of those favorable to the Church. Although outside of two or three families a comparsion of the names submitted does not appear to show any considerable amount of injustice at the present arrangement I consider that the present state of feeling existing between the Indians over the matter warrants the Department in holding some further investigation with a view of terminating the dispute. The Indians opposing the Change are still pressing their point and in consequence I would be much pleased if you will kindly advise and say what steps,if any, the Department will take looking towards a better adjustment or at all events an amicable settlement of the dispute.

Yours truly,

O. M. Arnold.

Dear Sir:- - No. 158195/1.

Permit me to thank you for your favor of the 14th inst., respecting the Indian School on the Gibson reserve and intimating that endeavor will be made by the Department to arrive at some amicable settlement of the difficulty before the 30th of June next. This appears to be satisfactory. I have communicated same to the complaining Indians and have advised them to let the matter rest in that way. I apprehend the meaning of your letter is that investigation will be made by the Department early in the new year. The representative of the Indians complaining is Mr. Francis Legoine, who speaks very good English and I would suggest the advisability of a conference with him as well as the other party when the investigation is being made, and I would also request you to kindly keep me informed of progress. Rev. Sir,-

As you are aware there is considerable dis-satisfaction among some of the Indians on the Gibson reserve, regarding the present location of their school, to overcome which the Department sanctioned the experiment of holding the school for half the year in the school-house and the other half in the church, but this arrangement does not seem to have satisfied either section of the community, who claim that their children are debarred from attending more than half the year owing to the distance they have to walk to the school.

The Department would like to accommodate all the Indians, if possible, and would be glad to have your views as to what possibility there is of obtaining this result.

Rev. Sir,-

Complaints have from time to time been received regarding the inefficiency of the Gibson school, which is conducted under the auspices of your Society. The school is ostensibly under the charge of the Rev. Mr. Kendall, the Missionary, but is actually taught by a Miss Lucinda Jamieson, who, the Indians claim, is a failure.

When the Rev. Mr. Ferrier was in Ottawa lately, the inefficiency of this teacher was brought to his notice, and he suggested that, as he had not had an opportunity of visiting this reserve, you should be communicated with on the subject. The Department considers that Mr. Kendall should either teach the school himself or engage a competent teacher with higher qualifications than a High School Entrance certificate, which is all that Miss Jamieson holds, and would like you to take the necessary action to secure the services of a competent teacher.

Dear Dr. Sutherland,- Re Gibson School.

I duly received your letter of the 17th instant. The Department appear to be under a misapprehension with regard to this school. Miss Jamieson has not been teaching since the end of last school year. The present teacher is Miss Margaret Smellie of Fergus, Ont., an excellent and superior young woman, (English Canadian) who holds a second class, non-professional certificate. I do not suppose the school has had a better teacher for many years.

I consider that Miss Jamieson taught as well as a teacher holding a High School Entrance Certificate was likely to teach. The conclusion come to that the school was ineffieient because certain Indians thought so seems a little open to objection. The Inspector did not visit the School during the school year 1906-7, and the opinion as to inefficiency does not appear to have been expressed by any person very competent to judge. Miss Jamieson was teaching at a time when there was considerable party feeling amon ghe Indians regarding the removal of the school to and from the church, and the adverse reports arose out of this.

The Department should recognize that it is very difficult to secure a high class teacher for such a lonely place.

The Department would probably ascertain from the Inspector's last Report that the school equipment was poor, and they know from my Reports that the

In connection with previous correspondence relative to the school on the Gibson reserve, I beg to say that the Department understands that Miss Smellie, who has successfully taught this school for some time, is leaving and that the Indians are sorry to lose her services.

If this information is correct, the Department would like to know if it would not be possible to retain Miss Smellie's services, as it is a difficult matter to secure a competent teacher for such an isolated locality. As Mr. Kendall is not actually teaching this school, the Department considers it should at least be consulted in regard to the appointment or dismissal of teachers.

Dear Sir:-

Referring to your letter of the 29th instant, No. 152195/1, respecting the teacher of the Indian School on the Gibson Reserve, I beg to say that I had no previous intimation of Miss Smellie's intention to resign from the school. In so small a Reserve as that of Gibson we expect the missionary to teach the school as well as conduct the various religious services. Mr. Kendall was aware of this, but desiring to devote all his time to the religious side of the work, and being a man of some means, he engaged a competent teacher who received the salary paid by the Department, and Mr. Kendall's income was reduced by that amount. At the present time Mr. Kendall is on the ocean, having been called to England by the serious illness of his mother, but I will communicate at once with the Chairman of the District and will do the best I can to have Miss Smellie continue in charge of the school. As soon as information is received I will communicate with the Department again.

Dear Dr. -

I am enclosing with this the application of Miss Robbins for the position of teacher at Gibson, also her testimonials I have wired her not to report for work until September 15th as the doctor has had all services withdrawn now for some time owing to diptheria on the Reserve and he has notified me that the school must not open until the 15th.

I understand the difficulties re appointment of teachers but the securing of a second-class professional is out of the question. In fact I would be pleased to be freed from all responsinility re the engagement. Miss Robbins is the only teacher in view who has had any experience, and the Inspector who called on me to-day in realtion to the school, was pleased she had accepted, but said he was very much surprised she was willing to go into the Reserve. There are no scholars in advance of the Third Book, and the isolation is trying on any person. Mr. Powell, the Inspector, said, A Second-class teacher was certainly out of the question. No such teacher could be secured for less than $450.00, and they had never had such a teacher. Miss Smellie had no certificate at all, simply a permit. This is the same as Miss Robbins. I might say Miss Robbins has proceed in High School very near to Junior leaving standard.

I should like very much to know if I am to retain Miss Robbins. If not, I suppose I shall have to compensate her in some way, for I have really engaged her knowing to difficulty of securing teachers. To have waited to have forwarded the application would have prevented the engagement.

In our town school after much advertising and offering $400.00 salary upon the receipt of the first application, the person was wired an engagement for fear she would accept another position.

Please let me hear early.

Yours sincerely,

Dear Sir,- Re Teacher Gibson Indian School.

I have been advertising in several papers and corresponding in different directions with a view to securing a competent teacher for the above school, and the most promising application I have received is that of Miss Mary E. Robbins of Fairholme, Ontario, whose testimonials I enclose, and also a letter from the Rev. C. W. Watch, of Huntsville, Ontario, commending her case to favorable consideration. I also received a letter from Mr. Watch mentioning various reasons why he did not think it advisable that the former teacher should be continued. As to qualifications the former teacher and the present applicant are upon an exact equality; that is to say, neither of them hold a certificate from any recognized institution, and as Miss Smellie taught under a permit, the same authority would have to be given in Miss Robbins' case should she be appointed. You will notice in the letter from the Rev. Mr. Watch, a statement of his conviction that it is simply impossible to secure a teacher holding a second-class professional certificate for the salary which is now paid. It is evident from Miss Robbins' testimonials that she has given good satisfaction to the trustees of schools where she has taught, and I trust the Department will consent to her employment at Gibson, at least for the time being until we can reach some arrangement whereby it will be possible to secure teachers of a higher grade.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 14th inst., recommending an increase of $50 in the salary of the teacher lately appointed to the Gibson school on the ground that she has similar qualifications to the teacher of the Saugeen Indian Village school.

In reply I beg to say that the applications on file show that Miss Spurrell, of the Saugeen school, has her non-professional certificate and was only prevented from attending a normal school on account of her age, being below the limit; while on the other hand Miss Robbins did not complete her course for a Junior Leaving certificate from the High School.

In view of this fact the Department considers that the salary paid Miss Robbins is fair in the meantime till it has an opportunity to judge of her suitability for the position.

DEPARTMENT JAN 22 1909

Dictated - Dr. S. Toronto, January 21st, 1909.

Dear Sir,-

I am just in receipt of a letter from the Rev. C. W. Watch of Huntsville, Ontario, conveying the information that Miss Robbins , who had been for some little time teacher of the Indian School had suddenly made up her mind to give up the post. I enclose a copy of her letter to Mr. Watch from which you will see that the ostensible reason for deserting her post so suddenly is a report which had reached her to the effect that Chief Commandant had written to the Missionary Society accusing her of faults, with the object , she believes, of securing her dismissal, and the re-appointment of Miss Smellie. No communication from Chief Commandant has reached the Mission Rooms, though for aught I know he may have written to the Department on some such line as Miss Robbins supposes. It is evident, however, that she is influenced by other reasons, some of which are not specifically mentioned, and it would be useless to retain the services of a teacher who is so completely dissatisfied with her position.

I also enclose a letter from Miss Mary L. Decaire, a daughter, I believe, of the former chief, applying for the position of teacher. I have no information respecting her qualifications except what is supplied by Miss Robbins and by Miss Decaire's own letter. The latter indicates that her knowledge of English is very defective, and if it was deemed advisable to employ her at all, I think it should be only as a temporary supply until we can make better arrangements.

I will be glad to be informed what you think of this suggestion, and in the meantime will do my best to find a fully qualified teacher who may be sent with the approval of the Department.

Huntsville,

Dear & Respected Sir:-

I venture again to take the liberty of asking you to favor, by recommending me of taking the Gibson School, which is about to be vacant, on account of Miss Robbins discharging it.

I passed Senior Fourth and want to six months at Brantford Business College, and as you are all well known that the scholars of this school is not any higher than Junior Third, so I feel quite confident I can make them little headway.

Although I am aware you must have many applications of this nature, I cannot resist taking the chance of its being in your power to do something for me, in this way.

Trusting to hear a favorable reply,

I remain,

Sincerely Yours,

(Signed) Mary L. Beaulre.

Dear Sir:-

I scarcely know how to begin this letter but I may as well tell you at once that I am leaving the Gibson Reserve School on Friday prox. I am sorry I could not let you know sooner but I did not make up my mind until to-day, but as there was no agreement to stay a stated time after giving my resignation, I am not breaking my word. I sincerely hope that you will have no trouble in getting a teacher at once to take my place. Miss Decaire, who has a fair education besides a Business College course, and who has had a little experience in teaching is willing to take the school till Easter providing you are willing. I think I can recommend her to be a good substitute. She is writing you by this mail and I think she would take the school at once if it is agreeable to you and all concerned. I came back here to teach at the New Year and thought I could content myself till 1st of July. Just this week I heard that Mr. Commandant, the Chief had written to the Missionary Society accusing me of faults of which I am not cognizant, in order to get Miss Smellie, (their former teacher) here again. I have conscientiously tried to do my best since coming here and I feel that I could not put up with unjust accusations from anyone, not even the chief. Then another "con" is that I am boarding too far from the school and could not walk that distance in the winter. Decaires, (where I board) have been as kind to me as I could wish them to be, but I thought I was going to board at the Parsonage, or I believe

I would not have come at all. I understood my salary would be $300. a year at the rate of $30. a month for ten months. Well I only receive $25 a month, and, as yet have not received my salary for the last three months' tuition. I would not mind waiting a week for it but I do not like to wait a month. I had no idea that circumstance would be as they are, when I decided to return in Jan. I am not blaming you for anything Mr. Watch for you have been very kind to me, but I have written all this just to let you know how I feel about it for I thought an explanation was due you.

I just feel that I cannot stay longer than this week, and I will try to get a school among white people as soon as possible, but never among Indians again.

With many thanks for past kindness, I will close.

I remain,

Yours very sincerely,

(Sdg.) Mary E. Robbins.

Rev. Sir,-

I have to acknowledge the receipt of your two letters of the 21st inst., with inclosures, relative to the Gibson school, and in reply I beg to say that, as regards the appointment of a new teacher in place of Miss Robbins, the Department trusts that you will be able to secure the services of one who will make a success of this school.

In the meantime you may use your own judgment as to the temporary filling of the vacancy. There should, however, be no misunderstanding that when a qualified teacher is secured any temporary appointee is to make way at once.

Dictated - Dr. S.

Dear Sir,-

On the 21st of January last I wrote you respecting the resignation of the teacher of the Indian School on the Gibson Reserve, and suggested the temporary employment of Miss Mary L. Decaire, until we could find a competent teacher. In due course I received your reply, dated January 27th, No. 152195/1 requesting me to use my own judgment as to the temporary filling of the vacancy. I communicated these facts to the Rev. C. W. Watch, of Huntsville, who has oversight of the work in that District, and subsequently sent him an application from Mr. George Snider, of Napanee, enquiring, at the same time, if he considered the qualifications of this teacher as suitable for the Gibson School. I have a letter from Mr. Watch this morning in which the following occurs:-

INDIAN SCHOOLS BRANCH
MAR 11 1909

> Mr. Snider's standing appears to be all right, but you may judge of my surprise when I reached Gibson to find that the Indian Agent had sent in a teacher on the Friday before. He had been advertising in the "Globe" and had secured a Miss Maud C. Forrest, aged nineteen, holding a district permit, had never attended even a model school. I saw his letter appointing her at $300 (Three Hundred Dollars) a year. I judged it best not to say anything but report the matter to you."

Mr. Watch is of the opinion that a married teacher would be best for Gibson, and I quite concur in that opinion if one can be found possessing suitable qualifications. In the meantime I enclose a copy of Mr. George Snider's (of Napanee) application, from which you may judge of his qualifications. In view of Miss Forrest's age and want of training I can hardly suppose that she will be regarded as permanent.

Memo.

The teacher of the Gibson Indian school resigned in the early part of January, last, and on the 27th of that month Dr. Sutherland was written to and asked to try to secure the services of a competent teacher.

He received an application from a Mr. Snider, who, judging from his certificates and experience, should be a capable teacher. He is also a married man.

In the meantime the Superintendent, Mr. Macdonald, advertised in the Globe for a teacher and subsequently engaged Miss Forrest. She is young, nineteen years of age, and inexperienced. This action was taken by the Supt. without any authority. He is evidently unaware that the nomination of a teacher for this school rests with the Methodist Church, and in any event he exceeded his powers.

The last paragraph of Dr. Sutherland's letter intimates that the Department will probably consider Miss Forrest's appointment as only temporary. The question arises as to what extent the action of the Supt. has compromised the Department. I think we could hardly dispense with her services before, say, June 30, next. I would suggest that Dr. Sutherland be written to and asked to ascertain whether Mr. Snider's services would be available to take charge of the school after the summer holidays and, if so, notice can then be given Miss Forrest.

Affairs at this school have not been satisfactory

Rev.- Sir,-

I have to acknowledge the receipt of your letter of the 8th inst., inclosing a copy of an application made by Mr. George A. Snider for the position of teacher at the Gibson Indian school and stating that (altd) school is at present under the charge of Miss Maud O. Forrest, who was appointed to the position by Mr. Supt. Macdonald.

In reply I beg to say that action was taken by Mr. Macdonald in this case without authority. The Department regrets that he made this appointment without consulting with you but it does not propose to be bound by his action only in so far as may be necessary to deal justly with Miss Forrest.

It would appear that Mr. Snider is a suitable man for the position and the Department would like to know, when it was intended that he should take charge of the school, as some satisfactory arrangement can no doubt be made with Miss Forrest to give up the school when he is ready to take charge.

The Department is advised that you have appointed Miss Maud C. Forrest as teacher of the Gibson Indian school.

In this connection I beg to say that action ought not to have been taken by you without consulting the Department. As you are aware this school is conducted under the auspices of the Methodist Church and the prerogative of nominating a teacher rests with that body.

Rev.Dr. Sutherland has received an application from a Mr. Snider, who is a qualified and experienced teacher and a married man, and the Department is favourable to his appointment. You should give Miss Forrest to understand that her appointment is only temporary and, should Mr. Snider decide to accept the position, no doubt some satisfactory arrangement can be made with her to give way to him.

I quite concur in the opinion that inasmuch as Miss Forrest has received the appointment, at least for the time being, she should be treated fairly, but as it was not our expectation that Mr. Snider, if appointed, should begin his duties before midsummer, say the first week in July, perhaps matters will adjust themselves by that time and the way be open to make the necessary change.

In the meantime things will have to remain as they are.

The Deputy Supt. General,-

Mr. Supt. Macdonald has forwarded several letters in connection with the Gibson school. This is recognized as a Methodist school and a vacancy having occurred the Superintendent appointed a Miss Maud C. Forrest without consulting the Department or the Church, although the Department was in communication with the Rev. Dr. Sutherland in reference to securing the services of a competent teacher for this reserve.

Dr. Sutherland was advised of the situation and expressed his willingness that Miss Forrest should remain on till the end of the school year, June 30, next. This arrangement was apparently satisfactory.

The correspondence forwarded by the Supt. indicates that trouble has arisen between the teacher and the wife of the resident missionary, Rev. Mr. Kendall, which will most likely result in the teacher's resignation being sent in, ~~which~~ necessitating the closing of the school or the employment of an uneducated Indian boy. The whole trouble on this reserve seems to be that the resident missionary is married to an Indian woman, who makes herself most officious and overbearing. Mr. Kendall, although not ~~actively~~ actively engaged in the school work, is nominally the teacher. He signs the returns and draws the salary. It is time that

anomalous state of affairs should end and that the offices of teacher and missionary should be separated.

There is nothing in the correspondence that would justify the Department in calling for Miss Forrest's resignation and rather than that the school should be closed it would be well to ask her to remain on till the end of the quarter and the Methodist Church should be requested to nominate a teacher whose time would be devoted to that work alone, to take charge after the summer holidays.

My dear Sir,-

In a communication just received from Rev. C. W. Watch, of Huntsville, who has the oversight of the Indian Mission at Gibson, he informs me that Miss Forrest, the teacher recently appointed, has given him a month's notice of her intention to leave the school. Knowing the disadvantage it would be to the school to be left even for a time without a teacher, Mr. Watch has asked Miss Forrest to continue teaching, if possible, till the end of the school year. In taking this course Mr. Watch has no intention whatever of interfering with the action of the Indian Agent, but is simply trying to meet an emergency that has arisen.

We are obtaining information wherever possible with the hope that in due time we may be able to submit a name to the Department that will be in all respects satisfactory.
